In the Court of Quarter Sessions of Clearfield County.

To the Honorable Cyrus Gordon President Judge of said Court.

The petition of the undersigned citizens of Goshen township in said county respectfully represents:- That a public road was long since laid out and opened in said township leading from Shawsville to the Knobs and known as the Ridge Road. That portions of said Road leading from the Iron Bridge across Trout Run at Shawsville to a point near the top of Shawsville Hill and near the corner of lands of A. B. Shaw and Coe H. Wood have become inconvenient and burdensome on account of the steep grade and the said road would be much improved by a change in its location between said points.

They further pray that a portion of the public road leading from the corner of lands of A. B. Shaw and Coe H. Wood above mentioned near the top of Shawsville Hill in an easterly direction to a point on the River Road a short distance east of Kylers land in said township be vacated the same being useless and burdensome.

Your petitioners would therefore pray the Court to appoint qualified persons to view the premises and inquire into the expediency of making said change and make said vacation and supply and of vacating said above described piece of road and otherwise proceed as directed by the Act of Assembly in such case made and provided.

And they will ever pray.
