We the undersigned persons
appointed by the within order of Court
to view the road therein mentioned
respectfully report that After having
given due public notice by three
written and printed notices put up
near the location of the said road
and also having given due notice
to the County Commissioners of Clear-
field County and the Supervisors of
Morris Township of the time and
place of meeting to view the said road
we met at the Mc Cartney place at Keams
Run in Morris Township on Saturday
the seventh day of January A.D. 1905
and after having been duly apprised
in pursuance of the within order
we proceeded to view the said road.
After a careful Consideration had
of the ground for said road we were
of opinion that in Consideration of
the great expense its Construction would
be to the tax-payers of Morris Township

The Honorable Cyrus Gordon President Judge
of the Court of Quarter Sessions of the Peace in and for the County of
Clearfield

The petition of the undersigned, inhabitants of the Township
of Morris, in the said county, respectfully sheweth: That your petitioners
labor under great inconveniences for want of a public road or highway in
Morris township county aforesaid commencing at a point on the Public
Road, leading through Harok Run, at or near the residence of John
McDowell to a point on the Banks of the Moshamon Creek where the
public road in Rush township runs through to the creek in the village of
Lake Somond Mills Centre, county, Pennsylvania, and to connect with
the terminus of the same on the opposite side of the creek

Your petitioners therefore pray the Court to appoint proper persons
to view and lay out the same, according to law; and they will ever
pray etc.

The undersigned citizens of Morris
Township, in said County, do remonstrate
against the granting of a public road run-
ning from a point in Center County to a
point near Odd Fellows Hall in Hawk Run
and bring across bad and swampy land, which
is entirely beyond the means of the Township
to construct at this time.

of said road alleging as their reasons That the costs of building said road would be very heavy, fixing a sum four times the amount that it would actually cost to build said road, That certain taxpayers of the township were opposed to the granting of said road, failing to recognize the fact that all of the petitioners numbering forty were taxpayers and some of them the heaviest taxpayers in the township That if they were certain that a certain contingency would arise, presented to them by petitioners council they would grant the road, but under the conditions until this contingency would arise they would not report in favor of the road, That when this contingency would become a certainty a future view would grant the road as being necessary and essential, thereby tacitly admitting that the road was a necessity and that the inhabitants were inconvenienced for want of said public road or highway

Your petitioners therefore pray your Honor to grant a review on said road and to appoint viewers to view and lay out said public road or highway in Jarvis township commencing at a point on the public road leading through Hawk Run village at or near the residence of John McDowell to a point on the Bank of the Washamon Creek, where the public road in Rush township runs through to the Bank of the Washamon Creek in the village of Lake's Island Mills Centre county Penna and to connect with the terminus of said road in Rush township on the opposite side of the creek

To the Honorable Allison O. Smith, President Judge of said Court:-

The answer of the undersigned for themselves and other property owners along the said road would respectfully represent:-

That true it is that said road was duly ordered opened by the said Court, and an opening order duly issued; that as appears by the record the proceedings were regular according to the practice of the said Court that notice was duly given according to the Acts of Assembly in such case made and provided, and that the claim of the Surveyer Run Lumber Company for damages was duly considered by the viewers as appears affirmatively by the Report of the said viewers; that the termini of the said road as laid out by the viewers are in accordance with the said petition for a view, the one terminus being on the road from Deer Creek to the Knobs and the other being near the mouth of Surveyer Run; That a mile and a half of said road is now in use by the people, and is a great convenience to more than twenty-seven families resident in that vicinity, all of whom are property owners and tax payers; that the Surveyer Run Lumber Company, the petitioners for the rule, had at the time of these proceedings an agent looking after their property in the vicinity of said road, and that said agent had at the time actual notice of the proceedings in this case; that if the said road is vacated, or the Court strike off the confirmation, a great injustice will be done the residents of that part of Girard township, many of whom have no other way to reach their farms and their houses except to use the said road; Wherefore your petitioners pray that the said rule to show cause granted on petition of the Surveyer Run Lumber Company be discharged at the cost of said petitioner,

Review of public road in Girard Township from a point on public road leading from Clearfield to Karthaus, at or near the mouth of Surveyor Run, to connect with the public road leading from Deer Creek to the Knobs, at or near Gillingham School House. We - undersigned viewers, appointed by the Court, having this day met, ^{having been} and notices ^{being} posted and served in accordance with the order of Court, hereto attached, and having been affirmed according to law, proceeded to view the route already surveyed under order No 6, ^{Quarter} Sessions 1903 following the courses and distances therein set forth and having heard all the available testimony for and against said road and having examined the proceedings previously had thereunder do hereby report adversely, for the following reasons, to wit:-

1st. Because in our opinion the benefit of this road would be local, and not general, and consequently would not justify the large expense of opening and maintaining the same.

2nd. There being no settlers on said route, such a road is not a necessity as an outlet.

3rd. That from the testimony it does not appear that the Township of Girard and the public generally feel that such a road is a necessity.

4th. That they have already two roads nearly parallel with the proposed road and supply all demands in this case. We therefore conclude that there is no occasion for such road.

Respectfully submitted.

NOTE.—In case of a private road, the release must be executed in favor of the petitioner for said road.
Also—Viewers will carefully note the number of days employed, and set the amount out at the foot of their return.
Reviewers cannot interfere with damages assessed by the original viewers, except so far as the location may be changed by the reviewers.
N. B.—If the viewers believe the parties are not entitled to damages, taking into consideration the advantages as well as the disadvantages of the road, they will report to that effect.
