Report of Inspectors
of
County Prisoners

Wm M. Moore

Approved
by the Court

To the Honourable Judge of the Court of
Quarter Sessions in and for
Clearfield County;

We the undersigned inspectors
appointed by the Court to examine
and report upon the new bridges
lately erected for Clearfield County,
and having been duly sworn or
affirmed, respectfully report
that First the Leonard Bridge
across Clearfield Creek, has been
erected by the Pittsburgh Bridge
Co. in accordance with the contract
and specifications approved by
Samuel Bruggs, County Engineer,
2nd That the Litz bridge across
Clearfield Creek has been
constructed by the Berlin
Bridge Co., in accordance with
the contract and specifications
approved by Engineer Bruggs,
and we desire to say in reference
to this bridge, that the iron
work is in many instances heavier
than required by the specifications.
3rd That the super-structure of the
Madara Bridge, across Clearfield
Creek, has been erected in

accordance with the contract and specifications approved by Mr. Bruggen, by the Berlin Bridge Co, but the stone work of this bridge is in some respects defective.

They also observed that a substantial side-walk has been added to this bridge, but it does not appear to be part of the contract, as it is not mentioned therein.

4th That the Blaine City bridge, across Cranfield Creek, has been constructed by the Pittsburg Bridge Co., in accordance with the contract and specifications approved by County Engineer Bruggen, and we desire to commend the appearance of the masonry of this bridge.

Witness our hands this sixteenth (16th) day of December A.D. 1889

To the Honorable Cyrus Gordon, President Judge of the Court of Quarter Sessions of Clearfield County.

The undersigned petitioners, the Commissioners of Clearfield County, Pennsylvania, would respectfully represent that under proceedings had in said Court to No. 9 May Sessions 1901 a county bridge has been built and completed over the West Branch of the Susquehanna river at end of Susquehanna Avenue in Curwensville Borough where said Avenue would cross the river to a point on the opposite side of said river on the public road leading to Bloomington, Pennsylvania; that it is necessary to have said bridge inspected by ~~two~~ ^{three} fit persons for the purpose of ascertaining whether said bridge has been built according to the plans and specifications and whether said bridge should be paid for in accordance with the terms of the contract for the building of said bridge.

These petitioners would therefore pray the Court to appoint ~~two~~ ^{three} fit persons to inspect said bridge and to make report of their findings to the Court.

Attorney at Law
Clearfield, Penna.

KURTZ BROS., PRS., CLEARFIELD, PA.

IN THE COURT OF COMMON PLEAS OF CLEARFIELD COUNTY.

In re. the inspection of the
Pee Wee's Nest
Bridge near Curwensville, Pa.,

To the Hon. Cyrus Gordon, P.J.,

By virtue of a commission given

to the 6th. day of July A.D. 1903, appointing C.B. Alexander,

A.B. Read, and P.A. Gaulin Inspectors to view the County bridge recently built and completed over the Susquehanna River at the end of Susquehanna Avenue in Curwensville Boro. where the said Avenue would cross the river to a point on the opposite side of said river on the public road leading to Bloomington, Pa., and report whether said bridge has been built according to plans and specifications and if said bridge should be paid for in accordance with the terms of the contract made for the building thereof.

Therefore we the said three inspectors, being duly sworn, do respectfully make report as follows: That we the said Inspectors being provided with plans and specification and contract for the building of this bridge, met at said bridge on July 22nd., 1903, and proceeded to examine same and make comparison with plans.

We found said bridge to the best of our knowledge to measure up to the plans given in the contract for same, to have the required strength, and to be placed as per contract. All the parts of the structure seemed complete and to be properly fitted, excepting the absence of six small bolts which are not of material importance and were cut away to aid in the better fitting together of the parts of the bridge.

Your Inspectors would therefore recommend that the bridge be accepted as per contract.

Your Inspectors would further suggest that the trench around the abutments, left open by the masons after complet-

ing the stone work, and now full of water, be filled with gravel or dirt, as a better protection to the groundwork of the masonry.

The above is our report made as directed and submitted this 23rd. day of July, 1903.

INSPECTORS.

Bridge

22 July 1903 Report
approved -

By the Clerk
Cyrus Hendrix

In the Court of Quarter Sessions of Clearfield County, Penn'a

In re Public Bridge

No 9 May Sessions 1901

in

Pike Township and Curwensville
Borough.

To the Honorable Cyrus Gordon, President Judge of the said Court:-

The petition of the undersigned supervisors of the Township of Pike, in said County, respectfully represents:-

That a petition was presented in above case and viewers appointed according to law on the 1st day of April 1901, and ~~there~~ report was duly filed recommending a bridge and that the County build both the abutments and the superstructure; but the Grand Jury, in passing upon the same, recommended that the superstructure be built by the County and that Curwensville Borough build one abutment and the township of Pike build the other.

That an inadequate number of witnesses was called before the Grand Jury for the purpose of informing the members thereof as to the necessity for the bridge and the cost of the abutments and other matters pertaining to the same necessary to be known in order to form a proper judgment upon the question.

That Curwensville Borough will not build an abutment and the citizens of the County will thus be deprived of the use of a bridge at this point, where a bridge is very necessary for the use of the public. That the building of the abutments will be a greater burden than Pike Township and Curwensville should reasonable be expected to bear, especially in view of the fact that few if any bridges erected on the River were erected other than by the County and they have all been entered as county bridges.

and that the report made is contrary to law
Your petitioners, believing that an injustice has been done in this matter, respectfully pray the Court to recommit the matter to the Grand Jury at September Sessions, and to make such other order in the

premises as will fully bring the matter before the Court for adjudication and they will ever pray &c

OLDFIELD REPUBLICAN PRINT.

To the Honorable the Judge of the Court of Quarter
Sessions of the Peace in and for the County of Clearfield:-

The petition of the undersigned inhabitants, of the
Township of Pike, and the Borough of Curwensville, in the said
County, respectfully sheweth; That a bridge is much needed
over the West Branch of the Susquehanna River at end of Susque-
hanna Avenue in Curwensville Borough, where said Avenue would
cross river, to a point on the opposite side of said river
on the road to Bloomington, Pa.; that a bridge across the river
at said point would shorten the distance from Curwensville
to Bloomington and be a great convenience to the inhabitants
of said Township and Borough, and of all persons having occasion
to use said road; but the expense of erecting said bridge would
be too heavy and burdensome upon the inhabitants of said township
and borough. Your petitioners therefore pray your Honorable
Court to appoint proper persons to view the premises and to
make such orders on the subject as is required and directed
by the Act of the General Assembly in such cases, made and
provided, and they will ever pray etc.

James H. Thompson

James H. Thompson
Doth

Clearfield County, ss:

At a Court of Quarter Sessions of the Peace of the county of Clearfield, Pennsylvania, held at Clearfield, in and for said county on the

2nd day of April, A. D. 1901
189, before Judge of said Court, upon a petition of sundry inhabitants of the township of Pike in said

County, setting forth that a Bridge is much needed over the West Branch of the Susquehanna River at end of Susquehanna Avenue in Curwensville Borough, where said Avenue would cross river to a point on the opposite side of said river on the road to Bloomington Pa; That a bridge across the river at said point would shorten the distance from Curwensville to Bloomington and be a great convenience to the inhabitants of said Township and Borough and of all persons having occasion to use said road, but the expense of erecting said Bridge would be too heavy and burdensome upon the inhabitants of said Township and Borough, and therefore praying the Court to appoint proper persons to view and lay out the same according to law, and report to next term of Court whereupon the Court upon due consideration had of the premises, do order and appoint Harry Byers A. C. Dale and R. M. Johnston

who after being respectively sworn or affirmed to perform their duties impartially and to the best of their judgment, are to view the place proposed for the said bridge, and if they or any of them, view the same, and any of the actual viewers agree that there is occasion for such a bridge, and that the erecting of the said bridge would require more expense than it would be reasonable the said townships should bear, they are to make report accordingly;

and a map or plot thereof to be made, which shall accompany said report; the report aforesaid to be made to the next term of the Court of Quarter Sessions to be held for the said county of Clearfield.

BY THE COURT.

Grant H. Thompson
CLERK.

RELEASE OF DAMAGES.

Know All Men by These Presents, That we, the undersigned owners of lands upon which the bridge is located by the viewers, under the annexed order, passes for and in consideration of the sum of ONE DOLLAR to us respectively paid by the..... at and before the ensealing and delivery hereof, have remised, released and forever quit-claimed; and do hereby remise, release and forever quit-claim to the said.....all damages that may arise to us respectively by reason of the location or building of said bridge, so that neither we nor any of us, nor any person claiming under us, can or may hereafter ask, sue for, demand, have or receive any damages for injuries arising or growing out of the location or building of said bridge.

Harry Byers.

Viewers.

To the honorable Cyrus Gordon, President Judge of the Court
of Quarter Sessions of Clearfield County Pa. we, the under-
signed viewers appointed by the within order of court to
view and lay out the bridge therein mentioned, Respectfully
report that we gave good and lawful notice of the said view
and met agreeable thereto, and having been severally sworn
or affirmed we viewed the place for the proposed bridge and
we are of opinion that a bridge is necessary there and that
its erection would cost more than it is reasonable the tax-
payers of Pike Township and the Borough of Curwensville
~~####~~ should bear, we therefore recommend that the County of
Clearfield build the Superstructure and the abutments and
that the township of Pike and the Borough of Curwensville
fill the respective approaches, and that the bridge be made
two hundred and ten feet in length in the Clear and eighteen
feet from low water to the floor of bridge, To reach the
said bridge if built we hereby lay out and do return for
public use the following road to wit, beginning at a post on
the Bloomington Road near the House of James R. Norris thence
North sixteen degrees thirty minutes West nine hundred and
eighty-six feet to the end of the said bridge, which road is
necessary in our opinion for a public road if the said bridge
is built,

Witness our hands this nineteenth day of April A.D. 1901.
