Court of Quarter Sessions,

Clearfield County, Penna.

We, the undersigned, viewers appointed to view, vacate and supply, according to law, a portion of the Township Road leading from Olanta to Moutzdale, lying in the town of Boardman, Know Township, pray to report as follows: towit:-

That having given due and timely notice of said view according to law, to the Commissioners of the County; to the supervisor of the said Township; to the property holders adjacent the proposed change; and to the public by numerous notices posted at various points in the Township.

That on the 5th. day of November, 1904, the date set forth in notices, your viewers met on the ground at the place appointed, and having been affirmed according to law, evidence of which is attached, proceeded to view and survey the portion of road to be vacated, and to view and survey the portion of road to be supplied:- That we find by the erection of the numerous dwelling houses, stores, etc. of the town of Boardman and by the probable further erection of same, that the present road, as located does not serve the population living in the said town of Boardman, and that its present location is burdensome:-

That the new road as laid out by your Viewers will so serve said population, and meets with their approval, and your viewers could learn of no opposition to or remonstrance against the proposed vacating and supplying said road as petitioned:-

Therefore, your viewers would respectfully recommend the vacating of that portion of said public road lying in the town of Boardman, and described as follows:-

Beginning at a pine stump in the edge of the driveway, 650 feet northeasterly from the "Cox Barn", and running thence the following course and distances:-

S. 39 1/2°E-----300 feet to post,

Thence S. 20 1/2°E-----350 feet to post,

Thence S. 1°E-----400 feet to post,

Thence S. 15 1/2°E-----268 feet to post,

Thence S. 44°E-----118 feet to post in road opposite the south end of a log stable.

And, furthermore, your viewers would recommend the supplying of the following described public road, as being on a fair grade, the distance not excessive, and the expense of building not large, there being no clearing or grubbing to be done, the ground smooth and but one small culvert to be built:-

Beginning at the same point as for the road to be vacated;)

Thence S. 43°E-----296 feet to post,

Thence S. 37°E-----513 feet to post, in new road surveyed July 19th. 1904, and reported favorably, and running thence to as far as said new road extends, and farther,

S. 53°W-----392 feet to post

Thence S. 35°E-----403 feet to post,

Thence S. 35°E-----139 feet to post, described as end of road to be vacated, being 1743 feet in length, or, excepting the part above referred to as surveyed July 19th. 1904, 1493 feet to be built.

A blue print map showing said roads, vacated and supplied, is herewith attached and made a part of this report.

IN WITNESS WHEREOF, WE have hereto set our hands, this 9th day of November A.D. 1904.
