NOTE.—In case of a Private Road, the release must be executed in favor of the petitioner for said road.
Also—Viewers will carefully note the number of days employed and set the amount out at the foot of their return.
Reviewers cannot interfere with damages assessed by the original viewers, except so far as the location may be changed by the viewers.
N. B.—If the viewers believe the parties are not entitled to damages, taking into consideration the advantages as well as the disadvantages of the road, they will report to that effect.

16th day of *Sept*, A. D. 1885,

before Judges of said Court, upon a petition of sundry inhab-
itants of the township of *Morris*, in

said county, setting forth that a road has been

long since laid out from the Corner of *dt*
Warrig barn to the Old State road on *das*
Maples farm which road beginning as aforesaid
and ending as aforesaid is about $1\frac{1}{2}$ miles
in length and 16 feet in width and runs
over hills & through Valleys of heavy grade
said road not having been used as a public
highway to any extent since 1860. and
has become useless inconvenient & burdensome
to the inhabitants of said Twp

and therefore praying the Court to appoint proper persons to view and lay out the same
according to law, *I make Report to the Court*

whereupon the Court, upon due consideration had of the premises, do order and appoint

E. B. Read Henry Thomas & Scott Shinnel

who, after being respectively sworn or affirmed to perform the duties of their appointment
with impartiality and fidelity, are to view the grounds proposed for said road, and if they
view the same and any two of the actual viewers agree that there is occasion for such road,
they shall proceed to lay out the same agreeable to the desire of the petitioners, as may be, ^{Vacation} ^{Vacation}
~~respect to the best ground for a road and the shortest distance, and in such manner as to do~~
~~least injury to private property, and state particularly whether they judge the same necessary~~
~~for a public or private road, together with a plot or draft of the same, with the courses and~~
~~distances and reference to the improvements through which it passes, and shall also procure~~
~~releases of damages from persons through whose lands said road may pass, or failing to~~
~~procure such releases, shall assess the same, if any sustained, and shall make report thereof~~
to the next Court of Quarter Sessions to be held for the said county, in which report they shall
state that they have been sworn and affirmed according to law. Notice is directed to be
given to the owners or occupants of seated lands through which the within road is intended
to pass, of the time of the view, according to the 147th Rule of Court.

Figure 1 is a schematic diagram of the experimental setup. It shows a cross-section of a polymer blend film. The top layer is labeled "Polymer solution" and the bottom layer is labeled "Polymer blend". The interface between them is labeled "Interface". The thickness of the polymer solution layer is indicated as "h" and the thickness of the polymer blend layer is indicated as "H". The diagram also shows the "Initial concentration of the polymer solution" and the "Initial concentration of the polymer blend".
