Now, December Sessions, 1909, the foregoing Report of Viewers approved or concurred in by the Grand Jury at this session comes before the Court for approval. We do not concur in the Report with reference to the superstructure of iron or steel, as the Report of the Viewers had nothing to do with that subject. Unless there are engineering objections thereto, we will not authorize the expenditure of County moneys towards the erection of any iron or steel structures within the County. The span of the bridge recommended in this case being only 22 feet, it is not clear to us that the County of Clearfield should be called upon to appropriate any County funds toward such bridge. The rule heretofore existing in the County has been for the appropriation towards bridges only when they were of much greater span than said 22 feet, and we know of no reason now why the County should make an exception of this bridge. If the County is to enter upon the making of 22 foot span bridges throughout the County wherever asked for, by appropriation or otherwise, there would be such a demand upon County funds as would overlap its resources in a very brief time.

In view of the fact that we have already approved the bridge to No. 10 September Sessions, 1909, for DuBois Borough, on the same street on which this bridge is located, it seems to us that the Borough of DuBois should not ask for an appropriation towards this bridge, and for the present at least we withhold our approval.

By the Court,

To the Honorable  
The Judge of the Court of Quarter  
Sessions of Clearfield County  
Penna.

We the undersigned persons  
Appointed by the within order of  
Court to view the bridge therein  
Mentioned respectfully report  
That after having given due  
public notice by three written  
and printed Notices put up near  
the location of the said bridge of  
the time and place of Meeting  
to view the same and after having  
also given due notice to the County  
Commissioners of Clearfield County  
and the Street Commissioners  
of Dubois borough of the said time  
and place of Meeting we met at  
the Commercial hotel in the borough  
of Dubois on Wednesday the 25th  
day of August A.D. 1909 and after  
having been duly affirmed in  
pursuance of the Within Order we  
proceeded to view the location for  
the said bridge. After a careful  
view had of the premises we were of  
opinion that a bridge at the point

When Dubois Street Crosses a  
Small Stream Known as little  
Jinatta Creek is Necessary to the  
traveling public Said bridge to  
be twenty two feet long between  
the abutments and the bottom  
of girders to be seven feet above  
low water mark We would recom-  
mend that the abutments be built  
of Concrete and the superstructure  
of Concrete supported by I Beams  
As we are of opinion that the  
whole cost of the erection of said  
bridge would be burdensome  
to the taxpayers of the borough of  
Dubois we would recommend  
that the said borough bear the  
cost of the substructure and the  
filling of approaches and that  
the County bear the cost of the  
superstructure

Clearfield County, ss:

At a Court of Quarter Sessions of the Peace of the county of Clearfield, Pennsylvania, held at Clearfield, in and for said county on the

8th day of June, A. D.  
1909,

before Judge of said Court, upon a petition of sundry inhabitants of the township of Our Bois Borough in said

County, setting forth that A bridge is very

much wanted over a rivulet or small creek known as Little Juniata, where Our Bois Street a public street in said Borough crosses said rivulet; and that the expense of erecting said Bridge would be burdensome upon the inhabitants of said Borough and more than is reasonable they should bear. Your petitioners therefore pray the Court to appoint proper persons qualified according to law to view the place proposed for said Bridge and report to next term of Court

and therefore praying the Court to appoint proper persons to view and lay out the same according to law, and make report to next Term of Court whereupon the Court upon due consideration had of the premises, do order and appoint Harry Reese, L. Dunning, and P. A. Gaulin,

who after being respectively sworn or affirmed to perform their duties impartially and to the best of their judgment, are to view the place proposed for the said bridge, and if they or any Two of them, view the same, and any Two of the actual viewers agree that there is occasion for such a bridge, and that the erecting of the said bridge would require more expense than it would be reasonable the said townships should bear, they are to make report accordingly;

and a map or plot thereof to be made, which shall accompany said report; the report aforesaid to be made to the next term of the Court of Quarter Sessions to be held for the said county of Clearfield.
