Public Bridge

versus

in
Sandy Township

Bridge

X

To the Hon the Judges of the Court of
Sessions of Cleaveland County,
The undersigned respectfully represent:

That they labor under great inconvenience for want of a public bridge on the public Road leading from Shippesiding to Rockton where said road crosses Sandy Creek near the U. & R. in Sandy Township.

That the expense of said bridge will be too much for the Township to bear.

They therefore pray that viewers be appointed to view the premises and report on the advisability of the County building said bridge or contributing towards the building of the same. And they will ever pray
