To the Honorable the Judge of the Court of Quarter Sessions of Clearfield County

We the undersigned viewers appointed by the foregoing Order of Court: to view and report as to the necessity of a Bridge across Sandy Lick Creek. at the point where the Public Highway leading from New Salem. to the Berwind white shaft crosses the same in Sandy township. Do Report: That after having first given notice of more than five days of the time and place of meeting - we all met and being duly Affirmed according to Law - have viewed the said site for said proposed bridge and find said creek spanned at present with a wooden bridge resting on a wooden superstructure entirely. and consequently would be liable any time during a high stage of water to be more or less damaged or washed away: we therefore think and it is our opinion that said bridge should be replaced with a more permanent structure - and would therefore recommend that the County should erect said bridge. or at least furnish the iron for the same and Sandy township erect the abutments and approaches to the same - all of which we respectfully submit -

In witness whereof we hereunto set our hands this 3rd day of February 1894 -

To the Honorable, the Judge of the Court of Quarter Session
of Clearfield County.

The petition of the undersigned inhabitants of the Township of Sandy, in the said County respectfully sheweth, that a bridge is much wanted over Sandylick creek at a place where the public highway leading from New Salem to the Berry White Shaft crosses the said creek in the Township aforesaid, the old bridge at that place being worn out and on wooden abutments needs replacing; and that the expense of erecting said bridge would be too heavy and burdensome on the tax payers of said Township.

Your petitioners therefore prays your Honor to appoint proper persons to view the premises and to take such order on the subject as is required by the Act of General Assembly in such case made and provided.

And they will ever pray &c. &c.
