Public Bridge

Versus

Sandy Township

Contents:

To the Honorable, the President Judge of the Court of Quarter Sessions of Clearfield County.

The petition of the undersigned, inhabitants of the Township of Sandy, in the said County respectfully sheweth, that a bridge is much wanted over Narros Creek, at a place where the public road leading from DuBois to Sabula crosses said Creek, in the Township aforesaid, the old bridge there having become rotten, worn out and dangerous; and that the expense of erecting said bridge would be too heavy and burdensome upon the inhabitants of said Township.

Your petitioners therefore pray your Honor to appoint proper persons to view the premises, and to take such order on the subject as is required and directed by the Act of Assembly in such case made and provided

And they will ever pray &c.

To the Honorable, the Judge within named: We the undersigned, appointed by the annexed order do report; That in pursuance thereof, after having been severally duly sworn, all the viewers appointed by said order, viewed the ~~site~~ proposed for the within mentioned bridge, and we do agree that there is occasion for a bridge as desired by the petitioners, and having had respect to the shortest distance and the best ground for such bridge, we have laid out the following location for said bridge, to wit: - said bridge to be located where the public road leading from Dubois to Sebula now crosses Narrows Creek, to be forty feet long, sixteen feet wide, and the abutments to be nine feet high. And we further report, that the expense for the erection of said bridge will be more than the inhabitants of Sandy Twp., should reasonably bear. That before said view, public notice of the time and place of the meeting of the viewers was given by advertisements put up in the vicinity, that notice was also given to the County Commissioners, and we annex a plot or draft of said bridge laid out, stating briefly the course and location of same.
