Re: Angino & Rovner, P.C. v. Ashland Regional Medical Center, et al.
Dauphin County docket number : 3586 S 1994

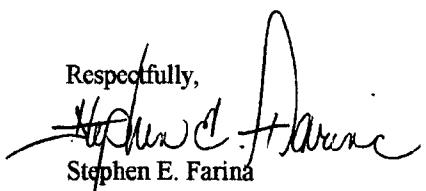

Dear Prothonotary Shaw:

Recently the Honorable Scott A. Evans ordered the Prothonotary of Dauphin County to transfer the case files in three separate class action cases to thirty six counties within the Commonwealth. I wish to apologize for the condition and preparation in which these cases were delivered to the various counties. In an effort to maintain favorable relations with the petitioning counsel, I afforded them the opportunity to copy and prepare the case files themselves, at considerable less expense to them, than if my staff had done the copying and preparation. I was not aware of the fact that they did not prepare the file in a chronological format nor copy the time stamp stating when the various documents were filed, at the time of mailing. I was aware of the fact that none of the pleadings, other than the order directing the transfer and the docket pages, were certified as true and correct copies. This was done in order to expedite the transfer although not in compliance with PaRCP 1006(3).

The case file which was transferred to your county, was transferred to twenty one counties. It has been brought to my attention that several documents were missing in this action. Enclosed are the missing documents. The docket sheets indicate that on March 29, 1995 plaintiff's brief in response to defendants motion to strike was filed. We have determined this to be a clerical error and a duplicate entry of the March 28, 1995 docket entry.

Again, I apologize for the inconvenience I am sure this has caused you and your staff.

Respectfully,

Stephen E. Farina
