to view and
report.

By the Court

A. R. Chase
P. J.

NO. 8 DECEMBER SESSION 1931.

To the Honorable Judge of the Court of Quarter Sessions
of Clearfield County:

The Petition of the undersigned inhabitants of
Greenwood Township in said County, respectfully represents:

That the report of the viewers in this case, filed
on December 23, 1931, recommends the opening of a road for
public use, beginning at the public road at the New York
Central Station on the opposite side of the river from the
town of Bells Landing and to end at a point in said Township
on the public road known as the Ridge Road leading from
Kerrmoor to Marron, near the Flat Grove School House, and to
vacate two public roads supplied by the aforesaid road to be
laid out, which road if confirmed absolutely by the Court will
be very injurious to your petitioners and burdensome to the
inhabitants of the Township.

Your petitioners further represent that the original
petition for this road, filed October 24, 1931, sets out "that
said road is of great importance as the same is to be taken
over by the Department of Highways, if, when and after opened";
whereas the Department of Highways has actually taken over a
road in said Township commencing at exactly the same point and
ending on the same public road as the road proposed by this
view commences and ends and that said State Highway runs its
entire length parallel with and ends at a point within a few
hundred feet of the proposed road.

That the Township of Greenwood is in debt and is
destitute of money and even if an opening order should be
issued for said proposed road it could not be completed for
lack of funds.

That ninety per cent. of the tax payers of Greenwood Township are not in favor of the opening of said road.

Your petitioners therefore, showing that they are persons interested, respectfully pray your Honorable Court to appoint viewers according to law to re-view the ground proposed for said road and make report of their proceedings at the next term of Court.
