**PRELIMINARY OBJECTIONS OF DEFENDANT
GARY BOWMAN AND BOWMAN MASONRY
TO PLAINTIFF'S COMPLAINT**

1. On August 31, 2000, Defendant Gary Bowman, individually and d/b/a Bowman Masonry was served with Plaintiff's Complaint.
2. According to the Complaint, the Plaintiff, Swisher Concrete Products, has a principal place of business located in Clearfield, Pennsylvania.
3. The Complaint is verified by David P. Eastlack, Esquire, Attorney for the Plaintiff.
4. The Complaint fails to conform to Pa.R.C.P. 1024 which requires that every pleading containing an averment of fact shall be verified by the party unless the party lacks sufficient knowledge or information or is outside the jurisdiction of the Court.
5. As a result of Attorney Eastlack's failure to provide Plaintiff's verification, Defendants have no way of knowing whether Swisher Concrete agrees with the averments made by the attorney in the Complaint.

6. The Complaint seeks property damage "in excess of" \$106,514.71 resulting from a roof collapse on January 16, 1999. See Paragraph 7 of Plaintiff's Complaint.

FILED
SEP 11 2000
William A. Shaw
Prothonotary

7. The Complaint avers that Plaintiff contracted with Defendant Pellas to install the trusses which would form the frame of the roof on the storage building and contracted with Defendant Bowman to construct the building itself. See Paragraphs 4-5 of Plaintiff's Complaint.

8. If Plaintiff contracted with Defendant Pellas to install the trusses, then there is no basis for at Paragraph 9(b) and 13(b) alleging that Defendant Bowman was negligent and breached its contract with Plaintiff by "failing to properly design, assemble, fabricate, manufacture, and/or install the trusses."

9. Further, the averments of negligence set forth at Paragraph 9(a)-(c) and 13(a)-(c) do not contain sufficient material facts to allow Defendant Bowman to prepare a defense.

10. Defendant Bowman is entitled to know what applicable building industry standards and codes were violated, what, if any, involvement it allegedly had concerning the trusses, and what so-called proper and adequate precautions should have been taken to protect Plaintiff's property.

11. The averments at Paragraph 9(a)-(c) and 13(a)-(c) constitute nonspecific averments which should be stricken under *Conner v. Allegheny General Hospital*, 501 Pa. 306, 461 A.2d 600 (1983) and applicable rules of Court as set forth in Pa.R.C.P. 1019(a).

12. Further, at Paragraph 12 of the Complaint, Plaintiff avers that he entered into an express and/or implied contract with Defendant Bowman without indicating whether the contract was in writing.

13. Pa.R.C.P. 1019(h) requires that a pleading shall specifically state whether any claim is based upon a writing which should under ordinary circumstances be attached to a copy of the pleading.

14. Finally, the Complaint makes no averment as to when the building was constructed prior to the accident although Pa.R.C.P. 1019(f) requires averments of time, place and items of special damages to be specifically stated.

WHEREFORE, Defendant Gary Bowman individually and d/b/a Bowman Masonry requests a more specific and properly verified complaint and that the claims made against him concerning the trusses be stricken.
