In re: Construction of State :
Highway between Clearfield and :
Curwensville :

PETITION.

To the Honorable Singleton Bell, President Judge of said Court.

The petition of Miles R. Porter respectfully represents:-

(1). That he is the owner of a farm in the Township of Pike, Clearfield County, Pennsylvania, containing approximately one hundred and fifty-three acres and title to which was acquired by Will of Robert Porter.

(2). That the State Highway Commissioner of the State of Pennsylvania has undertaken and proceeded with the construction of an improved State Highway through a portion of said premises, a change of width and of existing lines and locations being occasioned thereby.

(3). That the petitioner has sustained damage by reason of said road construction and of the changes in the lines and locations of said road and although repeatedly requesting action by the County Commissioners of Clearfield County has been unable to reach any agreement with said County Commissioners of Clearfield County as to the damage sustained by him.

(4). That the said damages consist of the taking of a strip of ground from said property at or adjacent to the hill known locally as Hog Back, and the rendering useless of a large piece of ground by reason of the cuts made by the former road location and the road as now improved ; and by the filling in of the roadway over part of the premises in such a way as to make another part thereof utterly useless and inaccessible; that by reason of the taking of ground as mentioned and the change in the location of said road the petitioner has been permanently deprived of any practical use for two acres or more of ground.

YOUR PETITIONER THEREFORE PRAYS THE COURT to appoint viewers to ascertain and assess his damages as provided by the

Act of April 6, 1921 amending Section 16 of the Act of May 31, 1911, P.L. 468, and as provided by other pertinent Acts of Assembly.

RETURN OF VIEWERS

To the Honorable the Judge of the Court of Quarter Sessions of the Peace for the County of Clearfield:

We, the undersigned viewers, duly appointed by your Honorable Court by the foregoing order from and among the County Board of Viewers who have been duly appointed by your Honorable Court and have filed their oaths of office in the Court of Common Pleas of Clearfield County, be leave to report as follows:

That notice of the time of view and of the hearing day was duly served according to law upon the Commissioners of Clearfield County ~~and the Attorney W. Wallace Smith Esq. the Attorney of the claimant~~

~~that the said view would be held on the 22d day of November~~

A. D. 1923, and the hearing to be held in the Arbitration Room, at the Court House, in Clearfield, Pa., on the 23d day of November, 1923, at nine o'clock A. M. That

The viewers appointed by the said order viewed the ~~premises of the claimant in the presence of the claimant~~

~~That the hearing was held in the Arbitration Room, in the Court House, at Clearfield, Pa., on the 23d day of November A. D. 1923, when the following appearances were noted: Miles R Porter the claimant with his Attorney W. Wallace Smith Esq. and his witness Roy Reed; And Jesse E Dale, T. R. Welmer and M. L. Farrell the County Commissioners with their Attorney A. H. Woodward Esq. and L. C. Norris the Commissioners Clerk.~~

After the view and hearing above mentioned, the undersigned, ~~viewers, do agree~~

That the claimant is the owner of some three and a half acres of land, situate on the west side of the River; through which the State Highway Commissioner constructed a State Highway, leading from Curwensville to Clearfield on Route Number sixty two (62). The distance that the said Highway passes through the land of the claimant is eight hundred and thirteen (813) feet in length and forty five (45) feet in width: Four hundred and thirteen (413) feet is over the old road bed that has been in use a number of years; the balance of the road; four hundred (400) feet in length is changed from the old road bed over onto the land of the claimant four hundred (400) feet in length by forty five (45) feet in width taking 87/100 of an acre of land on a steep side hill. And that the only injury to the claimant's property over the old road bed is caused by the widening of the road about ten feet (10) in width and the filling up of the road bed some five or six feet in highth making the access to the claimants land on the North west side of the road; about one acre and a quarter very difficult of access on account of the fill of the State Highway and the wire fence along the north side of the State Highway; part of said land lays low and swampy and the balance a steep side hill and of very little value; And as to the timber on the said hill the viewers are fully convinced, that a very small quantity thereof was destroyed by the construction of the said State Highway, further then what stood on the land actually used for the said highway to wit 84/100 of an Acre. That the principal part thereof was no doubt destroyed by the Railroads; The

The viewers are therefore fully convinced that the entire value of the property of the claimant, taken, injured and destroyed by the construction of the State Highway through his land does not exceed the sum of two hundred (\$200.00) dollars.

And as to the benefits the said road is to the claimant being away from his buildings on a piece of land disconnected from the rest of his farm all the benefits the claimant derives from the said Highway are by no means special but the general benefits that all property owners living near or close to the said road derive therefrom.

They therefore assess the damages in favor of the said claimant at the sum of Two Hundred (\$200.00) Dollars.
