PETITION TO COMPROMISE AND SETTLE
MINOR'S PERSONAL INJURY ACTION

AND NOW, comes Your Petitioner, Cynthia J. Gibson,
parent and natural guardian of Crystal Gibson, by and through her
attorney, Richard H. Milgrub, Esquire, who files the following
Petition:

1. Your Petitioner is the parent and natural guardian
of Crystal Gibson, a minor, born 9/22/88, who is presently 14
years of age, and was injured on 11/9/01 when Defendant, Duane E.
Painter, drove a vehicle owned and operated by B. Thomas, off the
road and into an embankment.

2. Minor, Crystal Gibson's, injuries, in the accident
included right flank and abdominal pain, disfigurement,
indentation of right flank/lower abdomen, and disfigurement of
neck.

3. Defendant's insurance company has offered a
settlement in the gross amount of Twenty-five thousand dollars
(\$25,000.00), policy limits, on behalf of the Defendant as more
fully set forth in the Releases annexed to this Petition.

THE LAW OFFICES OF
RICHARD H. MILGRUB

4. Counsel was retained on a forty percent (40%) contingent fee basis for Petitioner. All of minor's medical bills have been paid by insurance. Counsel's expenses and fees are outlined in a Schedule of Distribution. A copy of counsel's Schedule of Distribution is attached and marked as Exhibit "B".

5. Petitioner's counsel recommends the case settlement and the proposed distribution because the settlement reflects the full policy limits and the distribution is fair and reasonable under the circumstances.

6. Petitioner, Cynthia J. Gibson, parent and natural guardian of Crystal Gibson, approved the case settlement and the proposed distribution because the settlement reflects the full policy limits and furthermore, that there is additional underinsurance.

7. A copy of the most recent medical report of the treating physician indicating minor, Crystal Gibson's, present condition is attached as Exhibit "C".

WHEREFORE, Your Petitioner requests that the proposed Order annexed to this Petition as Exhibit "B" be entered approving the compromise, allowing counsel fees and costs, and Ordering distribution as set forth.

RELEASE OF ALL CLAIMS

KNOW ALL MEN: FOR AND IN CONSIDERATION of the payment to me at this time of the sum of Twenty-five thousand dollars (\$25,000.00), the receipt and sufficiency of which is hereby acknowledged, I being of lawful age, do hereby release, acquit and forever discharge Duane E. Painter and Bristol West Insurance Group of and from any and all actions, causes of action, claims demands, costs, loss of services, expenses and compensation on account of, or in any way growing out of, any and all known and unknown personal injuries and property damage resulting or to result from an accident that occurred on November 9, 2001 at or near the intersection of SR 4008 and SR 4010 in Brady Township, Clearfield County, Pennsylvania.

To procure payment of said sum, I hereby declare that I am more than 18 years of age; that no representations about the nature and extent of said injuries disabilities or damages made by any physician, attorney or agent of any party hereby released, nor any representations regarding the nature and extent of legal liability or financial responsibility of any of the parties hereby released, have induced me to make this settlement; that in determining said sum there has been taken into consideration not only the ascertained injuries, disabilities and damages, but also the possibility that the injuries sustained may be permanent and progressive and recovery therefrom uncertain and indefinite, so that consequences not now anticipated may result from the said accident.

It is mutually understood and agreed that this settlement is the compromise of a doubtful and disputed claim, and that the payment is not to be construed as an admission of liability on the part of the person, firm or corporation released, by whom liability is expressly denied.

This Release contains the ENTIRE AGREEMENT between the parties hereto and the terms of this Release are contractual and not a mere recital.

I further state that I have carefully read the foregoing release and know the contents thereof, and I sign the same as my free act for the purpose of making a full and final compromise, adjustment and settlement of the injuries and damages mentioned above.

Re: Crystal Gibson

Dear Dr. Lundgren,

I had the pleasure of evaluating Crystal Gibson in the office on October 21, 2002.

HISTORY OF PRESENT ILLNESS: Crystal Gibson is a 14-year-old female with an 11-month history of right flank and abdominal pain. Patient states that she was in a motor vehicle accident in November of 2001. She was a belted passenger in the back passenger side seat of the vehicle. The car was involved in a front-impact collision. She has had pain in the right flank and abdomen since the accident. At this time the patient relates a sore, achy pain, which is increased with movement. Patient denies any pain at rest. She relates a pulling sensation with rotation at the trunk. There is also pain with direct pressure to the area. She denies any numbness or tingling. She denies any radiation of symptoms into the extremities. She was seen by Dr. Fatula as well as Dr. Paula Lundgren in the past. A CT scan of the abdomen was unremarkable. Chest and abdominal X rays were without abnormality. She denies any treatment for this problem. She denies taking any medications currently.

ALLERGIES: No known allergies.

MEDICATIONS: None.

PAST MEDICAL HISTORY: Patient denies any past medical history, she denies any hospitalizations or surgeries.

FAMILY HISTORY: Mother with breast CA.

SOCIAL HISTORY: Patient is currently attending middle school in DuBois. She denies smoking cigarettes, drinking alcohol, or any illegal drug use. She does not currently have a job.

REVIEW OF SYSTEMS: Patient denies recent change in vision, hearing, or headaches. There is no dysphagia or throat pain; there is no chest pain, shortness of breath, palpitations, coughing, wheezing, or hemoptysis. There is no recent change in bowel or bladder habits. Patient does

relate right flank and abdominal pain. She denies any numbness or tingling in the abdomen. She denies any pain, numbness, or tingling in the extremities. There are no fevers or night sweats.

PHYSICAL EXAMINATION: Patient is sitting comfortably, alert and oriented X 3, in no acute distress. **HEENT:** Normocephalic, atraumatic. Pupils equal and round, extraocular movements intact, sclera anicteric, nares are patent, pharynx is clear without erythema or exudate. Neck—no lymphadenopathy, thyromegaly, or JVD. **Cardiovascular**—regular without ectopy or murmurs. **Lungs**—clear to auscultation without rales, rhonchi, or wheezes. **Abdomen**—active bowel sounds. There is tenderness to deep palpation in the right lower quadrant and right flank. There is an indentation noted suggestive of fat necrosis along the right abdomen and flank. The abdomen is nondistended, there is no organomegaly, and there is minimal discomfort with performing a sit-up. There is increased discomfort with rotational crunches. **Musculoskeletal**—Strength is 5/5 with shoulder abduction, elbow flexion, elbow extension. There is good grip strength. Lower extremity strength is 5/5 at the hips, knees, and ankles. There is no abdominal pain noted with resisted hip flexion. **Neurologic**—Cranial nerves 2 through 12 are grossly intact. Biceps, triceps, brachioradialis, and patellar reflexes are symmetric, sensation is intact to the upper and lower extremities to light touch, and there was no abnormal sensation noted in the abdominal region. **Extremities**—There is no significant edema, cyanosis, or calf tenderness noted. Distal pulses are intact.

ASSESSMENT: Crystal Gibson is a 14-year-old female seen in the office today with the following diagnoses: 1. Right flank and abdominal pain, status post trauma, muscular in nature. 2. Evidence of fat necrosis.

PLAN: At this time we will initiate a physical therapy program to include electrical stimulation, massage, myofascial release, moist heat, and abdominal strengthening, with transition to a home exercise program. Patient will follow up in the office in one month to assess her progress with therapy. If the patient continues with pain, we will consider a TENS trial.

Thank you for allowing me to participate in the care of your patient. If you have any questions please feel free to contact me.

Sincerely,

Lauren R. Hallstrom, MD
