Beccaria Township

To the HONORABLE DAVID L. KREBS, PRESIDENT JUDGE of the said Court.

The petition of the undersigned citizens of the Township of Beccaria, in said County, respectfully sheweth:-

That two petitions were presented to your Honor asking for the appointment of viewers to lay out &c. a road from a point near Mathews' School House in said Township of Beccaria to a point near Chest Township Line.

That the petition purporting to be signed by the citizens of Beccaria Township, contains no names of said citizens, but contains the names of all the Business Men of Coalport; and the other petition contains the names of only fifteen citizens of said Township, only six of whom are owners of real estate.

That the object of the petitions is to create a new road from Westover to Coalport; that there now exists a good and sufficient road between these two towns, by way of Iriona--of easy grade, easy to keep in repair, and only slightly longer than the proposed road would be.

That the object of the citizens of Coalport in signing this petition is, evidently, to have the citizens of the Township of Chest to come to Coalport direct, without having to pass the stores at Iriona, where they now stop to make their purchases, and for this purpose alone the road might be useful.

That there are no citizens living upon the line of the proposed road.

That a road, long existing, between these same points, and

deemed to be useless and burdensome, has recently been vacated by your Honor. That the road so vacated was travelled by but few, was kept in partial repair at an enormous expense to the said Township, was entirely through unimproved woodland of such a character as to make the opening of a good road impracticable, and was and is of such a grade as to be dangerous.

That a road between these points can only be made at an expense of Four Thousand Dollars or more, which the said Township, already burdened with taxes, and having several new roads to open, is unable to bear. That if the proposed road is made as short as the one recently vacated, the grade will exceed that allowed by law, and if extended to lessen the grade, it will be as long as the road above mentioned by way of Irvona.

Your petitioners, therefore, not presuming to dictate, but believing that the proposed road is useless and "not necessary" and the opening of the same would impose a great hardship upon the said Township of Beccaria would pray your Honor to refuse to confirm the view made, and they will ever pray &c.
