Notes.—In case of a writ to reed, the release must be executed in favor of the petitioner for and not of the sheriff. Also—Viewers will carefully note the number of days on which an act the amount, out at the foot of their return, by the viewers cannot interfere with damages assessed by the original viewers, except so far as the location may be changed by the N.B. If the viewers believe the parties are not entitled to damages, taking into consideration the rate damages as well as the disadvantages of the road, they will report to that effect.
