NOTE—In case of a Private Road, the reward must be exercised in favor of the petitioner, not said road.

Also—Viewers will carefully note the number of days employed and set the amount out at the foot of their return. Viewers must estimate the value of damages assessed by the jury, and set the same at the foot of their return. If the damage is estimated so far as the location may be changed by the view, set the same at the foot of their return.

N.B.—If the viewers believe the parties are not entitled to damages, taking into consideration the advantages as well as the disadvantages of the road, they will report to that effect.

CLEARFIELD COUNTY, SS:

At a Court of Quarter Sessions of the Peace of the county of
Clearfield, held at Clearfield, in and for said county, on the
day of April, A. D. 1888

before Judges of said Court, upon a petition of sundry inhab-
itants of the township of Cornington, in
said county, setting forth that they labor under

great inconvenience for want of Public road in said
Township from a point in Public road at or near
R. E. Reiter's Store to a point at or near the N.E. Corner
of John B. Reus intersecting a public road known
as the Askey road

and therefore praying the Court to appoint proper persons to view and lay out the same
according to law, & make report to June Term

whereupon the Court, upon due consideration had of the premises, do order and appoint

Willard L. Read Paul Moore Lawrence Flood
who, after being respectively sworn or affirmed to perform the duties of their appointment
with impartiality and fidelity, are to view the grounds proposed for said road, and if they
view the same and any two of the actual viewers agree that there is occasion for such road,
they shall proceed to lay out the same agreeable to the desire of the petitioners, as may be, having
respect to the best ground for a road and the shortest distance, and in such manner as to do
least injury to private property, and state particularly whether they judge the same necessary
for a public or private road, together with a plot or draft of the same, with the courses and
distances and reference to the improvements through which it passes, and shall also procure
releases of damages from persons through whose lands said road may pass, or failing to
procure such releases, shall assess the same, if any sustained, and shall make report thereof
to the next Court of Quarter Sessions to be held for the said county, in which report they shall
state that they have been sworn and affirmed according to law. Notice is directed to be
given to the owners or occupants of seated lands through which the within road is intended
to pass, of the time of the view, according to the 14th Rule of Court.

BY THE COURT

James K. Orr
CLERK.

Exceptions filed 22^d May 1883
Remonstrance filed at Confirmation this

And now 20th July 1883 Petitioners by their
attorney, agree to withdraw the proceedings
in the case of said Report of views. for the
following reasons
1st. The petition prays for a view beginning

petition. Thus locating the road on difficult grounds to make, as well as inconvenient for Joseph Dalmonst and inaccessible to the aforementioned settlers for this reason if the road is confirmed it will not afford the conveniences prayed for and intended by petitioners

2^a Through an oversight in the person drawing the petition, it is fatally defective in that it does not mention the townships in which it is asked to be located as per Resolutions of 15th May 1883.

3^a The owners were interfered with whilst locating said road and fixing the terminuses by Geo. B. Reno who prevented the location as prayed for by petitioners

at a point at or near R. L. Reutis
Store on the turnpike and terminate at
the North West Corner of John B. Reno's
lands known as the Joseph Royer farm
intersecting the Askey Road at same point

The reason for designating this particular
point of terminus was to afford Joseph
Vallinont and four or five adjoining
settlers a direct outlet on the proposed
road -

The viewers made the North West
Corner of John B. Reno's lands, not the
Joseph Royer farm, the terminus. by so
doing they locate the view nearly half a
mile N. W. of the point designated in the
