Public Bridge
across Chish Creek

versus

Bell Township

Contents:

X

To the Honorable Court of Quarter Sessions
of Clearfield County

The petition of the
undersigned citizens of Bell Township
respectfully represents that the
public labor under a great incon-
venience for the want of a public
bridge across the stream of Chest
Creek in Bell Township at the
Grist Mill of Robert MacLaffey.

That the need is urgent and im-
mediate and a bridge should be built
at once. That the citizens are ready
to aid in its construction and that
it is too burdensome for the Town-
ship of Bell to erect. That an ap-
propriation from the County is
suggested for to aid in the erection.
This bridge will cost not over
four hundred dollars if a good
wooden bridge is built.

They therefore pray your Hon-
orable Court ^{to appoint referees and} to take such steps
as will secure immediate action
