- c. The sump pumps are required to have adequate sump capacity to control excessive runoff.
- d. Swales along Fairway Lane are to collect and convey runoff to a storm drain.
- e. 15" storm drains were to be installed under Fairway Lane and to the existing drainage structure.

12. The Lawrence Township Supervisors have made numerous inspections of the development and have confirmed that the Erosion and Sedimentation Control and Storm Water Management Plans were not followed to completion.

13. During their inspections, the Lawrence Township Supervisors have concluded that either the downspouts were not being directed to the sump pumps or the sump capacities were inadequate to deal with the amount of water flow, as outlined in their correspondence, attached hereto and incorporated herein collectively as Exhibit 5.

14. On numerous occasions, uncontrolled surface water runoff has channeled onto the property of the Plaintiffs resulting in substantial property damage.

15. The property damage caused by the surface water runoff is the direct result of the Erosion and Sedimentation Control and Storm Water Management Plans not being completed.

16. These conditions have not been remedied and there is a potential for future damages.

17. The uncontrolled surface water runoff has caused significant damages to the Plaintiffs' property including, but not limited to the months of June 2002 and June, July, August, and November 2003 resulting in expenses to alleviate the problem as well as the water damage.

5. Plaintiffs are the owners of two adjoining parcels of real property located at 2329 Washington Avenue and 2295 Washington Avenue, Clearfield, Lawrence Township, Pennsylvania 16830, which adjoin the Defendants' subdivision, more specifically described in the deeds, copies of which are attached hereto and made a part hereof as Exhibit 1.
6. The Defendants submitted a Subdivision and Land Development Application to Lawrence Township, Clearfield County, Pennsylvania, on March 8, 2001, a copy of which is attached hereto and incorporated herein as Exhibit 2.
7. The Application was accompanied by an Erosion and Sedimentation Control Plan, prepared by Yost Surveying and dated March 6, 2001, a copy of which is attached hereto and incorporated herein as Exhibit 3.
8. The Application was also accompanied by a Storm Water Management Plan, prepared by Yost Surveying and dated March 6, 2001, a copy of which is attached hereto and incorporated herein as Exhibit 4.
9. The Application was reviewed by the Lawrence Township Planning Commission on March 13, 2001, and approved by the Lawrence Township Supervisors on March 20, 2001.
10. At all relevant times hereto, the Erosion and Sedimentation Control and Storm Water Management Plans were not implemented as prepared by Yost Surveying and approved by the Lawrence Township Supervisors.
11. More specifically, the provisions of the plans that were not completed include the following:
 - a. Every property within the development is required to have an on-site sump pump.
 - b. Water downspouts from the roof gutters were to be connected to the sump pumps on each property within the development.
