July 29th 1912. Amended Petition filed, and therefore ask that the paragraph, above quoted be amended so as to read, By a safe and passable road leading from a point on the public road at the sheeps rocks and further back from the river so as to be on high ground, to the point where a public road known as the mill road, crosses Moose Creek, said Mill road' being a public road leading from the site of the old red mill or shaws mill'

up Moose Creek, crossing Moose Creek and thence leading up Guinea hill.

Now July 22nd 1912. within petition read and considered and thereupon said amendment is allowed as prayed for and the Prothonotary is directed to amend the opening order so as to conform to amended petition.

By the Court.

Clearfield Borough, that the road as now located is maintaining an excessive cost of the Township and despite the best efforts of the Supervisors is at best rough, dangerous and often impassable. Your petitioners therefore pray that so much of said road as lies between the mouth of Moose Creek and the point known as the Sheep Rocks may be vacated and that it may be supplied by a safe and passable road leading from a point on the public road at the Sheep Rocks, and farther back from the river so as to be on higher ground, to such a point on the public leading up Moose Creek as may be deemed by the Viewers appointed by the Court to be most convenient and suitable for a junction with said road along Moose Creek.

in said County, setting forth that they labor under  
great inconvenience for want of a safe and passable road along the  
branch of the Susquehanna River, from a point known as the Shaw  
about one mile below Clearfield Borough to a point of intersection  
with the mouth of Moose Creek of the present road along the river with the  
road along Moose Creek. That said river road has been used  
for many years and the point known as the Shaw is so low that in time of flood it is covered with water. That in spring  
it is filled with ice and drift; that after each flood it is eroded  
by the action of the waters is pulled rough and dangerous. That your peti-

due consideration had of the premises, do order and appoint from and  
among the County Board of Viewers Harry Myers, J. B. McGarry,  
and T. W. Farman

who have been duly appointed by the Court and filed their oaths of office and  
are duly qualified to perform the duties of their appointment with impari-  
ality and according to the best of their judgment, are to view the ground  
proposed for the said road, and if they view the same, and a majority of  
the actual viewers agree that there is occasion for such road, they shall  
proceed to lay out the same, as agreeable to the desire of the petitioner, as  
may be, having respect to the best ground for a road and the shortest dis-  
tance, in such a manner as to do the least injury to private property; and  
shall make report thereof, stating particularly whether they judge the same  
necessary for a public or private road, together with a plot or draft thereof,  
and the courses and distances and references to the improvements through  
which the same may pass; (and wherever practicable, the viewers shall lay  
out the said road at an elevation not exceeding five degrees, except at the  
crossing of ravines and streams, when by moderate filling and bridging the  
declination of the road may be preserved within that limit,) to the next Court  
of Quarter Sessions to be held for the said County.

And if the viewers aforesaid shall decide in favor of locating a public  
road, they shall obtain from the persons through whose lands the said road  
shall pass, releases from any damages that may arise to them on opening  
the same; but if the owner or owners of such land refuse to release their  
claim to damages, the said viewers shall assess the same, taking into view  
the advantages as well as disadvantages arising from said location, and  
make report of such assessments; which report they shall in like manner  
transmit to the next Court of Quarter Sessions, with the draft or plot  
aforesaid. In which said reports they shall state that they have been  
sworn or affirmed according to law, and that due and legal notice was  
given of the time when, and place where, they should meet, to view and  
lay out said road, and the time and place of hearing.

In Re	)

Road in Lawrence Township	)	Roads.

TO THE HONORABLE ALLISON O. SMITH, PRESIDENT JUDGE  
OF SAID COURT:

The petition of James Condon respectfully represents;

That he is one of the petitioners for the vacation and supply of the road in Lawrence township, which proceeding is docketed to No. 1 May ss, 1912. That the prayer of the petitioners for said road asks, inter alia, that the portion vacated may be supplied "by a safe and passable road leading from a point on the public road at the sheep rocks, and further back from the river so as to be on high ground, to such a point on the public road leading up Moose Creek as may be deemed by the viewers appointed by the court to be most convenient and suitable for a juncture with said road along Moose Creek."

That said prayer is ambiguous because there are in fact two public roads leading up Moose Creek. That the road which your petitioners intended to indicate as one of the termini for the proposed new road is the road known locally as the "Mill road," leading from the site of the old red mill or "Shaw mill" up Moose Creek, crossing Moose Creek and continuing to the R. E. Shaw farm. That a suitable juncture can be made with said road, but can not be made with the other road leading up Moose Creek.

Your petitioner as well for himself as for the other petitioners for said road prays that the prayer in the petition for the road may be so amended that the viewers may know with certainty which road is indicated, and therefore asks that the paragraph above quoted be amended so as to read, "by a safe and passable road leading from a point on the public road at the sheep rocks and further back from the river so as to be on high ground, to the point where a public road known as the 'Mill road' crosses Moose Creek, said 'Mill road' being a public road leading from the site of the old red mill or 'Shaw mill' up Moose Creek, crossing Moose Creek and thence leading up Guinea Hill."

And he further prays that the opening order directed by your Honorable Court to the viewers may be amended in the same manner.

And he will ever pray, etc.

Notice to Commissioners.

Supply Road in Law- ) of Clearfield County, Penna.  
rence Township. )

To the Honorable, the President Judge of said Court:

The petition of the undersigned citizens and tax payers of Lawrence Township, Clearfield County, Pennsylvania, respectfully represents;

That your petitioners labor under great inconvenience for want of a safe and passable road along the West Branch of the Susquehanna River from a point known as the Sheep Rocks about one mile below Clearfield Borough to the point of intersection at the mouth of Moose Creek of the present road along the river with the road running along Moose Creek.

That the said river road now used between the mouth of Moose Creek and the point known as the Sheep Rocks is so low that in times of flood it is covered with water. That in the spring time it is filled with ice and drift; that after each flood it is eroded by the action of the waters, is gullied, rough and dangerous.

That your petitioners have no other road by which they can drive up the river to Clearfield Borough; that the road as now located is maintained at an excessive cost to the township and despite the best efforts of the supervisors is at best rough, dangerous and often impassable.

Your petitioners, therefore, pray that so much of said road as lies between the mouth of Moose Creek and the point known as the Sheep Rocks may be vacated, and that it may be supplied by a safe and passable road leading from a point on

the public road at the Sheep Rocks, and further back from the river so as to be on high ground, to such a point on the public road leading up ~~to~~ Moose Creek as may be deemed by the viewers appointed by the Court to be most convenient and suitable for a juncture with said road along Moose Creek.

Your petitioners, therefore, pray that viewers may be appointed to view and lay out such a road in accordance with the Act of Assembly in such case made and provided.

And they will ever pray etc.
