proposed for the said road, and if they view the same, and a majority of
the actual viewers agree that there is occasion for such road, they shall

necessary for a public or private road, together with a plot or draft thereof,
and the courses and distances and references to the improvements through
which the same may pass; (and wherever practicable, the viewers shall lay
out the said road at an elevation not exceeding five degrees, except at the
crossing of ravines and streams, when by moderate filling and bridging the
declination of the road may be preserved within that limit,) to the next Court
of Quarter Sessions to be held for the said County.

And if the viewers aforesaid shall decide in favor of locating a public
road, they shall obtain from the persons through whose lands the said road
shall pass, releases from any damages that may arise to them on opening
