

No. 3, Dec. Sessions, 1902

COMMONWEALTH

versus

In Re Petition for
Public Bridge in
Brady Twp across
East Branch

Charge

X

WILLIAM I. SWOOPÉ,
District Attorney.

To the Judge of the Court of Quarter Sessions of Clearfield
County.

The petition of the undersigned citizens of Brady Township,
in said County, respectfully represents:

That a bridge is necessary across the East Branch in said
Township, on the public road leading from Troutville to Newtonburg,
the old bridge across said stream being substantially worn out.

That the cost of a new bridge at said point would be in
excess of what the township of Brady is able to bear, and would be
burdensome.

They therefore pray that said bridge be made a county
bridge, to be built and paid for by the County of Clearfield, and
that viewers be now appointed to view the same and report at the
next term of said Court.

And they will ever pray, &c.
