DECLARATION OF TAKING

The Muddy Run Regional Authority does hereby file this Declaration of Taking, based on the provisions of Article IV, Section 402, of the Eminent Domain Code, Act of June 22, 1964, P.L. 84, 26 P.S. 1-402, as amended, and the Municipal Authorities Act of June 19, 2001, P.L. 287 No. 22, 53 Pa. C.S.A. §5601 et. seq. (the "Act") and respectfully declares that:

1. The Condemnor is the Muddy Run Regional Authority, a Pennsylvania Municipal Authority, duly organized under the provisions of the Act as hereinabove specified with its principal office located at P. O. Box 474, Madera, Pennsylvania, 16661, (the "Condemnor").

2. The interest in the property hereinafter described is hereby condemned as a right of way and/or easement by the Condemnor, in general, for purposes of placement of a sewage collection and conveyance line pursuant to specific Sections 5607(d)(15) and 5615(a) of the Act, 53 Pa. C.S.A. §5601, et seq. and the Eminent Domain Code, Act of June 22, 1964, P.L. 84, as amended, Article IV, Section 402, (26 P.S. 1-402 et. seq). The within condemnation has been authorized by a final Resolution of the Condemnor which was issued the 13th day of July, 2005. A copy of said Resolution is attached hereto and made a part hereof as Exhibit "A". The original may be examined at the corporate address of the Condemnor in the Village of Madera, Bigler Township, Clearfield County, Pennsylvania..

3. The purpose of the condemnation is to accomplish those general purposes hereinabove stated and for the specific purposes set forth below:

a. Condemnor, by this Declaration, intends to acquire the free and uninterrupted use, liberty and privilege of and passage in, over and through those certain pieces or parcels of land as herein described, in an area to be determined by the

Condemnor for the length and/or width of the properties as herein described; the said temporary right of way and/or easement as herein acquired shall be generally thirty (30') feet in width or an equi-distance of fifteen (15') feet on either side of the said pipeline, and the permanent right of way shall be generally twenty (20') feet in width or an equi-distance of ten (10') feet on either side of the said pipeline, all of which is more fully depicted on the Muddy Run Regional Authority maps attached hereto and incorporated herein by reference. Together with the free right of ingress, egress and regress to and for the said Condemnor, its successors and assigns, its tenants and undertenants, occupiers, or possessors of the said Authority's premises, the said easement and/or right of way to be used for the purposes of construction, maintenance and repair of the collection and conveyance line and any other facilities that the Authority shall, within its sole discretion, deem appropriate.

b. This right of way is acquired for purposes of installing and maintaining a sewage conveyance pipeline for collection/conveyance and transmittal of sewage and effluent through premises acquired by the Authority for purposes of developing a municipal sewage collection/conveyance and treatment system. Accordingly, the Condemnor intends to acquire such rights as may be necessary to permit entry upon the property with men and machinery to permit the installation of pipes, collection lines, conveyance lines, and manholes, to perform necessary excavations, install valves, connections, or such other appliances as are considered ordinary and necessary for a sewage collection/conveyance treatment system, together with the right of re-entry, re-excavation, maintenance and repair as may be required from time to time.

c. The rights hereunder shall be considered perpetual as to the permanent easement and the Condemnor intends that this easement/right of way shall be a covenant running with the land and shall be binding upon the parties hereto, their respective heirs, personal representatives, successors and assigns. Condemnor, however, reserves the right to make any use of the easement area which does not interfere with the rights granted herein to the Authority.

d. As to the easement, the Condemnor intends to acquire rights of perpetual re-entry for purposes of re-excavation, maintenance and repair of the sewage collection/conveyance system lines and all ancillary appliances connected thereto, which have been installed or will be installed in connection with the rights provided by this agreement.

e. The actual location of the pipe centerline may differ slightly from the design plans of the engineer, due to unforeseen circumstances, but will be located in the same general area as depicted on the maps and other exhibits affixed hereto.

4. Maps of the subject properties being condemned, sufficient for its identification, are set forth on the attached Exhibit "B" and are more specifically described as a permanent easement across property more particularly described by the property owners' names and tax parcel number as more specifically set forth on the attached Exhibit "C".

5. On the same day as this Declaration of Taking is being filed with the Prothonotary, plans showing the property condemned are being lodged for record in the office of the Recorder of Deeds of Clearfield County, Pennsylvania, in accordance with Section 404 of the Eminent Domain Code, 26 P. S. §l-404.

6. The nature of the title acquired in and to the property is a right of way and/or easement as properly described in the exhibits attached hereto.

7. A plan showing the condemned property may be inspected at the office of the Condemnor which is located at The Bigler Township Municipal Building, Madera, Pennsylvania.

8. The Condemnor files with this Declaration of Taking an open ended Bond without surety pursuant to Section 403(a) of the Eminent Domain Code 26 P.S.§l-403(a). Just compensation is made or secured by the filing of said Bond and pursuant to the pledge of Authority assets and collateral as set forth in the Resolution, Bond and this Declaration of Taking. A copy of the Bond is attached hereto as Exhibit "D" and has been, or is to be, filed in the Court of Common Pleas of Clearfield County and stands as collateral for the reasonable value of the property as established by the Authority, in the amount not greater than $.50 per lineal foot as determined by the Condemnor.

BOND

KNOW ALL MEN BY THESE PRESENTS, that a Declaration of Taking having been filed the 28th day of July, 2005, by the Muddy Run Regional Authority, (Obligor), a municipal authority, organized and existing under the laws of the Commonwealth of Pennsylvania, being held and firmly bound unto the Commonwealth of Pennsylvania ("Obligee") for the use and benefit of the owner or owners of the property to be condemned and other proper parties in interest (the "Condemnees"), for such amount of damages as the Condemnees shall be entitled to receive after the same shall have been agreed upon or assessed in the manner prescribed by law, by reason of the condemnation of such property by Obligor of certain land and improvements owned by the Condemnees being more particularly described in those Deeds hereinafter identified and Tax Parcel Numbers hereinafter identified to which payment well and truly to be made, the Obligor does bind itself and its successors, and assigns, firmly by these presents.

WHEREAS, the Obligor has condemned the said property and cannot agree with the Condemnees upon the just compensation to be paid for the damages sustained by the Condemnees as a result of the condemnation:

NOW THE CONDITION of this bond is such that if the Obligor shall pay, or cause to be paid, such amount of damages as the Condemnees shall be entitled to receive by reason of such condemnation, after the same shall have been agreed upon or assessed in the manner provided by law, then this obligation shall be void; otherwise, to be and remain in full force and effect.

The Board of Directors of the Muddy Run Regional Authority and its appropriate officers being authorized to file a Declaration of Taking and such other documents in support thereof as required to effect this taking now intend to enter such bond and pledge such collateral as may be necessary or desirable to carry out the purposes of their resolution including posting and pledging as collateral its fixed or liquid assets to the extent necessary to carry out the purposes of this proceeding.

The institution of this proceeding and any damages which may be agreed upon or awarded to any party in interest including the owner or owners of said property acquired through the right of Eminent Domain shall be paid out of the funds of the Muddy Run Regional Authority either pledged for this purpose or as otherwise provided as collateral by way of those fixed assets or liquid assets as defined in the financial statement of the said Municipal Authority.

C.S.A. §5601 et. seq. (the "Act") and respectfully declares that:

1. The Condemnor is the Muddy Run Regional Authority, a Pennsylvania Municipal Authority, duly organized under the provisions of the Act as hereinabove specified with its principal office located at P. O. Box 474, Madera, Pennsylvania, 16661, (the "Condemnor").

2. The interest in the property hereinafter described is hereby condemned as a right of way and/or easement by the Condemnor, in general, for purposes of placement of a sewage collection and conveyance line pursuant to specific Sections 5607(d)(15) and 5615(a) of the Act, 53 Pa. C.S.A. §5601, et seq. and the Eminent Domain Code, Act of June 22, 1964, P.L. 84, as amended, Article IV, Section 402, (26 P.S. 1-402 et. seq). The within condemnation has been authorized by a final Resolution of the Condemnor which was issued the 13th day of July, 2005. A copy of said Resolution is attached hereto and made a part hereof as Exhibit "A". The original may be examined at the corporate address of the Condemnor in the Village of Madera, Bigler Township, Clearfield County, Pennsylvania..

3. The purpose of the condemnation is to accomplish those general purposes hereinabove stated and for the specific purposes set forth below:

a. Condemnor, by this Declaration, intends to acquire the free and uninterrupted use, liberty and privilege of and passage in, over and through those certain pieces or parcels of land as herein described, in an area to be determined by the

Condemnor for the length and/or width of the properties as herein described; the said temporary right of way and/or easement as herein acquired shall be generally thirty (30') feet in width or an equi-distance of fifteen (15') feet on either side of the said pipeline, and the permanent right of way shall be generally twenty (20') feet in width or an equi-distance of ten (10') feet on either side of the said pipeline, all of which is more fully depicted on the Muddy Run Regional Authority maps attached hereto and incorporated herein by reference. Together with the free right of ingress, egress and regress to and for the said Condemnor, its successors and assigns, its tenants and undertenants, occupiers, or possessors of the said Authority's premises, the said easement and/or right of way to be used for the purposes of construction, maintenance and repair of the collection and conveyance line and any other facilities that the Authority shall, within its sole discretion, deem appropriate.

b. This right of way is acquired for purposes of installing and maintaining a sewage conveyance pipeline for collection/conveyance and transmittal of sewage and effluent through premises acquired by the Authority for purposes of developing a municipal sewage collection/conveyance and treatment system. Accordingly, the Condemnor intends to acquire such rights as may be necessary to permit entry upon the property with men and machinery to permit the installation of pipes, collection lines, conveyance lines, and manholes, to perform necessary excavations, install valves, connections, or such other appliances as are considered ordinary and necessary for a sewage collection/conveyance treatment system, together with the right of re-entry, re-excavation, maintenance and repair as may be required from time to time.

c. The rights hereunder shall be considered perpetual as to the permanent easement and the Condemnor intends that this easement/right of way shall be a covenant running with the land and shall be binding upon the parties hereto, their respective heirs, personal representatives, successors and assigns. Condemnor, however, reserves the right to make any use of the easement area which does not interfere with the rights granted herein to the Authority.

d. As to the easement, the Condemnor intends to acquire rights of perpetual re-entry for purposes of re-excavation, maintenance and repair of the sewage collection/conveyance system lines and all ancillary appliances connected thereto, which have been installed or will be installed in connection with the rights provided by this agreement.

e. The actual location of the pipe centerline may differ slightly from the design plans of the engineer, due to unforeseen circumstances, but will be located in the same general area as depicted on the maps and other exhibits affixed hereto.

4. Maps of the subject properties being condemned, sufficient for its identification, are set forth on the attached Exhibit "B" and are more specifically described as a permanent easement across property more particularly described by the property owners' names and tax parcel number as more specifically set forth on the attached Exhibit "C".

5. On the same day as this Declaration of Taking is being filed with the Prothonotary, plans showing the property condemned are being lodged for record in the office of the Recorder of Deeds of Clearfield County, Pennsylvania, in accordance with Section 404 of the Eminent Domain Code, 26 P. S. §l-404.

6. The nature of the title acquired in and to the property is a right of way and/or easement as properly described in the exhibits attached hereto.

7. A plan showing the condemned property may be inspected at the office of the Condemnor which is located at The Bigler Township Municipal Building, Madera, Pennsylvania.

8. The Condemnor files with this Declaration of Taking an open ended Bond without surety pursuant to Section 403(a) of the Eminent Domain Code 26 P.S.§l-403(a). Just compensation is made or secured by the filing of said Bond and pursuant to the pledge of Authority assets and collateral as set forth in the Resolution, Bond and this Declaration of Taking. A copy of the Bond is attached hereto as Exhibit "D" and has been, or is to be, filed in the Court of Common Pleas of Clearfield County and stands as collateral for the reasonable value of the property as established by the Authority, in the amount not greater than $.50 per lineal foot as determined by the Condemnor.

BOND

KNOW ALL MEN BY THESE PRESENTS, that a Declaration of Taking having been filed the 28th day of July, 2005, by the Muddy Run Regional Authority, (Obligor), a municipal authority, organized and existing under the laws of the Commonwealth of Pennsylvania, being held and firmly bound unto the Commonwealth of Pennsylvania ("Obligee") for the use and benefit of the owner or owners of the property to be condemned and other proper parties in interest (the "Condemnees"), for such amount of damages as the Condemnees shall be entitled to receive after the same shall have been agreed upon or assessed in the manner prescribed by law, by reason of the condemnation of such property by Obligor of certain land and improvements owned by the Condemnees being more particularly described in those Deeds hereinafter identified and Tax Parcel Numbers hereinafter identified to which payment well and truly to be made, the Obligor does bind itself and its successors, and assigns, firmly by these presents.

WHEREAS, the Obligor has condemned the said property and cannot agree with the Condemnees upon the just compensation to be paid for the damages sustained by the Condemnees as a result of the condemnation:

NOW THE CONDITION of this bond is such that if the Obligor shall pay, or cause to be paid, such amount of damages as the Condemnees shall be entitled to receive by reason of such condemnation, after the same shall have been agreed upon or assessed in the manner provided by law, then this obligation shall be void; otherwise, to be and remain in full force and effect.

The Board of Directors of the Muddy Run Regional Authority and its appropriate officers being authorized to file a Declaration of Taking and such other documents in support thereof as required to effect this taking now intend to enter such bond and pledge such collateral as may be necessary or desirable to carry out the purposes of their resolution including posting and pledging as collateral its fixed or liquid assets to the extent necessary to carry out the purposes of this proceeding.

The institution of this proceeding and any damages which may be agreed upon or awarded to any party in interest including the owner or owners of said property acquired through the right of Eminent Domain shall be paid out of the funds of the Muddy Run Regional Authority either pledged for this purpose or as otherwise provided as collateral by way of those fixed assets or liquid assets as defined in the financial statement of the said Municipal Authority.

C.S.A. §5601 et. seq. (the "Act") and respectfully declares that:

1. The Condemnor is the Muddy Run Regional Authority, a Pennsylvania Municipal Authority, duly organized under the provisions of the Act as hereinabove specified with its principal office located at P. O. Box 474, Madera, Pennsylvania, 16661, (the "Condemnor").

2. The interest in the property hereinafter described is hereby condemned as a right of way and/or easement by the Condemnor, in general, for purposes of placement of a sewage collection and conveyance line pursuant to specific Sections 5607(d)(15) and 5615(a) of the Act, 53 Pa. C.S.A. §5601, et seq. and the Eminent Domain Code, Act of June 22, 1964, P.L. 84, as amended, Article IV, Section 402, (26 P.S. 1-402 et. seq). The within condemnation has been authorized by a final Resolution of the Condemnor which was issued the 13th day of July, 2005. A copy of said Resolution is attached hereto and made a part hereof as Exhibit "A". The original may be examined at the corporate address of the Condemnor in the Village of Madera, Bigler Township, Clearfield County, Pennsylvania..

3. The purpose of the condemnation is to accomplish those general purposes hereinabove stated and for the specific purposes set forth below:

a. Condemnor, by this Declaration, intends to acquire the free and uninterrupted use, liberty and privilege of and passage in, over and through those certain pieces or parcels of land as herein described, in an area to be determined by the

Condemnor for the length and/or width of the properties as herein described; the said temporary right of way and/or easement as herein acquired shall be generally thirty (30') feet in width or an equi-distance of fifteen (15') feet on either side of the said pipeline, and the permanent right of way shall be generally twenty (20') feet in width or an equi-distance of ten (10') feet on either side of the said pipeline, all of which is more fully depicted on the Muddy Run Regional Authority maps attached hereto and incorporated herein by reference. Together with the free right of ingress, egress and regress to and for the said Condemnor, its successors and assigns, its tenants and undertenants, occupiers, or possessors of the said Authority's premises, the said easement and/or right of way to be used for the purposes of construction, maintenance and repair of the collection and conveyance line and any other facilities that the Authority shall, within its sole discretion, deem appropriate.

b. This right of way is acquired for purposes of installing and maintaining a sewage conveyance pipeline for collection/conveyance and transmittal of sewage and effluent through premises acquired by the Authority for purposes of developing a municipal sewage collection/conveyance and treatment system. Accordingly, the Condemnor intends to acquire such rights as may be necessary to permit entry upon the property with men and machinery to permit the installation of pipes, collection lines, conveyance lines, and manholes, to perform necessary excavations, install valves, connections, or such other appliances as are considered ordinary and necessary for a sewage collection/conveyance treatment system, together with the right of re-entry, re-excavation, maintenance and repair as may be required from time to time.

c. The rights hereunder shall be considered perpetual as to the permanent easement and the Condemnor intends that this easement/right of way shall be a covenant running with the land and shall be binding upon the parties hereto, their respective heirs, personal representatives, successors and assigns. Condemnor, however, reserves the right to make any use of the easement area which does not interfere with the rights granted herein to the Authority.

d. As to the easement, the Condemnor intends to acquire rights of perpetual re-entry for purposes of re-excavation, maintenance and repair of the sewage collection/conveyance system lines and all ancillary appliances connected thereto, which have been installed or will be installed in connection with the rights provided by this agreement.

e. The actual location of the pipe centerline may differ slightly from the design plans of the engineer, due to unforeseen circumstances, but will be located in the same general area as depicted on the maps and other exhibits affixed hereto.

4. Maps of the subject properties being condemned, sufficient for its identification, are set forth on the attached Exhibit "B" and are more specifically described as a permanent easement across property more particularly described by the property owners' names and tax parcel number as more specifically set forth on the attached Exhibit "C".

5. On the same day as this Declaration of Taking is being filed with the Prothonotary, plans showing the property condemned are being lodged for record in the office of the Recorder of Deeds of Clearfield County, Pennsylvania, in accordance with Section 404 of the Eminent Domain Code, 26 P. S. §1-404.

6. The nature of the title acquired in and to the property is a right of way and/or easement as properly described in the exhibits attached hereto.

7. A plan showing the condemned property may be inspected at the office of the Condemnor which is located at The Bigler Township Municipal Building, Madera, Pennsylvania.

8. The Condemnor files with this Declaration of Taking an open ended Bond without surety pursuant to Section 403(a) of the Eminent Domain Code 26 P.S.§l-403(a). Just compensation is made or secured by the filing of said Bond and pursuant to the pledge of Authority assets and collateral as set forth in the Resolution, Bond and this Declaration of Taking. A copy of the Bond is attached hereto as Exhibit "D" and has been, or is to be, filed in the Court of Common Pleas of Clearfield County and stands as collateral for the reasonable value of the property as established by the Authority, in the amount not greater than $.50 per lineal foot as determined by the Condemnor.

BOND

KNOW ALL MEN BY THESE PRESENTS, that a Declaration of Taking having been filed the 28th day of July, 2005, by the Muddy Run Regional Authority, (Obligor), a municipal authority, organized and existing under the laws of the Commonwealth of Pennsylvania, being held and firmly bound unto the Commonwealth of Pennsylvania ("Obligee") for the use and benefit of the owner or owners of the property to be condemned and other proper parties in interest (the "Condemnees"), for such amount of damages as the Condemnees shall be entitled to receive after the same shall have been agreed upon or assessed in the manner prescribed by law, by reason of the condemnation of such property by Obligor of certain land and improvements owned by the Condemnees being more particularly described in those Deeds hereinafter identified and Tax Parcel Numbers hereinafter identified to which payment well and truly to be made, the Obligor does bind itself and its successors, and assigns, firmly by these presents.

WHEREAS, the Obligor has condemned the said property and cannot agree with the Condemnees upon the just compensation to be paid for the damages sustained by the Condemnees as a result of the condemnation:

NOW THE CONDITION of this bond is such that if the Obligor shall pay, or cause to be paid, such amount of damages as the Condemnees shall be entitled to receive by reason of such condemnation, after the same shall have been agreed upon or assessed in the manner provided by law, then this obligation shall be void; otherwise, to be and remain in full force and effect.

RE: Civil Action #05-1084-CD

In response to the condemnation of my property for the purpose of The Muddy Run Sewer Authority placing of a sewer line through my property, please read the following and also see the enclosed attachments.

I received notice of the proposed route of the new sewer line in late May, and immediately replied with a letter, on May 26, 2005, asking that some of my questions be answered in written form. As a Commonwealth employee, I could not make personal calls from my office, nor could I take time off from work, to speak with the Authority in person. My letter was ignored.
I sent out a copy of my original letter, requesting of the USPS, that this second letter be signed for (see enclosure), so that I could be assured the Authority received it. I did this on June 17, 2005. Again my letter was ignored.

All I wanted was some of the questions answered, and I hereby protest the way in which the Muddy Run Sewer Authority has gone about this whole matter. My biggest concern is that the Authority can destroy some of my huge, mature pine trees, without impunity.

I am enclosing all correspondence I have sent to the Authority over the past months, and I would like my protest noted officially, so that if damages are done, I will have recourse, as small as it is.

Thank you for you time,

Sincerely,

Henrietta Moje

This came from upstairs. Please look at it when you get a chance. With the last paragraph about "noted officially" I didn't want to file it in if I shouldn't.

To Whom It May Concern:

I am an employee of the Commonwealth of Pennsylvania, working in Altoona, 9am – 5pm; therefore, I am not able to contact you during normal business hours. We are not allowed personal phone calls from the office, unless it is an emergency.

Before I consider signing the easement agreement, I have a couple of questions I would like answered, in writing. I will indicate them, by number, on the enclosed copy of your document, and will ask the questions by the corresponding numbers below.

1. What is meant by "other good and valuable considerations"? Would this mean free hook-up to the new sewer line? Or perhaps a discounted rate?
2. How can $1.00 be considered "payment in full" for any damages to the land, structures, etc.?
3. Your document says, "the Authority will use reasonable conservation measures to avoid destruction as to many trees as possible". I have many mature trees in the designated area, and in close proximity to the area involved. If these trees are damaged, will comparable mature trees replace them? Your document does not mention what will happen if trees are damaged. Or is that my problem? Please clarify.
4. My barn is very close to your easement line. What will happen if my beautiful antique barn is marred in any way? Man cannot fix scratches; only Mother Nature can color the pine as it is now.
5. I have a grass-covered driveway, leading to my barn from Zolyak St., which is not shown on the property drawing. Will my driveway be damaged? If so, will it be repaired, and will I be able to use it or

would weight on the sewer pipes buried under it do damage to the pipes?

As stated above, I would appreciate a reply, **in writing**, to my above questions. If I receive satisfactory answers, I will then consider signing the agreement.

Just in passing, I have already spent money for postage to send this letter to you, will need to take time off from work to find a notary, pay the notary, and then spend more money on postage to return the document to you, should I decide to sign it. All this would cost me more than the $1.00 you are willing to give me.

Sincerely,

Henrietta Moje

RIGHT OF WAY AGREEMENT

KNOW ALL MEN BY THESE PRESENTS:

In consideration of ONE DOLLAR ($1.00) and other good and valuable consideration paid to **HENRIETTA MOJE** of P. O. Box 139, Ramey, Pa., 16671, (hereinafter referred to as **GRANTOR**) by **MUDDY RUN REGIONAL AUTHORITY** with its principal offices in Bigler Township, Clearfield County, Pennsylvania, (hereinafter referred to as **GRANTEE** a/k/a **AUTHORITY**), the receipt of which is hereby acknowledged, does hereby grant, bargain, sell, transfer and convey unto the **GRANTEE**, its successor and assigns, a perpetual easement with the right to erect, construct, install and lay, and thereafter use, operate, inspect, repair, maintain, replace, and remove a transmission pipeline and any and all other facilities consistent with the operation of a collection and treatment system over, across, and through the land of the **GRANTOR** situate in Clearfield County, State of Pennsylvania, said land and/or property right being described as follows:

ALL that temporary and permanent easement as outlined on Exhibit A attached hereto derived from that property identified as Tax Parcel Number 017-L15-368-7 which is more particularly described in Clearfield County Instrument No. 200100235, together with the right of ingress and egress over these lands of the **GRANTOR**, his successors and assigns, for the purposes of this easement.

The temporary and permanent easement shall be of varying widths with the center line of said easement to be as depicted on the drawing referred to as Sheet No. 5-94 attached hereto.

The consideration hereinabove recited shall constitute payment in full for any damages to the land of the **GRANTOR**, his successors and assigns, by reason of the installation, operation and maintenance of the pipeline, structures or improvements referred to herein. The **GRANTEE** covenants to maintain the easement in good repair so that no unreasonable damage will result from its use to the adjacent land of the **GRANTOR**, his successors and assigns.

The grant and other provisions of this easement shall constitute a covenant running with the land for the benefit of the **GRANTEE**, its successors and assigns.

Said parties hereto for themselves, their heirs, personal representatives, successors and assigns, do hereby agree that the said easement shall be subject to the following terms and conditions:

1. This easement is granted for purposes of installing and maintaining sanitary sewer collection/conveyance lines on the premises by the Authority for purposes of developing a municipal sanitary sewer collection/conveyance system. Accordingly, the Authority is granted such rights as may be necessary to enter the property with men and machinery, install pipes, collection lines, conveyances lines, and manholes, perform necessary excavations, install valves, connections, or such other appliances as considered ordinary and necessary for a sanitary sewer collection/conveyance system, together with the right of re-excavation, maintenance and repair as may be required from time to time.
2. The rights hereunder shall be considered perpetual as to the permanent easement and the parties intend that this Easement Agreement shall be a

covenant running with the land and shall be binding upon the parties hereto, their respective heirs, successors and assigns. Grantor, however, reserves the right to make any use of the easement area which does not interfere with the rights granted herein to the Authority.

3. As to the easement, the Authority is hereby granted and conveyed the rights of perpetual re-entry for purposes of re-excavation, maintenance and repair of the sanitary sewer collection/conveyance lines and all ancillary appliances connected thereto, which have been installed or will be installed in connection with the rights by this agreement.

4. After entry to the premises by the Authority, at any time, the Authority agrees to restore the premises in as near condition as prior to entry as possible. This shall include regrading, retopsoiling, seeding and mulching of the areas disturbed by the Authority. The Authority agrees that it will use all reasonable conservation measures to avoid destruction as to many trees as possible and avoid damage to any land and trees outside the easement area.

5. The Authority agrees that any and all sanitary sewer collection/conveyance lines or related appliances shall be buried to such depths as to avoid any interference with lawn or garden operations of the Grantor.

6. The actual location of the pipe centerline may differ slightly from the design plans of the engineer, due to unforeseen circumstances, but will be in the same general area.

7. The Grantor makes no warranty, either express or implied, as to the quality of the land or as to the quality of the title of the easement granted herewith.

8. The Authority does hereby save, release, indemnify and hold harmless the Grantor from any and all claims, suits, or liabilities, which may arise because of the Authority's use of the rights granted under this agreement or because of any act or omission on the part of the Authority, its agents or employees.

IN WITNESS WHEREOF, the parties, intending to be legally bound hereby, have set their hands and seals the _____ day of _____, 2005.

Preliminary Objection to Declaration of Taking

Lawrence Berzanske does hereby file this Preliminary Objection to the Notice of condemnation and respectively objects to:

1. The monetary compensation as outlined in Paragraph 8 of the "Declaration of Taking" is arbitrary and inadequate and lacks consideration for trees and vegetation that will be destroyed and for the depth to which the easements encroach into different property parcels. A jury trial is requested to determine proper compensation.

Prothonotary/Clerk of Courts

The Defendant Michael S. McClure named in No. 05-1084-CD objects to the proposed taking of real property identified from Clearfield County tax map 6-80 and map 6-81 enumerated as tax parcel number 101-K15-499-5 deeded to Michael S. McClure of Smoke Run, PA for the reasons stated below.

1) The property being attacked is not possessed by the Muddy Run Regional Authority as attested by the tax records of Clearfield County.
2) The property being attacked is of a significant slope such that any excavation could cause water coursing damage to the dwelling foundation located downslope from the proposed excavation.
3) The owner has been offered a sale price of $1.00 us. This amount of proposed compensation cannot be entertained as fair value for the property involved.
4) There has not been offered a specific action plan for the protection of the dwelling downslope of the proposed excavation.
5) Four mature live trees are in the proposed easement area however no assurance has been given for the protection of the trees.
6) No contract has been proposed to compensate the owner for any damage to each of the four live trees.

2. The Declaration of Taking filed by the Plaintiff in this matter on Exhibit "C" lists nine (9) areas for rights-of-ways to be condemned for the sewage lines on the Houtzdale Line Rails to Trails, Inc. property listed as

Street in a westward direction for a substantial distance as shown on Sheet No. 5-19. No temporary or permanent right-of-way is shown on Sheet No. 5-19 for this line running near Houtzdale Line Rails to Trails, Inc. property. Houtzdale Line Rails to Trails, Inc. does not make any objection on this portion of the line if Plaintiff is not entering their property for that portion of the sewage line, but desires assurance from Plaintiff on this portion of the sewage line that Plaintiff is not entering Houtzdale Line Rails to Trails, Inc. property.

d). On Sheet No. 5-66, Houtzdale Line Rails to Trails, Inc. has no objections.

e). On Sheet No. 5-68, Houtzdale Line Rails to Trails, Inc. has no objections.

f). On Sheet No. 5-188, Houtzdale Line Rails to Trails, Inc. has no objections, but wants the following assurance. The sewage line of Plaintiff appears to run in an easterly direction through Houtzdale Line Rails to Trails, Inc. property for an additional distance beyond the shown temporary and permanent right-of-way on Sheet No. 5-188. Houtzdale Line Rails to Trails, Inc. does not make any objection on this portion of the line if Plaintiff is not entering their property beyond the shown

right-of-way distance for that portion of the sewage line, but desires assurance from Plaintiff on this portion of the sewage line that Plaintiff is not entering Houtzdale Line Rails to Trails, Inc. property.

g). On Sheet No. 5-195, Houtzdale Line Rails to Trails, Inc. has no objections.

h). On Sheet No. 6-33, Houtzdale Line Rails to Trails, Inc. has no objections.

i). On Sheet No. 6-37, Houtzdale Line Rails to Trails, Inc. objects to this right-of-way because the real property on which the temporary and permanent right-of-way is located on Sheet No. 6-37 is not owned by the Defendant, Houtzdale Line Rails to Trails, Inc., and it is believed but not known for sure that this property is owned by St. Vidas Lodge Number 80 of Croatian Fraternal Union by deed recorded in Clearfield County Deeds and Records Book 1587, Page 242.

4. The Defendant, Houtzdale Line Rails to Trails, Inc., objects to the power and right of Plaintiff to condemn property not owned by the Defendant herein against the Defendant herein as shown in paragraph 3. above and further objects that certain of the areas to be condemned as shown in paragraph 3. above do not clearly give notice

to the Defendant herein what property is actually being condemned for the sewage lines of Plaintiff.

WHEREFORE, Defendant, Houtzdale Line Rails to Trails, Inc., requests your Honorable Court to order Plaintiff to review the areas subject to condemnation under paragraphs 3. a)., c)., f)., and i). above and to provide the Defendant herein with clearly defined maps showing the temporary and permanent rights-of-ways over Defendant's herein property on the disputed areas noted above.

RESPECTFULLY SUBMITTED,

Girard Kasubick, Esq.
Attorney for Defendant,
Houtzdale Line Rails to
Trails, Inc.

VERIFICATION

I verify that the statements made in the foregoing Preliminary Objections are true and correct. I understand that false statements herein are made subject to the penalties of 18 Pa. C.S.A. 4904 relating to unsworn falsification to authorities.

PRELIMINARY OBJECTIONS

AND NOW come your ROBERT H. JONES and MARTHA J. JONES (hereinafter referred to as the "Objectors"), by and through their attorney, Mark R. Wendekier, Esquire, and make the following preliminary objections of pursuant to Section 406 of the Eminent Domain Code, 26 Pa. Stat. Ann. § 1-406, in support of which they respectfully represent:

1. Objector is the record and fee simple owner of property located at Known as Clearfield County, Pennsylvania Tax Map Number 017-L15-000-55 and 017-L15-000-35(hereinafter referred to as the "Property").

2. On or about August 4, 2005, the Muddy Run Regional Authority (hereinafter referred to as the "Condemnor"), served Objector with a Declaration of Taking which is filed at the above-named court term and number.

3. The allegations of the Declaration of Taking are denied for the following reasons:
(a) The declaration of taking contains an insufficient recital of the purpose of the condemnation, as required by § 405(c)(7) of the Eminent Domain Code, 26 Pa. Stat. Ann. § 1-405(c)(7).
(b) The actual purpose of the Condemnor in filing the declaration of taking regarding the Property is not to for a justifiable public purpose, but rather to benefit the specific development of property nearby Property of the Objector which is owned by Richard Bungo and Kathleen Bungo.
(c) The Condemnor does not have the power of taxation. Therefore, any bond which purports to secure damages is inadequate, insufficient, and valueless, and as a result violates Article 1, Section 10, and Article 10, Section 4, of the Pennsylvania Constitution, and the Fifth Amendment to the United States Constitution.
(d) The mapping which is attached to the Declaration of Taking is erroneous. Therefore, it cannot purport to depict that which is to be taken.

4. For the foregoing reasons, the Declaration of Taking is void and of no effect whatsoever. As a result, title to the Property should be deemed to vest in Objector to the same extent as if no declaration of taking had been filed.

WHEREFORE, Objector requests this Court enter an order dismissing the declaration of taking, decreeing the same to be void and of no effect whatsoever, and further decreeing that title to the property shall vest in Objector to the same extent as if no declaration of taking had been filed.

PRELIMINARY OBJECTIONS

AND NOW comes the Condemnor, Muddy Run Regional Authority, (hereinafter "MRRA"), which by and through its counsel, John R. Carfley, Esq. files the following Preliminary Objections to the Preliminary Objections filed by the Condemnees, Robert H. Jones and Martha J Jones, pursuant to Section 406 of the Pennsylvania Eminent Domain Code, 26 Pa. Stat. Ann. §1-406, and in support thereof, respectfully represents:

1. The Condemnor is Muddy Run Regional Authority, a municipality authority, duly formed under the Municipality Authorities Act, with its principal address at P. O. Box 74, Madera, PA 16661.

2. The Condemnees in this action are Robert H. Jones and Martha J. Jones of P. O. Box 284, Ramey, PA 16671, who filed Preliminary Objections to the Declaration of Taking. The Condemnees are represented by Mark R. Wendekier, Esq., who filed the said Preliminary Objections on Condemnees' behalf on September 7, 2005, as hereinafter stated..

3. The Declaration of Taking was filed in this matter on July 27, 2005 to acquire a right of way from the above named Condemnees who are the record and fee simple owners of property located in Ramey Borough, Clearfield County, Pennsylvania

and designated as Tax Map No. 017-L15-00-55 and 017-L15-000-35, (hereinafter referred to as the "Property"). Notice of Condemnation was served on the Condemnees by Constable James Cornman on August 4, 2005 as specified in the Condemnees' Preliminary Objections at paragraph 2, the averments of which paragraph are admitted and are incorporated herein by reference as fully as though set forth at length.

4. Section 406 of the Eminent Domain Code provides that a Condemnee may, within thirty (30) days after being served with a Notice of Condemnation, file Preliminary Objections to the Declaration of Taking.

5. The said Preliminary Objections filed by the Condemnee in this proceeding were belatedly filed on September 7, 2005, as is evidenced by the certified copy of the docket entries of the Prothonotary of Clearfield County attached hereto as Exhibit "A".

6. No extension to file the Preliminary Objections was requested by the Condemnees of the Court or of Condemnor's counsel.

7. The Preliminary Objections filed by the Condemnees are without merit and substance, but also fail technically in that they were filed thirty-one (31) days after the service of the Notice of Condemnation, rather than within thirty (30) days as is required by statute.

8. It is believed and therefore averred, that the belated filing of the Preliminary Objections was done so with the specific intent and design to cause the Condemnor unreasonable and unnecessary delay and to prolong the acquisition of the property rights by the municipality so that Condemnees should be held to the highest standard with respect to the time limitations for pleading their case.

WHEREFORE, Condemnor respectfully requests this Honorable Court to dismiss the Preliminary Objections filed by Condemnees, Robert H. Jones and Martha J. Jones and to award Condemnor the ownership rights in and to the said property right which it seeks as well as to decree possession of the right of way to the Condemnor, subject only to the determination of value for the rights of way before the Board of View as specified under the provisions of the Eminent Domain Code.

MOTION TO DISMISS PRELIMINARY OBJECTIONS

AND NOW comes the Condemnor, Muddy Run Regional Authority, by and through their counsel, John R. Carfley, Esq. and files the following Motion to Dismiss as to the Preliminary Objections filed by the Condemnee and in support thereof, avers as follows:

1. The Condemnor is Muddy Run Regional Authority, with its principal address at P. O. Box 74, Madera, PA 1661.

2. The Condemnee in this action who filed Preliminary Objections to the Declaration of Taking is Lawrence Berzanske of 8931 Perkins Drive, Mentor, OH 44060.

3. The Declaration of Taking was filed in this matter on July 27, 2005. Notice of Condemnation was sent to Lawrence Berzanske by certified mail under date of August 2, 2005 and service of the certified mail was accepted by L. Berzanske on August 12, 2005.

4. Preliminary Objections were filed by Lawrence Berzanske on August 24, 2005 and were served on the undersigned by regular mail on August 29, 2005

5. The Preliminary Objections consist of a single count pleading which questions the adequacy of the monetary compensation offered by the Condemnor in its Declaration of Taking for the property rights condemned.

6. The sole basis for the Preliminary Objection is the inadequacy of the consideration offered by the Condemnor.

7. By statute, the only grounds for filing Preliminary Objections to a Declaration of Taking are set forth and limited to those specified in Section 406 of the Eminent Domain Code, 26 Pa. C.S. §1-406.

8. The adequacy of the consideration offered for the condemned property by the Condemnor is not one of the grounds specified in Section 406 of the Act for the filing of Preliminary Objections, but rather is an issue properly raised before the Board of View after the appointment of that panel.

9. The Condemnee, as a matter of law has failed to state a defense to this action and, as a result, said Preliminary Objection should be dismissed with prejudice and the Condemnee should be ordered to proceed according to the Code without further delay.

WHEREFORE, Condemnor respectfully requests this Honorable Court to dismiss the Preliminary Objection filed by Condemnee Lawrence Berzanske in this action and to order the Condemnee to proceed according to the Eminent Domain Code.

MOTION TO DISMISS PRELIMINARY OBJECTIONS

AND NOW comes the Condemnor, Muddy Run Regional Authority, by and through their counsel, John R. Carfley, Esq. and files the following Motion to Dismiss those Preliminary Objections filed by the Condemnee herein named and in support thereof, avers as follows:

1. The Condemnor is Muddy Run Regional Authority, with its principal address at P. O. Box 74, Madera, PA 1661.

2. The Condemnee in this action who filed Preliminary Objections to the Declaration of Taking is Michael S. McClure, of 3 RD Street, Box 41, Smoke Run, Pa., 16681.

4. Preliminary Objections were filed by Michael S McClure on August 31, 2005

5. The Preliminary Objections consist of a pleading which questions (1) the adequacy of the monetary compensation offered by the Condemnor in its Declaration of

Taking for the property rights condemned; (2) the assurance offered by the Condemnor for the protection of the trees located on the property and, (3) the location of the property line representing the boundary of the condemned easement.

6. By statute, the only grounds for filing Preliminary Objections to a Declaration of Taking are set forth and limited to those specified in Section 406 of the Eminent Domain Code, 26 Pa. C.S. §1-406.

7. The adequacy of the consideration offered for the condemned property by the Condemnor, the location of the property line and the assurance offered by the Condemnor should it be necessary to engage in the replacement of any trees which are disturbed are not grounds specified in Section 406 of the Act for the filing of Preliminary Objections, but rather are issues which would properly be raised before the Board of View after the appointment of that panel.

8. The Condemnee, as a matter of law has failed to state a defense to this condemnation action and, as a result, said Preliminary Objection should be summarily dismissed with prejudice and the Condemnee should be ordered to proceed according to the Code by appointing a Board of View without further delay.

ANSWER TO PRELIMINARY OBJECTIONS

AND NOW comes the Condemnor, Muddy Run Regional Authority, (hereinafter "MRRA") by and through their counsel, John R. Carfley, Esq. and files the following answer to the Preliminary Objections filed by the Condemnee, Houtzdale Line Rails to Trails, Inc., (hereinafter "HLRT") and in support thereof, avers as follows:

1. Admitted.

2. Admitted.

3. Denied. On the contrary, it is averred that after reasonable investigation the Condemnor is prepared to respond to HLRT's preliminary objections in the following manner:

a. It is admitted that Sheet No. 4-139 which depicts HLRT as the owner of the area of the railroad line from Chesterfield Road running south approximately 300 feet is in error. The revised map prepared by Gwin, Dobson & Foreman (hereinafter "GD & F") consulting engineers for the Muddy Run Regional Authority, and which is attached hereto as Exhibit "A", accurately depicts the subject area and references the correct owner thereon.

b. Admitted.

c. Denied. On the contrary, it is averred that MRRA has, in fact, filed a Declaration of Taking as to a right of way extending on the property of HLRT. Moreover, it is averred by Counsel that said right of way is depicted on the maps attached to the Declaration of Taking as well as on the maps attached hereto in response to these objections.

d. Admitted.

e. Admitted.

f. Denied. On the contrary, it is averred that the revisions as requested by HLRT are more specifically set forth on the revised map Sheet No. 5-188, attached hereto as Exhibit "B".

g. Admitted.

h. Admitted.

i. The Preliminary Objection set forth in sub-paragraph 3 (i.) is admitted. Insofar as necessary, MRRA will amend its Declaration of Taking to acquire the necessary right of way from the responsible landowner and will withdraw the Declaration of Taking against HLRT as to this particular property.

4. Denied. On the contrary, it is averred that the Declaration of Taking, as well as those maps attached to that Declaration and/or as attached to this response clearly depict the property sought from HLRT as part of this condemnation action.

NEW MATTER

5. Condemnor hereby incorporates paragraphs 1 through 4 of this Answer to Preliminary Objections as fully as though set forth at length.

6. Condemnor alleges that Condemnee is causing a delay in the acquisition of the required rights of way, without a legitimate reason for said delay.

7. Condemnor alleges that there is no merit in the Preliminary Objections filed by Condemnee and remaining before the Court after Condemnor's responsive pleading. These Preliminary Objections do not state grounds consistent with the requirement of Section 406 of the Act, and therefore Condemnor requests this Honorable Court to dismiss these objections and to award counsel fees to the Condemnor.

8. Condemnor has sought to compromise the within action by offering a Stipulation to the Condemnee which would preserve Condemnee's rights to seek additional monetary damages for the fair market value attributable to the property condemned and also to work with the consulting engineers in the location of the collection lines. Said Stipulation would permit the Authority to certify the acquisition of these rights of way for purposes of meeting the schedule required for the letting of contracts during the month of October, 2005, in default of which, substantial economic and monetary penalties would accrue to the Condemnor. It is believed and therefore averred that all remaining Preliminary Objections now being argued by HLRT are without merit and are beyond the scope of the Preliminary Objections permitted by Section 406 of the Act.

9. The continued action of HLRT, in light of these facts, is in violation of the Judicial Code, and the provisions of Pa. R.C.P. Rule 1023.1 through 1023.4 et seq., so as to warrant the imposition of counsel fees against this Condemnee.

WHEREFORE, Condemnor requests this Honorable Court to award counsel fees to the Condemnor in an unliquidated amount not to exceed $1,500.00.

Respectfully submitted,

NOW, this 13th day of October, 2005, this being the date set for argument on Preliminary Objections filed by Michael S. McClure, pro se; the Court believing that the issue contained therein relating to compensation is not an appropriate one for Preliminary Objections as a matter of procedure, it is the ORDER of this Court that the said Preliminary Objections be and are hereby dismissed. However, the Court considers that the parties have not reached an agreement in regard to the level of compensation to be paid and will consider that the matter will be placed before a Board of View at some later date. In order to give the parties an adequate opportunity to attempt to resolve their differences, the Court will not appoint a Board of View at this time. However, in the event in the future, either party would correspond with the Court requesting that the Board of View be appointed, the Court will immediately do so.

The aforesaid maps being attached hereto as Exhibits "A" through "H"; and,

WHEREAS, MRRA has requested that HLRT execute rights of way and has filed this Eminent Domain Action; and,

WHEREAS, certain issues have arisen to delay said transfer, including, but not limited to, agreement on the permanent location of the transmission pipeline and the amount of consideration which would be exchanged in return for these property rights which are the subject of the condemnation; and,

3. HLRT shall receive compensation for the easements specified on those Map Sheet Numbers objected to and those not objected to as agreed upon by the parties or to be determined by a Board of View duly selected and appointed by

the Court of Common Pleas of Clearfield County, Pennsylvania, provided, however, that said easements shall be subject to such modifications with respect to location as shall be agreed upon by the parties.

4. By signing this Stipulation, HLRT hereby withdraws all Objections filed to the Eminent Domain proceeding and MRRA hereby withdraws all claims set forth under its Answer and New Matter filed to HLRT's Preliminary Objections.

5. Notwithstanding the fact that the actual location of the transmission pipeline may, as yet, be undetermined, and the exact amount of consideration comprising the fair market value for the right of way likewise remains to be determined, for all intents and purposes, this Stipulation shall be construed and viewed as a Right of Way Agreement in lieu of a written instrument sufficient to transfer such qualified ownership of those property rights necessary to vest an easement in and to MRRA, subject to the exceptions and stipulations recognized herein, which exceptions and

stipulations shall be likewise determined through negotiation and further stipulation.

6. This Stipulation is subject to and is to be construed pursuant to the laws of the Commonwealth of Pennsylvania.

The Petition of Muddy Run Regional Authority ("Condemnor") pursuant to §407(a) of the Eminent Domain Code, 26 P.S. §1-407, represents:

1. A Declaration of Taking was filed on July 28, 2005 at the above court term and number in the Court of Common Pleas of Clearfield County.

From September 2, 2005 through October 26, 2005, Condemnor made Condemnees a written offer to pay Condemnor's estimate of just compensation for Condemnees' Properties in the amount of $108.00, which represents the total fair market value estimated by Condemnor for the right of ways. A list of the Condemnees is attached hereto as Exhibit "A."

4. By the letters of various dates, Condemnor notified the Condemnees in writing of the Condemnor's need to access the property pursuant to the said Declaration of Taking.

5. Notwithstanding receipt of this notice, Condemnees have withheld and continue to withhold possession from Condemnor of the rights of way over, across and through these properties.

6. Condemnor is entitled to possession of the rights of way, conditioned upon payment to the Prothonotary of Condemnor's estimate of just compensation in the amount of $108.00 for the

use and benefit of Condemnees as their interest may appear.

WHEREFORE, Condemnor requests that this Court issue a rule upon Condemnees, to show cause why a writ of possession should not issue conditioned upon payment to the Prothonotary of $108.00 for the use and benefit of Condemnees, as their interests may appear.

AMENDED DECLARATION OF TAKING

The Muddy Run Regional Authority does hereby file this Amended Declaration of Taking, based on the provisions of Article IV, Section 402, of the Eminent Domain Code, Act of June 22, 1964, P.L. 84, 26 P.S. 1-402, as amended, and the Municipal Authorities Act of June 19, 2001, P.L. 287 No. 22, 53 Pa. C.S.A. §5601 et. seq. (the "Act") and respectfully declares that:

1. The Condemnor is the Muddy Run Regional Authority, a Pennsylvania Municipal Authority, duly organized under the provisions of the Act as hereinabove specified with its principal office located at P. O. Box 474, Madera, Pennsylvania, 16661, (the "Condemnor").

2. An original Declaration of Taking was filed in this matter on July 28, 2005 which Declaration of Taking named numerous Condemnees and specified as listed on Exhibit "C," all of which is incorporated herein by reference as fully as though set forth at length.

3. The property now listed herein on Exhibit "B" as Sheet 5-27 and which is owned by Bernard and Priscilla Davidson was inadvertently not included in the original Declaration of Taking.

4. The property herein listed on Exhibit "B" as Sheet 6-37 was listed as being owned by Houtzdale Line Rails to Trails on the original Declaration of Taking filed July 28, 2005. The property is, however, owned by Victor and Gwendolyn Lutz. This pleading is, therefore, amended

to show the correct legal owner of the property sought to be condemned.

5. The property herein listed on Exhibit "B" as Sheet 6-82 and which is owned by Fred Richardson was inadvertently not included in the original Declaration of Taking filed on July 28, 2005.

6. The property herein listed on Exhibit "B" as sheet 6-97 was listed as being owned by Walter and Eleanor Kopilchack. The property is, however, owned by Micah and Stephanie Coyer, therefore this property is included and the pleading is amended to show the correct legal owner of the property sought to be condemned.

7. The property herein listed on Exhibit "B" as sheet 6-132 and which is owned by Wasco Lucician Heirs was inadvertently not included on the original Declaration of Taking filed July 28, 2005. The parties to whom the taxes are sent actually signed a Right of Way Agreement for this property right, however they neglected to have the Agreement notarized, therefore it could not be recorded. This property is now included in this Amended Declaration of Taking since it was not included as part of the original Declaration of Taking filed July 28, 2005.

8. The properties herein listed on Exhibit "B" as Sheet 6-205 and Sheet 6-206 and which are owned by Joseph and Annette Vancas, were two rights of way that were included in the project at a later date by the engineers, therefore, these properties were not made a part of the original Declaration of Taking.

9. The property herein listed on Exhibit "B" as sheet E6-1 was inadvertently omitted from the original Declaration of Taking filed on July 28, 2005.

10. The property herein listed on Exhibit "B" as Sheet 7-142 was originally listed as being owned by James D. and Nancy R. Genesi. The property is actually owned by Clifford L. and Patricia A. Speerstra, therefore, Condemnor now includes this property to depict the legal owners

and the extent of the property right sought to be condemned.

11. The interest in those properties hereinabove described is condemned as a right of way and/or easement by the Condemnor, in general, for purposes of placement of a sewage collection, transmission and conveyance line pursuant to specific Sections 5607(d)(15) and 5615(a) of the Act, 53 Pa. C.S.A. §5601, et seq. and the Eminent Domain Code, Act of June 22, 1964, P.L. 84, as amended, Article IV, Section 402, (26 P.S. 1-402 et. seq). The within condemnation has been authorized by a final Resolution of the Condemnor which was issued the 13th day of July, 2005. A copy of said Resolution is attached hereto and made a part hereof as Exhibit "A". The original may be examined at the corporate address of the Condemnor in the Village of Madera, Bigler Township, Clearfield County, Pennsylvania..

12. The purpose of the condemnation is to accomplish those general purposes hereinabove stated and for the specific purposes set forth below:

a. Condemnor, by this Declaration, intends to acquire the free and uninterrupted use, liberty and privilege of and passage in, over and through those certain pieces or parcels of land as herein described, in an area to be determined by the Condemnor for the length and/or width of the properties as herein described; the said temporary right of way and/or easement as herein acquired shall be generally thirty (30') feet in width or an equi-distance of fifteen (15') feet on either side of the centerline of said pipeline, and the permanent right of way shall be generally twenty (20') feet in width or an equi-distance of ten (10') feet on either side of the said pipeline, all of which is more fully depicted on the Muddy Run Regional Authority maps attached hereto and incorporated herein by reference. Together with the free right of ingress, egress and regress to and for the said Condemnor, its successors and assigns, its tenants and

undertenants, occupiers, or possessors of the said Authority's premises, the said easement and/or right of way to be used for the purposes of construction, maintenance and repair of the collection and conveyance line and any other facilities that the Authority shall, within its sole discretion, deem appropriate.

b. This right of way is acquired for purposes of installing and maintaining a sewage conveyance pipeline for collection/conveyance and transmittal of sewage and effluent through premises acquired by the Authority for purposes of developing a municipal sewage collection/conveyance and treatment system. Accordingly, the Condemnor intends to acquire such rights as may be necessary to permit entry upon the property with men and machinery to permit the installation of pipes, collection lines, conveyance lines, and manholes, to perform necessary excavations, install valves, connections, or such other appliances as are considered ordinary and necessary for a sewage collection/conveyance treatment system, together with the right of re-entry, re-excavation, maintenance and repair as may be required from time to time.

c. The rights hereunder shall be considered perpetual as to the permanent easement and the Condemnor intends that this easement/right of way shall be a covenant running with the land and shall be binding upon the parties hereto, their respective heirs, personal representatives, successors and assigns. Condemnor, however, reserves the right to make any use of the easement area which does not interfere with the rights granted herein to the Authority.

d. As to the easement, the Condemnor intends to acquire rights of perpetual re-entry for purposes of re-excavation, maintenance and repair of the sewage collection/conveyance system lines and all ancillary appliances connected thereto, which

have been installed or will be installed in connection with the rights provided by this agreement.

e. The actual location of the pipe centerline may differ slightly from the design plans of the engineer, due to unforeseen circumstances, but will be located in the same general area as depicted on the maps and other exhibits affixed hereto.

13. Maps of the subject properties being condemned, sufficient for its identification, are set forth on the attached Exhibit "B" and are more specifically described as a permanent easement across property more particularly described by the property owners' names and tax parcel number as more specifically set forth on the attached Exhibit "C".

14. On the same day as this Declaration of Taking is being filed with the Prothonotary, plans showing the property condemned are being lodged for record in the office of the Recorder of Deeds of Clearfield County, Pennsylvania, in accordance with Section 404 of the Eminent Domain Code, 26 P. S. §1-404.

15. The nature of the title acquired in and to the property is a right of way and/or easement as properly described in the exhibits attached hereto.

16. A plan showing the condemned property may be inspected at the office of the Condemnor which is located at The Bigler Township Municipal Building, Madera, Pennsylvania.

17. The Condemnor files with this Declaration of Taking an open ended Bond without surety pursuant to Section 403(a) of the Eminent Domain Code 26 P.S.§1-403(a). Just compensation is made or secured by the filing of said Bond and pursuant to the pledge of Authority assets and collateral as set forth in the Resolution, Bond and this Declaration of Taking. A copy of the Bond is attached hereto as Exhibit "D" and has been, or is to be, filed in the Court of Common

Pleas of Clearfield County and stands as collateral for the reasonable value of the property as established by the Authority.

AMENDED DECLARATION OF TAKING

The Muddy Run Regional Authority does hereby file this Amended Declaration of Taking, based on the provisions of Article IV, Section 402, of the Eminent Domain Code, Act of June 22, 1964, P.L. 84, 26 P.S. 1-402, as amended, and the Municipal Authorities Act of June 19, 2001, P.L. 287 No. 22, 53 Pa. C.S.A. §5601 et. seq. (the "Act") and respectfully declares that:

1. The Condemnor is the Muddy Run Regional Authority, a Pennsylvania Municipal Authority, duly organized under the provisions of the Act as hereinabove specified with its principal office located at P. O. Box 474, Madera, Pennsylvania, 16661, (the "Condemnor").

2. An original Declaration of Taking was filed in this matter on July 28, 2005 which Declaration of Taking named numerous Condemnees and specified as listed on Exhibit "C," all of which is incorporated herein by reference as fully as though set forth at length.

3. The property now listed herein on Exhibit "B" as Sheet 5-27 and which is owned by Bernard and Priscilla Davidson was inadvertently not included in the original Declaration of Taking.

4. The property herein listed on Exhibit "B" as Sheet 6-37 was listed as being owned by Houtzdale Line Rails to Trails on the original Declaration of Taking filed July 28, 2005. The property is, however, owned by Victor and Gwendolyn Lutz. This pleading is, therefore, amended

to show the correct legal owner of the property sought to be condemned.

5. The property herein listed on Exhibit "B" as Sheet 6-82 and which is owned by Fred Richardson was inadvertently not included in the original Declaration of Taking filed on July 28, 2005.

6. The property herein listed on Exhibit "B" as sheet 6-97 was listed as being owned by Walter and Eleanor Kopilchack. The property is, however, owned by Micah and Stephanie Coyer, therefore this property is included and the pleading is amended to show the correct legal owner of the property sought to be condemned.

7. The property herein listed on Exhibit "B" as sheet 6-132 and which is owned by Wasco Lucician Heirs was inadvertently not included on the original Declaration of Taking filed July 28, 2005. The parties to whom the taxes are sent actually signed a Right of Way Agreement for this property right, however they neglected to have the Agreement notarized, therefore it could not be recorded. This property is now included in this Amended Declaration of Taking since it was not included as part of the original Declaration of Taking filed July 28, 2005.

8. The properties herein listed on Exhibit "B" as Sheet 6-205 and Sheet 6-206 and which are owned by Joseph and Annette Vancas, were two rights of way that were included in the project at a later date by the engineers, therefore, these properties were not made a part of the original Declaration of Taking.

9. The property herein listed on Exhibit "B" as sheet E6-1 was inadvertently omitted from the original Declaration of Taking filed on July 28, 2005.

10. The property herein listed on Exhibit "B" as Sheet 7-142 was originally listed as being owned by James D. and Nancy R. Genesi. The property is actually owned by Clifford L. and Patricia A. Speerstra, therefore, Condemnor now includes this property to depict the legal owners

and the extent of the property right sought to be condemned.

11. The interest in those properties hereinabove described is condemned as a right of way and/or easement by the Condemnor, in general, for purposes of placement of a sewage collection, transmission and conveyance line pursuant to specific Sections 5607(d)(15) and 5615(a) of the Act, 53 Pa. C.S.A. §5601, et seq. and the Eminent Domain Code, Act of June 22, 1964, P.L. 84, as amended, Article IV, Section 402, (26 P.S. 1-402 et. seq). The within condemnation has been authorized by a final Resolution of the Condemnor which was issued the 13th day of July, 2005. A copy of said Resolution is attached hereto and made a part hereof as Exhibit "A". The original may be examined at the corporate address of the Condemnor in the Village of Madera, Bigler Township, Clearfield County, Pennsylvania..

12. The purpose of the condemnation is to accomplish those general purposes hereinabove stated and for the specific purposes set forth below:

a. Condemnor, by this Declaration, intends to acquire the free and uninterrupted use, liberty and privilege of and passage in, over and through those certain pieces or parcels of land as herein described, in an area to be determined by the Condemnor for the length and/or width of the properties as herein described; the said temporary right of way and/or easement as herein acquired shall be generally thirty (30') feet in width or an equi-distance of fifteen (15') feet on either side of the centerline of said pipeline, and the permanent right of way shall be generally twenty (20') feet in width or an equi-distance of ten (10') feet on either side of the said pipeline, all of which is more fully depicted on the Muddy Run Regional Authority maps attached hereto and incorporated herein by reference. Together with the free right of ingress, egress and regress to and for the said Condemnor, its successors and assigns, its tenants and

undertenants, occupiers, or possessors of the said Authority's premises, the said easement and/or right of way to be used for the purposes of construction, maintenance and repair of the collection and conveyance line and any other facilities that the Authority shall, within its sole discretion, deem appropriate.

b. This right of way is acquired for purposes of installing and maintaining a sewage conveyance pipeline for collection/conveyance and transmittal of sewage and effluent through premises acquired by the Authority for purposes of developing a municipal sewage collection/conveyance and treatment system. Accordingly, the Condemnor intends to acquire such rights as may be necessary to permit entry upon the property with men and machinery to permit the installation of pipes, collection lines, conveyance lines, and manholes, to perform necessary excavations, install valves, connections, or such other appliances as are considered ordinary and necessary for a sewage collection/conveyance treatment system, together with the right of re-entry, re-excavation, maintenance and repair as may be required from time to time.

c. The rights hereunder shall be considered perpetual as to the permanent easement and the Condemnor intends that this easement/right of way shall be a covenant running with the land and shall be binding upon the parties hereto, their respective heirs, personal representatives, successors and assigns. Condemnor, however, reserves the right to make any use of the easement area which does not interfere with the rights granted herein to the Authority.

d. As to the easement, the Condemnor intends to acquire rights of perpetual re-entry for purposes of re-excavation, maintenance and repair of the sewage collection/conveyance system lines and all ancillary appliances connected thereto, which

have been installed or will be installed in connection with the rights provided by this agreement.

e. The actual location of the pipe centerline may differ slightly from the design plans of the engineer, due to unforeseen circumstances, but will be located in the same general area as depicted on the maps and other exhibits affixed hereto.

13. Maps of the subject properties being condemned, sufficient for its identification, are set forth on the attached Exhibit "B" and are more specifically described as a permanent easement across property more particularly described by the property owners' names and tax parcel number as more specifically set forth on the attached Exhibit "C".

14. On the same day as this Declaration of Taking is being filed with the Prothonotary, plans showing the property condemned are being lodged for record in the office of the Recorder of Deeds of Clearfield County, Pennsylvania, in accordance with Section 404 of the Eminent Domain Code, 26 P. S. §l-404.

15. The nature of the title acquired in and to the property is a right of way and/or easement as properly described in the exhibits attached hereto.

16. A plan showing the condemned property may be inspected at the office of the Condemnor which is located at The Bigler Township Municipal Building, Madera, Pennsylvania.

17. The Condemnor files with this Declaration of Taking an open ended Bond without surety pursuant to Section 403(a) of the Eminent Domain Code 26 P.S.§l-403(a). Just compensation is made or secured by the filing of said Bond and pursuant to the pledge of Authority assets and collateral as set forth in the Resolution, Bond and this Declaration of Taking. A copy of the Bond is attached hereto as Exhibit "D" and has been, or is to be, filed in the Court of Common

Pleas of Clearfield County and stands as collateral for the reasonable value of the property as established by the Authority.

AMENDED DECLARATION OF TAKING

The Muddy Run Regional Authority does hereby file this Amended Declaration of Taking, based on the provisions of Article IV, Section 402, of the Eminent Domain Code, Act of June 22, 1964, P.L. 84, 26 P.S. 1-402, as amended, and the Municipal Authorities Act of June 19, 2001, P.L. 287 No. 22, 53 Pa. C.S.A. §5601 et. seq. (the "Act") and respectfully declares that:

1. The Condemnor is the Muddy Run Regional Authority, a Pennsylvania Municipal Authority, duly organized under the provisions of the Act as hereinabove specified with its principal office located at P. O. Box 474, Madera, Pennsylvania, 16661, (the "Condemnor").

2. An original Declaration of Taking was filed in this matter on July 28, 2005 which Declaration of Taking named numerous Condemnees and specified as listed on Exhibit "C," all of which is incorporated herein by reference as fully as though set forth at length.

3. The property now listed herein on Exhibit "B" as Sheet 5-27 and which is owned by Bernard and Priscilla Davidson was inadvertently not included in the original Declaration of Taking.

4. The property herein listed on Exhibit "B" as Sheet 6-37 was listed as being owned by Houtzdale Line Rails to Trails on the original Declaration of Taking filed July 28, 2005. The property is, however, owned by Victor and Gwendolyn Lutz. This pleading is, therefore, amended

to show the correct legal owner of the property sought to be condemned.

5. The property herein listed on Exhibit "B" as Sheet 6-82 and which is owned by Fred Richardson was inadvertently not included in the original Declaration of Taking filed on July 28, 2005.

6. The property herein listed on Exhibit "B" as sheet 6-97 was listed as being owned by Walter and Eleanor Kopilchack. The property is, however, owned by Micah and Stephanie Coyer, therefore this property is included and the pleading is amended to show the correct legal owner of the property sought to be condemned.

7. The property herein listed on Exhibit "B" as sheet 6-132 and which is owned by Wasco Lucician Heirs was inadvertently not included on the original Declaration of Taking filed July 28, 2005. The parties to whom the taxes are sent actually signed a Right of Way Agreement for this property right, however they neglected to have the Agreement notarized, therefore it could not be recorded. This property is now included in this Amended Declaration of Taking since it was not included as part of the original Declaration of Taking filed July 28, 2005.

8. The properties herein listed on Exhibit "B" as Sheet 6-205 and Sheet 6-206 and which are owned by Joseph and Annette Vancas, were two rights of way that were included in the project at a later date by the engineers, therefore, these properties were not made a part of the original Declaration of Taking.

9. The property herein listed on Exhibit "B" as sheet E6-1 was inadvertently omitted from the original Declaration of Taking filed on July 28, 2005.

10. The property herein listed on Exhibit "B" as Sheet 7-142 was originally listed as being owned by James D. and Nancy R. Genesi. The property is actually owned by Clifford L. and Patricia A. Speerstra, therefore, Condemnor now includes this property to depict the legal owners

and the extent of the property right sought to be condemned.

11. The interest in those properties hereinabove described is condemned as a right of way and/or easement by the Condemnor, in general, for purposes of placement of a sewage collection, transmission and conveyance line pursuant to specific Sections 5607(d)(15) and 5615(a) of the Act, 53 Pa. C.S.A. §5601, et seq. and the Eminent Domain Code, Act of June 22, 1964, P.L. 84, as amended, Article IV, Section 402, (26 P.S. 1-402 et. seq). The within condemnation has been authorized by a final Resolution of the Condemnor which was issued the 13th day of July, 2005. A copy of said Resolution is attached hereto and made a part hereof as Exhibit "A". The original may be examined at the corporate address of the Condemnor in the Village of Madera, Bigler Township, Clearfield County, Pennsylvania..

12. The purpose of the condemnation is to accomplish those general purposes hereinabove stated and for the specific purposes set forth below:

a. Condemnor, by this Declaration, intends to acquire the free and uninterrupted use, liberty and privilege of and passage in, over and through those certain pieces or parcels of land as herein described, in an area to be determined by the Condemnor for the length and/or width of the properties as herein described; the said temporary right of way and/or easement as herein acquired shall be generally thirty (30') feet in width or an equi-distance of fifteen (15') feet on either side of the centerline of said pipeline, and the permanent right of way shall be generally twenty (20') feet in width or an equi-distance of ten (10') feet on either side of the said pipeline, all of which is more fully depicted on the Muddy Run Regional Authority maps attached hereto and incorporated herein by reference. Together with the free right of ingress, egress and regress to and for the said Condemnor, its successors and assigns, its tenants and

undertenants, occupiers, or possessors of the said Authority's premises, the said easement and/or right of way to be used for the purposes of construction, maintenance and repair of the collection and conveyance line and any other facilities that the Authority shall, within its sole discretion, deem appropriate.

b. This right of way is acquired for purposes of installing and maintaining a sewage conveyance pipeline for collection/conveyance and transmittal of sewage and effluent through premises acquired by the Authority for purposes of developing a municipal sewage collection/conveyance and treatment system. Accordingly, the Condemnor intends to acquire such rights as may be necessary to permit entry upon the property with men and machinery to permit the installation of pipes, collection lines, conveyance lines, and manholes, to perform necessary excavations, install valves, connections, or such other appliances as are considered ordinary and necessary for a sewage collection/conveyance treatment system, together with the right of re-entry, re-excavation, maintenance and repair as may be required from time to time.

c. The rights hereunder shall be considered perpetual as to the permanent easement and the Condemnor intends that this easement/right of way shall be a covenant running with the land and shall be binding upon the parties hereto, their respective heirs, personal representatives, successors and assigns. Condemnor, however, reserves the right to make any use of the easement area which does not interfere with the rights granted herein to the Authority.

d. As to the easement, the Condemnor intends to acquire rights of perpetual re-entry for purposes of re-excavation, maintenance and repair of the sewage collection/conveyance system lines and all ancillary appliances connected thereto, which

have been installed or will be installed in connection with the rights provided by this agreement.

e. The actual location of the pipe centerline may differ slightly from the design plans of the engineer, due to unforeseen circumstances, but will be located in the same general area as depicted on the maps and other exhibits affixed hereto.

13. Maps of the subject properties being condemned, sufficient for its identification, are set forth on the attached Exhibit "B" and are more specifically described as a permanent easement across property more particularly described by the property owners' names and tax parcel number as more specifically set forth on the attached Exhibit "C".

14. On the same day as this Declaration of Taking is being filed with the Prothonotary, plans showing the property condemned are being lodged for record in the office of the Recorder of Deeds of Clearfield County, Pennsylvania, in accordance with Section 404 of the Eminent Domain Code. 26 P. S. §1-404.

15. The nature of the title acquired in and to the property is a right of way and/or easement as properly described in the exhibits attached hereto.

16. A plan showing the condemned property may be inspected at the office of the Condemnor which is located at The Bigler Township Municipal Building, Madera, Pennsylvania.

17. The Condemnor files with this Declaration of Taking an open ended Bond without surety pursuant to Section 403(a) of the Eminent Domain Code 26 P.S.§1-403(a). Just compensation is made or secured by the filing of said Bond and pursuant to the pledge of Authority assets and collateral as set forth in the Resolution, Bond and this Declaration of Taking. A copy of the Bond is attached hereto as Exhibit "D" and has been, or is to be, filed in the Court of Common

Pleas of Clearfield County and stands as collateral for the reasonable value of the property as established by the Authority.

BOND

KNOW ALL MEN BY THESE PRESENTS, that a Declaration of Taking having been filed the 21st day of November, 2005, by the Muddy Run Regional Authority, (Obligor), a municipal authority, organized and existing under the laws of the Commonwealth of Pennsylvania, being held and firmly bound unto the Commonwealth of Pennsylvania ("Obligee") for the use and benefit of the owner or owners of the property to be condemned and other proper parties in interest (the "Condemnees"), for such amount of damages as the Condemnees shall be entitled to receive after the same shall have been agreed upon or assessed in the manner prescribed by law, by reason of the condemnation of such property by Obligor of certain land and improvements owned by the Condemnees being more particularly described in those Deeds hereinafter identified and Tax Parcel Numbers hereinafter identified to which payment well and truly to be made, the Obligor does bind itself and its successors, and assigns, firmly by these presents.

WHEREAS, the Obligor has condemned the said property and cannot agree with the Condemnees upon the just compensation to be paid for the damages sustained by the Condemnees as a result of the condemnation:

NOW THE CONDITION of this bond is such that if the Obligor shall pay, or cause to be paid, such amount of damages as the Condemnees shall be entitled to receive by reason of such condemnation, after the same shall have been agreed upon or assessed in the manner provided by law, then this obligation shall be void; otherwise, to be and remain in full force and effect.

The Board of Directors of the Muddy Run Regional Authority and its appropriate officers being authorized to file an Amended Declaration of Taking and such other documents in support thereof as required to effect this taking now intend to enter such bond and pledge such collateral as may be necessary or desirable to carry out the purposes of their resolution including posting and pledging as collateral its fixed or liquid assets to the extent necessary to carry out the purposes of this proceeding.

The institution of this proceeding and any damages which may be agreed upon or awarded to

any party in interest including the owner or owners of said property acquired through the right of Eminent Domain shall be paid out of the funds of the Muddy Run Regional Authority either pledged for this purpose or as otherwise provided as collateral by way of those fixed assets or liquid assets as defined in the financial statement of the said Municipal Authority.

Date: September 19, 2005

Over the past several weeks, it has come to my attention that there is some confusion on court orders over the issue of service. To attempt to clear up this question, from this date forward until further notice, this or a similar memo will be attached to each order, indicating responsibility for service on each order or rule. If you have any questions, please contact me at (814) 765-2641, ext. 1331. Thank you.

Sincerely,

William A. Shaw

Attention: Judge Fredric Ammeman
Reference Muddy Run Regional Authority vs. Mid-Pen Coal Co, ET AL No. 05-1084-CD & No. 2005-1084-CD

Dear Judge Ammeman;

This letter is in follow up to the above referenced order No, 05-1084-CD. It is with great regret that I am requesting that a board of view be appointed to determine proper compensation for the permanent easement being sought in this action.

I have attached copies of all correspondence (2 items) that I have received from the Regional Authority's attorney since the October 13,2005 hearing.

The first letter advised me that I would be contacted by the engineering firm about possibly relocating the pipeline. I was not contacted! This letter also advised me that my settlement offer had been rejected. I have been waiting to hear from someone relative to the pipeline relocation since I received that letter.

Last Friday November 18, 2005 I was suprised to receive order No. 2005-1084-CD concerning a Writ to show cause as to why a payment of $108 should not be acceptable compensation for the permanent easement. As I understand this notice a hearing will be held on December 7 2005. I plan to attend that hearing to express my objections to this Writ..

I am appalled by the way that this case is being handled by the Regional Authority. I felt that your decision of October 13, 2005 was very good in that it provided a way for me to address the compensation issue without having to make an extra journey from Mentor Oh. to Clearfield Pa.. I believe that the alleged call I was to receive about the pipeline relocation was nothing more then a ploy to have me do nothing while the legal action on the Writ was being filed. I feel that this tactic was used with the hope that I would not make another trip to Clearfield to object to the unfair compensation offer. This is a perfect case of big government manipulating the system to achieve its own goal.

I look forward to seeing how this hearing affects the appointment of a board of view in this matter.

Sincerely yours

Lawrence Berzanske

Re: Muddy Run Regional Authority

Dear Mr. Berzanske:

Please find enclosed a copy of the Court Order disposing of the Preliminary Objections filed by you, which Order should be self-explanatory.

I spoke with Jeff Spencer of Gwin, Dobson & Foreman immediately subsequent to the argument and asked him to call you to discuss the possibility of moving or altering to some extent the area traversed by the pipeline. He should be contacting you shortly so you may discuss this matter with him at that time. I relayed your settlement offer to the Board at the regular meeting on October 20, 2005 and would advise that your proposal was not accepted.

Should you have any questions or wish to discuss the matter further, please do not hesitate to contact me.

Very truly yours,

John R. Carfley
