### COUNTERCLAIM

Formulated Systems, Inc., through their attorney, Joseph Colavecchi, Esquire, files this Counterclaim and respectfully avers as follows:

1. Plaintiff is Formulated Systems, Inc., a corporation organized and existing under the laws of the Commonwealth of Pennsylvania having its principal mailing address as 105 South Ninth Street, Philipsburg, Pennsylvania 16866.

2. Defendant is Palmer Supplies Company, a corporation having a mailing address of P. O. Box 74649, Cleveland, Ohio 44194.

3. Formulated Systems, Inc. was in the business of manufacturing epoxy flooring.

4. Formulated Systems, Inc. entered into a contract with Inter-Co Construction Company on August 27, 1997 to do certain work as described in the Subcontract Agreement No. 9720-06 for the sum of \$16,332.00. A copy of the Subcontract Agreement is attached hereto and marked Exhibit A.

5. Formulated Systems, Inc. then submitted a proposal dated November 3, 1997 to Inter-Co Construction Company to do additional work. This was accepted by Inter-Co Construction Company. An agreement was entered into by Change Order No. 9720-109 dated November 11, 1997 setting out the previous contract total of \$16,332.00 and the amount of the change order in the amount of \$31,564.00 for a revised contract total of \$47,896.00. This change order was signed by Formulated Systems, Inc. on December 23, 1997 and formally accepted by Inter-Co Construction Company on January 21, 1998. A copy of the Change Order No. 9720-109 is attached hereto and marked Exhibit B.

6. There was an additional change order, No. 9720-113; which amounted to a reduction of the square feet so that the cost deducted from the \$47,896.00 was reduced to \$45,422.00.

7. In addition, there was an add-on of Prime and Coat on 4,305.00 square feet of materials only which was in the amount of \$1,948.48 and made the total contract \$47,370.48.

8. The work was performed by Formulated Systems, Inc. both in October and November, 1997. In order to meet the deadline of December 1, 1997, Formulated Systems, Inc. worked over the Thanksgiving holidays to complete the job.

9. Formulated Systems, Inc. had ordered the epoxy curative materials from Palmer Supplies Company which was the sole distributor for their area and which it is alleged on information and belief purchased the epoxy curative from Air Products Corporation.

10. Formulated Systems, Inc. received the epoxy curative materials from Palmer Supplies Company and installed them on the job as per their contract with Inter-Co Construction Company, Inc. as set out above.

11. After the job had been completed by Formulated Systems, Inc., it was then inspected by Inter-Co Construction Company, Inc. at the end of November 1997, at which time Inter-Co Construction Company, Inc. rejected the work because of the faulty materials supplied by Palmer Supplies Company. The epoxy curative materials were defective.

12. The rejection by Inter-Co Construction Company, Inc. of this job was caused by the faulty epoxy curative materials as supplied by Palmer Supplies Company to Formulated Systems, Inc.

13. Formulated Systems, Inc. then had to incur additional time and expense and materials in order to do the work once again which.

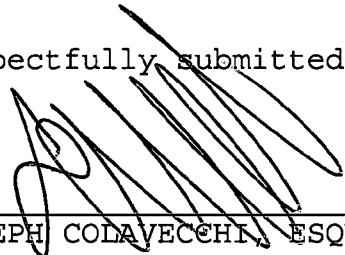

they did do and which resulted in the job being accepted by Inter-Co Construction Company, Inc. on March 28, 1998 and as shown on a copy of their acceptance agreement attached hereto and marked Exhibit C.

14. In order to do this additional work, Formulated Systems, Inc. incurred additional costs for labor and materials of \$17,000.00 which made the total cost of the job to Formulated Systems, Inc. \$64,370.48.

18. Inter-Co Construction Company, Inc. has refused to pay Formulated for this job because of the delay, all of which was caused through the faulty materials supplied to Formulated Systems, Inc. by Palmer Supplies Company.

WHEREFORE, Formulated Systems, Inc. demands judgment against Palmer in the amount of \$64,370.48 plus interest from March 28, 1998 to the present date, and costs.

Respectfully submitted,

---

Attorney for Defendants

Formulated Systems, Inc., through its attorney, Joseph Colavecchi, Esquire, files this Amended Counterclaim and respectfully avers as follows:

1. Plaintiff is Formulated Systems, Inc., a corporation organized and existing under the laws of the Commonwealth of Pennsylvania having its principal mailing address as 105 South Ninth Street, Philipsburg, Pennsylvania 16866.

2. Defendant is Palmer Supplies Company, a corporation having a mailing address of P. O. Box 74649, Cleveland, Ohio 44194.

3. Formulated Systems, Inc. was in the business of manufacturing epoxy flooring.

4. Formulated Systems, Inc. entered into a contract with Inter-Co Construction Company on August 27, 1997 to do certain work as described in the Subcontract Agreement No. 9720-06 for the sum of \$16,332.00. A copy of the Subcontract Agreement is attached hereto and marked Exhibit "A".

5. Formulated Systems, Inc. then submitted a proposal dated November 3, 1997 to Inter-Co Construction Company to do additional work. This was accepted by Inter-Co Construction Company. An agreement was entered into by Change Order No. 9720-109 dated November 11, 1997 setting out the previous contract total of \$16,332.00 and the amount of the change order in the amount of \$31,564.00 for a revised contract total of \$47,896.00. This change order was signed by Formulated Systems, Inc. on December 23, 1997 and formally accepted by Inter-Co Construction Company on January 21, 1998. A copy of the Change Order No. 9720-109 is attached hereto and marked Exhibit "B".

6. There was an additional change order, No. 9720-113, which amounted to a reduction of the square feet so that the cost deducted from the \$47,896.00 was reduced to \$45,422.00.

7. In addition, there was an add-on of Prime and Coat on 4,305.00 square feet of materials only which was in the amount of \$1,948.48 and made the total contract \$47,370.48.

8. The work was performed by Formulated Systems, Inc. both in October and November, 1997. In order to meet the deadline of December 1, 1997, Formulated Systems, Inc. worked over the Thanksgiving holidays to complete the job.

9. Formulated Systems, Inc. ordered the epoxy curative materials, being Ancamine 2143 from Palmer Supplies Company, said order having been on or about November 12, 1997, as shown on Invoice No. 0101874-IN, this being a curative material that Palmer Supplies Company sold and for which it was the sole distributor for its area and which it is alleged on information and belief that Palmer Supplies Company purchased from Air Products Corporation. Defendant had purchased this Ancamine 2143 on a number of other occasions and had no problems with it.

10. Formulated Systems, Inc. received the epoxy curative materials, being Ancamine 2143, from Palmer Supplies Company on or about November 12, 1997, and then installed the Ancamine 2143 on the job as per its contract with Inter-Co Construction Company, Inc. as set out above.

11. While Formulated Systems, Inc. was installing it, they found problems with the Ancamine 2143. When Defendant started

having problems with Ancamine 2143, Defendant notified Palmer Supplies Company. When Palmer Supplies Company was made aware of the type of problem that Defendant was having, Palmer Supplies Company suggested that Defendant use Ancamine 2286.

The original Ancamine 2143 had an apparent problem right from the beginning. After it had been installed, the work was rejected by Inter-Co Construction Company, Inc. because of the faulty materials of Ancamine 2143. After this was called to Palmer Supplies Company's attention, it then recommended Ancamine 2286.

12. As stated, the original rejection by Inter-Co Construction Company, Inc. was because of the faulty materials of Ancamine 2143 which is an epoxy curative material supplied by Palmer Supplies Company. After Palmer Supplies Company supplied the Ancamine 2286, Defendant was unable to reinstall and redo the work until January 1998. The Ancamine 2286 was actually received in December, but Defendant was unable to reinstall it until January 1998.

13. As a result of the faulty Ancamine 2143, it was necessary for Formulated Systems, Inc. to incur additional time, expense, and materials in order to do this work once again which it did so utilizing Ancamine 2286 and which resulted in the job being accepted by Inter-Co Construction Company, Inc. on March 28, 1998 and as shown on a copy of its acceptance agreement attached hereto and marked Exhibit C.

14. Palmer Supplies Company failed to give Defendant credit for the faulty Ancamine 2143 which it billed to Defendant and which had caused Defendant considerable damage and which was faulty material.

In order to do this additional work for Inter-Co Construction Company, Inc. using the Ancamine 2286, Formulated Systems, Inc. incurred additional costs as follows:

2 drums of Ancamine 2286 hardener @\$1426.50 per drum =	\$ 2,853.00
--	-------------

4 drums of NPEL 128 resin @\$722.65 per drum =	\$ 2,890.60
--	-------------

These materials were ordered to replace the products originally installed that were defective.

Freight of the above products is: (this includes freight into Defendant's facility and to the Instrument Speciality job)	\$ 478.40
--	-----------

Subcontractor's costs for re-preparation and installation:	<u>\$ 5,240.00</u>
---	--------------------

TOTAL ADDITIONAL COSTS:	\$11,462.00
-------------------------	-------------

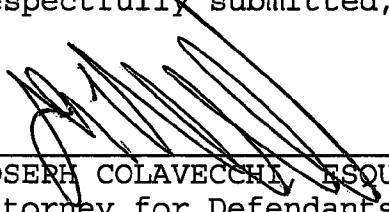

This made the total costs of the job to Formulated Systems, Inc. at \$58,832.48.

18. Inter-Co Construction Company, Inc. has refused to pay Formulated for this job because of the delay, all of which was caused through the faulty materials supplied to Formulated Systems, Inc. by Palmer Supplies Company.

19. It is alleged on information and belief that Palmer Supplies Company caused this problem because of the way it stored its Ancamine 2143. It is further alleged on information and belief that Palmer Supplies Company was aware that it had a problem with Ancamine 2143. Palmer Supplies Company switched Defendant to Ancamine 2286 without arguing about it because of the earlier problems Palmer Supplies Company had obviously had with the defective Ancamine 2143.

WHEREFORE, Chemtec Solutions, Inc., Successor-in-Interest of Formulated Systems, Inc., and Formulated Systems, Inc. demand judgment against Palmer Supplies Company in the amount of Fifty-Eight Thousand Eight Hundred Thirty-Two and 48/100 (\$58,832.48) Dollars plus interest from March 28, 1998 to the present date, and costs.

Respectfully submitted,

---

FOURTH. Should said Sub-contractor fail to begin, continue and complete the work as hereinbefore provided and should the Contractor suffer or permit said Sub-contractor to occupy more time than required under this agreement, in that event the said Sub-contractor hereby covenants and agrees to indemnify and save harmless the said Contractor from any loss or damages which he may be compelled to make good to the owner of said building, under or by virtue of the contract with the owner, for or on account of delay in the completion thereof, insofar as said delay was caused by the said Sub-contractor.

EIGHTH. The Sub-contractor hereby covenants and agrees to indemnify and save harmless the Contractor from any and all manner of claims or suits for infringements of patents or violation of patent rights, including all costs and expenses to which the Contractor may be put in defending any actions that may arise under this clause of the contract.

NINTH. The Sub-contractor agrees to indemnify and save harmless the Owner and General Contractor against loss or expense by reason of the liability imposed by law upon the Owner or General Contractor for damage because of bodily injuries, including death at any time resulting therefrom; accidentally sustained by any person or persons or on account of damage to property arising out of or on account of or in consequence of the performance of this contract, whether or not such injuries to persons or damage to the property are due or claimed to be due to any negligence of the Sub-contractor, his employees, his agents or servants.

TENTH. CIVIL ACTION - LAW

No. 00-462-CD

**PLAINTIFF'S PRELIMINARY OBJECTIONS TO ANSWER AND COUNTERCLAIM**

AND NOW, comes plaintiff, PALMER SUPPLIES COMPANY (hereinafter "Plaintiff") by and through its attorneys, John R. Keating, Esquire and VOLLMER RULONG & KEATING, P.C., and files the following Preliminary Objections to the Answer and Counterclaim filed on behalf of Defendants, CHEMTEC SOLUTIONS, INC., successor -in-interest of FORMULATED SYSTEMS, INC., and FORMULATED SYSTEMS, INC. (hereinafter "Defendants") pursuant to Pa. R.C.P. 1028 and avers as follows:

1. On or about April 19, 2000, Plaintiff, through its counsel, filed a complaint against the Defendants alleging that defendants are liable to plaintiff for an unpaid balance due for goods sold and delivered between on or about November 10, 1997 and December 16, 1997.
2. On or about July 11, 2000 Defendants filed an Answer and Counterclaim, denying the averments of Plaintiff's complaint and asserting a counterclaim based on their alleged receipt of damaged goods from Plaintiff. A copy of Defendants' Answer and Counterclaim is attached hereto as Exhibit "A".
3. On July 27, 2000, Plaintiff's counsel wrote the attorney for Defendants,

Joseph Colavecchi, Esquire, explaining that the averments of the Answer and Counterclaim fail to identify the specific product or material it claims to have been defective when Plaintiff sold it to the Defendants. A copy of Defendants' Answer and Counterclaim is attached hereto as Exhibit "B".

4. The Defendants entire counterclaim is predicated on damages it claims to have incurred as a result of its having used "...the proxy curative materials from Palmer Supplies Company" (Exhibit "A" paragraph 9) that it claims to have been defective. (Exhibit "A" paragraph 11).

5. During the period of 1994 through 1998, Plaintiff sold ten (10) different types of epoxy curatives to the Defendants, some on multiple occasions.

6. Plaintiff cannot effectively respond to the Defendants' counterclaim since it has no idea about which of the epoxy curatives is alleged to have caused the problems that the Defendants' experienced.

7. Further, Plaintiff is a seller of the curatives, not their manufacturer. If there is/was a defect, Plaintiff may have a claim against the manufacturer who could be named as an additional party to the litigation.

**I. PRELIMINARY OBJECTION RAISING INSUFFICIENT SPECIFICITY  
OF DEFENDANTS' ANSWER AND COUNTERCLAIM TO  
PURSUANT TO PA R. C. P. 1028(a)(3)**

8. The averments in paragraphs 1 through 7 are incorporated herein by reference as if fully set out herein.

9. It is clear from the shortcomings of the Defendants' pleading that plaintiff has not been provided with sufficient facts to permit it to file a reply to the Answer and Counterclaim.

10. Pa. R. C. P. 1019(a) requires that "the material facts on which a cause of action or defense is based shall be stated in a concise and summary form."

11. The Defendants' Answer and Counterclaim fails to disclose, (1) the identify of the product it claims to have been defective when purchased and/or (2) the date when the product was purchased.

12. The subject Answer and Counterclaim fails to set forth with sufficient specificity the nature or circumstances of any alleged defense to Plaintiff's claim or in support of their counterclaim to allow plaintiff to adequately prepare a response.

13. Frankly, Defendants' have failed to even show that the subject epoxy curative was purchased from the Plaintiff to begin with.

14. In short, the Answer and Counterclaim is vague and ambiguous at best.

WHEREFORE, Plaintiff respectfully requests that this court to sustain its objection and to strike the original Answer and Counterclaim and to enter an order directing the Defendants to file an amended answer to more specifically plead the averments of its alleged defense and counterclaim.

Respectfully submitted,  
VOLLMER RULONG & KEATING, P.C.

### COUNTERCLAIM

Formulated Systems, Inc., through their attorney, Joseph Colavecchi, Esquire, files this Counterclaim and respectfully avers as follows:

1. Plaintiff is Formulated Systems, Inc., a corporation organized and existing under the laws of the Commonwealth of Pennsylvania having its principal mailing address as 105 South Ninth Street, Philipsburg, Pennsylvania 16866.

2. Defendant is Palmer Supplies Company, a corporation having a mailing address of P. O. Box 74649, Cleveland, Ohio 44194.

3. Formulated Systems, Inc. was in the business of manufacturing epoxy flooring.

4. Formulated Systems, Inc. entered into a contract with Inter-Co Construction Company on August 27, 1997 to do certain work as described in the Subcontract Agreement No. 9720-06 for the sum of \$16,332.00. A copy of the Subcontract Agreement is attached hereto and marked Exhibit A.

5. Formulated Systems, Inc. then submitted a proposal dated November 3, 1997 to Inter-Co Construction Company to do additional work. This was accepted by Inter-Co Construction Company. An agreement was entered into by Change Order No. 9720-109 dated November 11, 1997 setting out the previous contract total of \$16,332.00 and the amount of the change order in the amount of \$31,564.00 for a revised contract total of \$47,896.00. This change order was signed by Formulated Systems, Inc. on December 23, 1997 and formally accepted by Inter-Co Construction Company on January 21, 1998. A copy of the Change Order No. 9720-109 is attached hereto and marked Exhibit B.

6. There was an additional change order, No. 9720-113, which amounted to a reduction of the square feet so that the cost deducted from the \$47,896.00 was reduced to \$45,422.00.

7. In addition, there was an add-on of Prime and Coat on 4,305.00 square feet of materials only which was in the amount of \$1,948.48 and made the total contract \$47,370.48.

8. The work was performed by Formulated Systems, Inc. both in October and November, 1997. In order to meet the deadline of December 1, 1997, Formulated Systems, Inc. worked over the Thanksgiving holidays to complete the job.

9. Formulated Systems, Inc. had ordered the epoxy curative materials from Palmer Supplies Company which was the sole distributor for their area and which it is alleged on information and belief purchased the epoxy curative from Air Products Corporation.

10. Formulated Systems, Inc. received the epoxy curative materials from Palmer Supplies Company and installed them on the job as per their contract with Inter-Co Construction Company, Inc. as set out above.

11. After the job had been completed by Formulated Systems, Inc., it was then inspected by Inter-Co Construction Company, Inc. at the end of November 1997, at which time Inter-Co Construction Company, Inc. rejected the work because of the faulty materials supplied by Palmer Supplies Company. The epoxy curative materials were defective.

12. The rejection by Inter-Co Construction Company, Inc. of this job was caused by the faulty epoxy curative materials as supplied by Palmer Supplies Company to Formulated Systems, Inc.

13. Formulated Systems, Inc. then had to incur additional time and expense and materials in order to do the work once again which

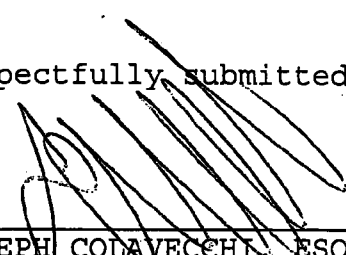

they did do and which resulted in the job being accepted by Inter-Co Construction Company, Inc. on March 28, 1998 and as shown on a copy of their acceptance agreement attached hereto and marked Exhibit C.

14. In order to do this additional work, Formulated Systems, Inc. incurred additional costs for labor and materials of \$17,000.00 which made the total cost of the job to Formulated Systems, Inc. \$64,370.48.

18. Inter-Co Construction Company, Inc. has refused to pay Formulated for this job because of the delay, all of which was caused through the faulty materials supplied to Formulated Systems, Inc. by Palmer Supplies Company.

WHEREFORE, Formulated Systems, Inc. demands judgment against Palmer in the amount of \$64,370.48 plus interest from March 28, 1998 to the present date, and costs.

Respectfully submitted,

JOSEPH COLAVECCHI, ESQUIRE  
Attorney for Defendants

FOURTH. Should said Sub-contractor fail to begin, continue and complete the work as hereinbefore provided and should the Contractor suffer or permit said Sub-contractor to occupy more time than required under this agreement, in that event the said Sub-contractor hereby covenants and agrees to indemnify and save harmless the said Contractor from any loss or damages which he may be compelled to make good to the owner of said building, under or by virtue of the contract with the owner, for or on account of delay in the completion thereof, insofar as said delay was caused by the said Sub-contractor.

FIFTH. The Sub-contractor shall provide sufficient, safe and proper facilities at all times for the inspection of the work by the Architect, the Contractor or his authorized representatives. He shall, at once, remove all materials and take down and rebuild all portions of the work condemned by the Architect or Contractor, upon receiving notice in writing of such condemnation.

SEVENTH. No extra work or changes under this contract will be recognized or paid for, unless agreed to in writing before the work is done or the changes made; in which writing shall be specified in detail the extra work or changes desired, the price to be paid or the amount to be deducted, should said changes decrease the amount to be paid hereunder.

EIGHTH. The Sub-contractor hereby covenants and agrees to indemnify and save harmless the Contractor from any and all manner of claims or suits for infringements of patents or violation of patent rights, including all costs and expenses to which the Contractor may be put in defending any actions that may arise under this clause of the contract.

NINTH. The Sub-contractor agrees to indemnify and save harmless the Owner and General Contractor against loss or expense by reason of the liability imposed by law upon the Owner or General Contractor for damage because of bodily injuries, including death at any time resulting therefrom; accidentally sustained by any person or persons or on account of damage to property arising out of or on account of or in consequence of the performance of this contract, whether or not such injuries to persons or damage to the property are due or claimed to be due to any negligence of the Sub-contractor, his employees, his agents or servants.

TENTH. The Sub-contractor shall protect and indemnify said Contractor against any loss or damage suffered by any one arising through the negligence of the Sub-contractor, or those employed by him or his agent or servants; he shall bear any expense which the Contractor may have by reason thereof, or on account of being charged therewith; and if there are any such injuries to persons or property unsettled for, when the work herein provided for is finished, final settlement between the Contractor and Sub-contractor shall be deferred until such claims are adjusted or suitable special indemnity acceptable to the Contractor is provided by the Sub-contractor.

THIRTEENTH. This contract shall not be assigned by the Sub-contractor. Any attempt to assign the contract shall operate as an instant forfeiture and repudiation thereof by the Sub-contractor and the rights of the parties shall be determined in the same manner as though the Sub-contractor had at the time of such attempted assignment failed and refused to continue to perform the contract.

FOURTEENTH. It is expressly UNDERSTOOD AND AGREED by and between the parties hereto that time is and shall be considered the essence of the contract on the part of the said Sub-contractor, and in the event that the said Sub-contractor shall fail in the performance of the entire work to be performed under this contract, by and at the time or times herein mentioned or referred to, the said Sub-contractor shall pay unto the said Contractor, as and for liquidated damages, and not as a penalty, in view of the difficulty of estimating such damages with exactness, is hereby expressed, fixed, computed, determined and agreed upon as the damages which will be suffered by the Contractor by reason of such default; and it is understood and agreed by the parties of this contract that the liquidated damages hereinbefore mentioned are in lieu of the actual damages arising from such breach of this Contract, which said sum the said Contractor shall have the right to deduct from any moneys otherwise due or to become due to the said Sub-contractor, or to sue for and recover compensation or damages for the non-performance of this contract at the time or times herein stipulated or provided for.

The Sub-contractor knows that the Contractor must have his contract performed on or before the ..... day of .....; and it is therefore understood and agreed that the work provided for herein shall be entirely completed .....

COMPLETE BY SEPTEMBER 29, 1997

No allowance for time will be made Sub-contractor for delay in preparing his drawings or in securing approval of Architect hereto when such drawings are not properly prepared for approval of Architect.

When extension of time for strikes or fire casualties has been granted Contractor by Architect or Owner, the same extension will be granted said Sub-contractor.

The Sub-contractor further agrees that he will within ten days from date provide the Contractor with a bond in the ..... conditioned for the faithful performance of this contract in all its particulars, duly executed with Surety company acceptable to the Contractor, as surety, and in the form and contents acceptable to the Contractor.

IN CONSIDERATION WHEREOF, the said Contractor agrees that he will pay to the said Sub-contractor the sum of SIXTEEN THOUSAND THREE HUNDRED THIRTY TWO DOLLARS (\$16,332.00) for said materials and work, said amount to be paid as follows: Ninety per cent. (90%) of all labor and material which has been placed in position and for which payment has been made by said "Owner" to said Contractor, to be the last payment, which the said Contractor shall pay to said Sub-contractor immediately after said materials and labor installed by said Sub-Contractor have been completed, approved by the said Architect, and final payment received by the Contractor and satisfactory evidence furnished to Contractor by Sub-Contractor that all labor and material accounts for use on this particular work have been paid in full.

NEW MATTER TO COUNTERCLAIM**

AND NOW, comes plaintiff, PALMER SUPPLIES COMPANY (hereinafter "Plaintiff") by and through its attorneys, John R. Keating, Esquire and VOLLMER RULONG & KEATING, P.C., and files the following Reply to Amended Answer and Counterclaim and New Matter to Counterclaim and avers as follows:

**REPLY TO ANSWER**

1 - 18. Plaintiff incorporates herein by reference, Paragraphs 1 through 18 of its Complaint in Civil Action as though set forth at length.

**REPLY TO COUNTERCLAIM**

1. Admitted.

2. Admitted.

3. Admitted.

4. Denied. The averments of Paragraph 4 of Counterclaim Plaintiffs'

Amended Answer and Counterclaim are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations and the same are therefore denied. The document attached to the Amended Answer as Exhibit "A" speaks for itself. The fact that the

Counterclaim Plaintiff entered into a contract with a third party is irrelevant to the issues at hand.

5. Denied. The averments of Paragraph 5 of Counterclaim Plaintiffs' Amended Answer and Counterclaim are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations and the same are therefore denied. The Counterclaim Defendant was not a party to the contract referenced in the counterclaim and has no way of knowing if the allegations contained therein are true. The document attached to the Amended Answer as Exhibit "B" speaks for itself. The fact that the Counterclaim Plaintiffs entered into a contract with a third party, or that the same was amended after it was originally proposed is irrelevant to the issues at hand.

6. Denied. The averments of Paragraph 6 of Counterclaim Plaintiffs' Amended Answer and Counterclaim are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations and the same are therefore denied. The Counterclaim Defendant was not a party to the contract referenced in the counterclaim and has no way of knowing if the allegations contained therein are true.

7. Denied. The averments of Paragraph 7 of Counterclaim Plaintiffs' Amended Answer and Counterclaim are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations and the same are therefore denied. The Counterclaim Defendant was not a party to the contract referenced in the counterclaim and has no way of knowing if the allegations contained therein are true.

8. Denied. The averments of Paragraph 8 of Counterclaim Plaintiffs' Amended Answer and Counterclaim are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit

a formal response to the allegations and the same are therefore denied. The Counterclaim Defendant was not a party to the contract referenced in the counterclaim and has no way of knowing if the allegations contained therein are true. Further, Counterclaim Defendant has no knowledge or concern about the time period in which the Counterclaim Plaintiffs perform the work that involves a contract entered with a third party.

9. Admitted in part and Denied in Part. The averments of Paragraph 9 of Counterclaim Plaintiffs' Amended Answer and Counterclaim are admitted in part and denied in part. It is denied that the Counterclaim Plaintiffs ordered Ancamine 2143 from Counterclaim Defendant on November 12, 1997. It is admitted, however, that such product was ordered on November 10, 1997. It is also admitted that the Counterclaim Plaintiffs' had ordered the same from the Counterclaim Defendant on other occasions. It is admitted that the Counterclaim Defendant purchased the Ancamine 2143 from Air Products Corporation. It is admitted that Counterclaim Defendant is the sole distributor for Ancamine 2143 in "its" area but denied that it is the only distributor from whom the Counterclaim Plaintiffs' can and do purchase Air Products Corporations' products.

10. Admitted in part and Denied in Part. The averments of Paragraph 10 of Counterclaim Plaintiffs' Amended Answer and Counterclaim are admitted in part and denied in part. It is admitted that the Counterclaim Plaintiffs received Ancamine 2143 from Counterclaim Defendant on or about November 12, 1997. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations and the same are therefore denied. The Counterclaim Defendant was not a party to the contract referenced in the counterclaim and has no way of knowing if the Ancamine 2143 was used on the job identified in the Counterclaim Plaintiffs' Amended Answer and Counterclaim.

Counterclaim Plaintiffs purchased four (4) different lots of Ancamine 2143 in 1997. Counterclaim Defendant cannot possibly determine which batch the Counterclaim Plaintiffs used on any given job.

11. Denied. The averments of Paragraph 11 of Counterclaim Plaintiffs' Amended Answer and Counterclaim are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations and the same are therefore denied. The Counterclaim Plaintiffs' have not indicated what "problems" they claim to have found with the Ancamine 2143. The "problem" could have been the Counterclaim Plaintiffs' use of an incorrect product for the type of work that was being performed. It is also denied that the Counterclaim Plaintiffs' notified the Counterclaim Defendant of any problems involving the Ancamine 2143. The first notice of an alleged problem was the original answer that the Counterclaim Plaintiffs' filed in this case. By way of further response, Counterclaim Defendant never notified the Counterclaim Plaintiffs' that they could or should use Ancamine 2286.

After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations that Inter-Co Construction Company, Inc. rejected the work. Even if it rejected the work, it is denied that the Ancamine 2143 which was sold to Counterclaim Plaintiffs was the cause. Again, the Counterclaim Plaintiffs never notified the Counterclaim Defendant of any problem with the product. Neither the Counterclaim Defendant or its supplier, Air Products Corporation received any complaints from the Counterclaim Plaintiffs or any other customer that purchased Ancamine 2143 from the same lot that was sold in the case at bar.

12. Admitted in part and denied in part. The averments of Paragraph 12 of Counterclaim Plaintiffs' Amended Answer and Counterclaim are admitted in part and

denied in part. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations and the same are therefore denied. The Counterclaim Plaintiffs' have not indicated what "problems" they claim to have found with the Ancamine 2143. The Counterclaim Defendant has no way of knowing why Inter-Co Construction rejected the Counterclaim Plaintiff's work. It is denied that there was anything wrong with the Ancamine 2143 that had been sold. Again, the Counterclaim Plaintiffs never notified the Counterclaim Defendant of any problem with the product. Neither the Counterclaim Defendant or its supplier, Air Products Corporation received any complaints from any other customer that purchased Ancamine 2143 from the same lot that was sold in the case at bar. The first notice of an alleged problem was the original answer that the Counterclaim Plaintiffs' filed in this case.

It is admitted that the Counterclaim Defendant sold Ancamine 2286 to the Counterclaim Plaintiff as reflected on Exhibit "2" of the complaint in this case. The product was ordered and shipped on December 1, 1997 for delivery on December 2, 1997. As for the remaining averments of paragraph 12 of the Counterclaim Plaintiffs Answer and Counterclaim, the same are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations that the Counterclaim Plaintiffs' were unable to "reinstall it until January 1988". The Counterclaim Plaintiffs' have not explained their delay in performing their contract with their customer, Inter-Co Construction until January of 1998. They had the Ancamine 2286 product in hand on December 2, 1997. By their own admission, the Counterclaim Plaintiff's sat on the materials for over a month before performing the "reinstall" in January of 1998. They are estopped to blame any delay on the Counterclaim Defendant.

13. Denied. The averments of Paragraph 13 of Counterclaim Plaintiffs' Amended Answer and Counterclaim constitute conclusions of law to which no response is required. To the extent a response is deemed necessary, they are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations and the same are therefore denied. As set forth in the preceding paragraphs, the Counterclaim Plaintiffs have not indicated in any fashion, what "problem" was found with the product, nor have they indicated what fault might have existed with the product. The Counterclaim Plaintiffs' have not explained their delay in performing their contract with their customer, Inter-Co Construction until January of 1998. They had the Ancamine 2286 product in hand on December 2, 1997. By their own admission, the Counterclaim Plaintiff's sat on the materials for over a month before performing the "reinstall" in January of 1998. They are estopped to blame any delay or resulting cost on the Counterclaim Defendant. The Counterclaim Plaintiffs have not show that the Counterclaim Defendant or its product had anything to do with their failure to perform their contract with Inter-Co. It is also denied that Exhibit "C" is a copy of the acceptance agreement from Inter-Co. pertaining to the job in question.

14. Denied. The averments of Paragraph 14 of Counterclaim Plaintiffs' Amended Answer and Counterclaim constitute conclusions of law to which no response is required. To the extent a response is deemed necessary, they are denied. It is true that the Counterclaim Defendant has not given a credit to the Counterclaim Plaintiffs for the Ancamine 2143 or related materials simply because a credit was not due to be issued. The Counterclaim Plaintiffs have not indicated in any fashion, what "problem" was found with the product, nor have they indicated what fault might have existed with the product. The Counterclaim Plaintiffs never notified the Counterclaim Defendant of any problem with the product prior to the commencement of this action. Countless

reasons were given for the Counterclaim Plaintiffs' failure to pay for the products it had purchased but never was a claim made about there being a problem with the materials. Neither the Counterclaim Defendant or its supplier, Air Products Corporation received any complaints from any other customer that purchased Ancamine 2143 from the same lot that was sold in the case at bar.

The Counterclaim Plaintiffs are estopped to claim that they were damaged by having to "purchase" Ancamine 2286 when there has been no showing that the need for the product had anything to do with the Counterclaim Defendant. In addition, they cannot make a claim for the cost of the Ancamine 2286 or even the Ancamine 2143 since they have not paid Plaintiff for either.

As for the total cost that the Counterclaim Plaintiffs claim to have incurred in performing the InterCo job, the same must be denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations that the Counterclaim Plaintiffs' cost for performing the job were \$58,832.48. Even if that figure is correct, it is totally irrelevant to the case at bar.

15. - 17. [Counterclaim Plaintiffs' have not used these numbers]

18. Denied. The averments of Paragraph 18 of Counterclaim Plaintiffs' Amended Answer and Counterclaim constitute conclusions of law to which no response is required. To the extent a response is deemed necessary, they are denied. After reasonable investigation, Counterclaim Defendant is without knowledge, information or belief sufficient to permit a formal response to the allegations that the Counterclaim Plaintiffs was denied payment by its customer, Inter-Co Construction for work that they had performed. To the extent the Counterclaim Plaintiffs' are claiming that the Counterclaim Defendant is in anyway responsible for their failure to perform their contract with Inter-Co. Construction, the same are denied. The Counterclaim

Defendant have not sold a defective product to the Counterclaim Plaintiffs. If there was a problem with their job, it was caused solely by their failure to perform.

19. Denied. The averments of Paragraph 19 of Counterclaim Plaintiffs' Amended Answer and Counterclaim constitute conclusions of law to which no response is required. To the extent a response is deemed necessary, they are denied. For the reasons set forth in the preceding paragraphs 1 through 14 which are incorporated herein by reference as though set forth at length, it is denied that the Counterclaim Defendant improperly stored any of the materials that were sold to the Counterclaim Plaintiffs. It is denied that the Counterclaim Defendant had any knowledge of a defect in the Ancamine 2143 that had been sold to the Counterclaim Plaintiffs. It is also denied that the Counterclaim Defendant suggested to the Counterclaim Plaintiffs that they use Ancamine 2286. Counterclaim Defendant has no record of any conversations taking place with the Counterclaim Plaintiffs about an alleged defect or of the need for them to use Ancamine 2286.

WHEREFORE, Counterclaim Defendant, requests judgment in its favor and against Counterclaim Plaintiffs on Counterclaim Plaintiffs alleged counterclaim and in its favor and against the Defendant in the principal sum of \$11,772.57 plus interest at the legal rate of six percent (6%) per annum from an average due date of January 1, 1998 plus cost as prayed for in its complaint.

**NEW MATTER TO COUNTERCLAIM**

20. Counterclaim Defendant incorporates herein by reference, Paragraphs 1 through 18 of its Complaint in Civil Action and 1 through 19 above as though set forth at length.

21. Counterclaim Plaintiffs have failed to state a claim upon which relief may be granted.

22. Counterclaim Plaintiffs are estopped to deny owing the balance that has been demanded in the complaint in civil action that was filed of record with this court. The Counterclaim Plaintiffs never notified the Counterclaim Defendant of any problem that might have been experienced with the Ancamine 2143 product that had been purchased. The only noted dispute involved a color change question which resulted in a \$200.00 credit to the Counterclaim Plaintiffs.

23. Counterclaim Plaintiffs failed to mitigate the damages they claim have incurred as a result of their delay in meeting their contractual obligations to their customer, Inter-Co. Construction Company, Inc. They sat on the Ancamine 2286 product from December 2, 1997 until January 28, 1998 before completing the installation that they had been requested to perform.

24. Counterclaim Plaintiffs failure to pay from the product at issue in the complaint has been in bad faith.

25. Counterclaim Defendant has reviewed its records and those of its supplier, Air Products Corporation and has no record of any complaints being received from the Counterclaim Plaintiffs OR ANY OTHER CUSTOMER who had purchased the same Ancamine 2143 from the same lot.

26. If there was a problem with the Ancamine 2143, it was a result of the Counterclaim Plaintiffs failure to store and maintain the materials properly after the same had been delivered.

27. The Counterclaim Plaintiffs have not shown and cannot show how the Counterclaim Defendant is responsible for the Counterclaim Plaintiffs failure to keep to their contract with their customer - Inter-Co. Construction Company, Inc.

WHEREFORE, Counterclaim Defendant, requests judgment in its favor and against Counterclaim Plaintiffs on Counterclaim Plaintiffs alleged counterclaim and in its

favor and against the Defendant in the principal sum of \$11,772.57 plus interest at the legal rate of six percent (6%) per annum from an average due date of January 1, 1998 plus cost as prayed for in its complaint.

REPLY TO NEW MATTER TO COUNTERCLAIM

Chemtec Solutions, Inc., successor-in-interest of Formulated Systems, Inc., and Formulated Systems, Inc., Defendants in the above-captioned case and Plaintiffs on the Counterclaim file their Reply to the New Matter to Counterclaim of Palmer Supplies Company and respectfully avers as follows:

20. This does not require a reply.

21. Denied for reasons as set forth in the Counterclaim.

22. Denied. Robert Peck notified Joe Mascia of Palmer Supplies by telephone about the problem and later problems with Anca 2143. Joe Mascia led Robert Peck to believe that the problem was with storage at his facility and not of Palmer Supplies or Air Products. It was not until the next shipment that was checked by Robert Peck at which time he found 8" of slush in the bottom of the drum. He again called Joe Mascia who advised him that it would not cause a "functional" problem and to heat the product to restore it.

While it may have been functional, it was the crystals that caused the problems associated with the non-approval by Inter-Co Construction. Plaintiff on the Counterclaim received no credit for the material from Palmer Supply which he believeid was due to the outstanding invoices pertaining to Inter-Co.

23. Denied. The products are warranted for six months or longer depending on the type of product. Plaintiffs on the Counterclaim did not sit on this problem. From December 2, 1997, to January 28, 1998, Plaintiffs on the Counterclaim spent a great deal of effort and expense in first determining the nature of the problem so that it was not repeated. Plaintiffs on the Counterclaim then had to wait for the right scheduling at which time they did then perform the requested installation.

24. Denied. On the contrary, Plaintiffs on the Counterclaim should have at least been issued credit for product and for this reason, alone, the failure to pay could not have been in bad faith. It is further alleged on information and belief that the buyout of Joe Mascia by Palmer was one of the reasons this was buried so that it would not interfere with the negotiations.

25. Denied. Air Products would not have any records of this product being defective as it was the incorrect storage of this material by Palmer Supplies that led to its crystallization. Air Products did not have any record of problems prior to that when Plaintiffs on the Counterclaim did get a credit and replacement for this product. Air Products appears to have little control over how

their distributors store and ship their products even though Plaintiff on the Counterclaim was given a certificate of analysis by them to prove the product was acceptable, when it was not.

26. Denied. As set out above, this was the position taken by Joe Mascia as a defense for shipping defective product. It was when Plaintiffs on the Counterclaim checked a drum immediately after arrival that they found it was being shipped in this manner. It is alleged on information and belief that Joe Mascia was aware of these storage problems and continued to ship the product.

27. Denied for the reasons as set out above.

WHEREFORE, Plaintiffs on the Counterclaim ask that the New Matter be dismissed and that judgment be entered in favor of Plaintiffs on the Counterclaim, together with interest and costs.

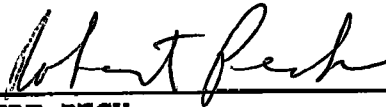

Respectfully submitted,

---
