No. Term, 1915

Public Bridge
over Muddy Run

Versus

Bigler Dwp

X

Clearfield County, ss:

At a Court of Quarter Sessions of the Peace of the county of Clearfield, Pennsylvania, held at Clearfield, in and for said county on the

7th day of June, A. D.

1915, before Judge of said Court, upon a petition of sundry inhab-

itants of the township of Bigler in said

County, setting forth that the Bridge in the Public

Road leading from Village of Madera to Smoke /Run, to Chesterfield over Muddy Run in said township, is in a bad state of repair, and should be replaced by a new structure; that in the opinion of your petitioners the entire cost of the new structure would require more expense than it would be reasonable that said Bigler Township should bear, and much too heavy to be borne by said township alone ;

and therefore praying the Court to appoint proper persons to view and lay out the same according to law, and make report to September Sessions 1915.

whereupon the Court upon due consideration had of the premises, do order and appoint

A. G. Kramer, Esq., Harry Reese, and E. D. Billotte

who after being respectively sworn or affirmed to perform their duties impartially and to the best of their judgment, are to view the place proposed for the said bridge, and if they or any two of them, view the same, and any two of the actual viewers agree that there is occasion for such a bridge, and that the erecting of the said bridge would require more expense than it would be reasonable the said townships should bear, they are to make report accordingly;

and a map or plot thereof to be made, which shall accompany said report; the report aforesaid to be made to the next term of the Court of Quarter Sessions to be held for the said county of Clearfield.

BY THE COURT.

RETURN OF VIEWERS.

We the Honorable the judge of the Court of Quarter Session of the Peace for the County of Clearfield.

We the undersigned viewers, duly appointed by your Honorable Court by the foregoing order from and among the County Board of Viewers who have been duly appointed by your Honorable Court and have filed their oaths of office in the Court of Common Pleas of Clearfield County, beg leave to report as follows.

That notice of the time of view was duly served according to law upon the Commissioners of Clearfield County and on each member of the Board of Supervisors of the Township of Bigler and that three notices thereof were posted along the public road at and near the location of said bridge giving notice that the said view would be held on Friday the 23d day of July A D 1915 at nine (9) oclock A. M. That the viewers appointed by the said order viewed the proposed location of said bridge across Muddy Run in Bigler Township where the public or Township road leading from the village of Madera to the village of Chesterfield crosses said stream on Friday July 23, 1915 at nine (9) oclock A M and that there were present at the view H. B. Swoope, E. J. Van Scoyoc and J L Miles the Supervisors of Bigler Township interested and in favor of said bridge and there being no contest or controversy about said bridge it was not considered necessary to hold a public hearing.

The viewers therefore after having made the view -----
-----all being present do agree that there is a necessity for a new bridge as prayed forat that point to replace the old wooden structure now there which is in an unsafe condition. They therefore recomend that a re-enforced concrete or cement bridge of one span, fourty (40) feet in length with a sixteen foot wide road way with concrete abutments(said bridge to be eight (8) feet above low water mark) be erected near the present structure (as shown on the draft attached as part of our report) at a cost of about two thousand four hundred (\$2400.00) dollars and as said amount owing to the financial condition of the Township would be too heavy to be borne by Bigler Township alone they recomend that one half of the expense of the erection be borne by the County and one half by Bigler Township. And that owing to a crook or short bend in the run, at the location of the present bridge; the viewers are convinsed that it will improve the condition to change the location of the bridge, they therefore ^{change} the location of the bridge down the stream twenty (20) feet from the location of the present bridge which requires a change of the location of the road and therefore lay out the following road, to wit. Beginning at the south east bank of said run, about twenty (20) feet down the stream from the location of the township road thence running south seventy one (71) degrees, east three hundred and seven (307) feet to where the same connects with the township road, and vacate that part of the township road supplied by said new road from the east bank of Muddy Run to where the said new road herewith laid out intersects with the said township road as shown on the draft which is made part of our report.

Witness our hands and seals this 27th day of August A. D. 1915.
