IN THE COURT OF COMMON PLEAS OF CLEARFIELD COUNTY, PENNSYLVANIA
CIVIL ACTION

FRANK T. SAUPP, :
Petitioner: No. 06 - - CD
vs. :
COMMONWEALTH OF PENNSYLVANIA :
DEPARTMENT OF TRANSPORTATION, :
Respondent:

*PETITION TO APPEAL SUSPENSION
OF DRIVER'S LICENSE*

NOW COMES, Petitioner, Frank T. Saupp, by and through his Attorney, Paul Colavecchi, Esquire, files this Petition to Appeal Suspension of Driver's License and respectfully avers as follows:

1. Petitioner, Frank T. Saupp, by letter dated December 6, 2006, received notice that his privilege to operate a motor vehicle is being suspended as of December 27, 2006, a copy of said letter being attached hereto marked Exhibit "A".

2. The reason given for the suspension of driving privileges is that the Commonwealth of Pennsylvania, Department of Transportation, had received medical information indicating that Petitioner had a cognitive impairment condition which prevents him from safely operating a motor vehicle.

3. Pursuant to said letter, Petitioner's driving privileges have been recalled indefinitely as mandated by Section 1519(c) of

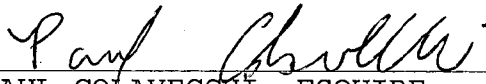

the Pennsylvania Vehicle Code, said Section titled, Termination of Competency.

4. Petitioner contends that he was examined by Dr. Philip A. Pilgram of the Geisinger Medical Group on or about October 11, 2006. Petitioner had gone to Dr. Pilgram for a routine medical checkup and complained that he was having some dizzy spells at the time. Thereafter, Petitioner was referred to Dr. Schaefer of the Geisinger Medical Group. Petitioner contends that he was given a very routine examination, around October 2006, in which he walked back and forth in a room and answered some basic questions. Petitioner was never notified that he was diagnosed with a cognitive impairment condition as a result of that medical examination by Dr. Schaefer.

5. Petitioner is aggrieved at this time by the suspension of his driving privileges because his wife is crippled and their only means of transportation relies on Petitioner having a valid driver's license. Further, his wife has to go for medical examines every three months for her diabetes condition and Petitioner is the only means of getting his wife to her doctor's appointments as well as their only means of going grocery shopping.

6. Petitioner contends that the Commonwealth has not met its burden of proof in making a determination of incompetence so that his driving privilege should be suspended indefinitely.

WHEREFORE, Petitioner prays that your Honorable Court grant this Appeal and after a hearing on the merits and reverse said suspension.

PAUL COLAVECCHI, ESQUIRE
Attorney for FRANK T. SAUPP

DEC 27 last day

recallns

**COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF TRANSPORTATION**

**Bureau of Driver Licensing
Mail Date: December 6, 2006**

FRANK SAUPP
1062 W CLARA ST
HOUTZDALE PA 16651

Dear Mr. FRANK SAUPP:

We have received medical information indicating that you have a Cognitive Impairment condition which prevents you from safely operating a motor vehicle.

As of 12/27/2006, you may no longer drive. Your driving privilege is hereby recalled indefinitely as mandated by Section 1519(c) of the Vehicle Code.

This decision has been made by comparing your medical condition with the standards recommended by our Medical Advisory Board and adopted by this Department. This action will remain in effect until we receive medical information that your condition has improved and you are able to safely operate a motor vehicle.

In order to comply with this action, you must return all current Pennsylvania driver's licenses, learner's permits, temporary driver's licenses (camera cards) in your possession on or before the effective date listed above. If you cannot comply with the requirements stated above, a sworn affidavit stating that you are aware of the sanction against your driving privilege must be submitted. When the Department receives your license or affidavit, we will send you a receipt.

If you do not return all current driver license products, we must refer this matter to the Pennsylvania State Police for prosecution under SECTION 1571 (a) (4) of the Pennsylvania Vehicle Code.

YOU MAY NOT RETAIN YOUR DRIVER'S LICENSE FOR IDENTIFICATION PURPOSES. However, you may apply for and obtain a photo identification card at any Driver License Center.

You have the right to appeal to the Court of Common Pleas (Civil Division) within thirty (30) days of the mail date of this notice. If you file an appeal in the County Court, the Court will give you a time-stamped certified copy of the appeal. In order for your appeal to be valid, you must send this time-stamped copy of the appeal by certified mail to:

Pennsylvania Department of Transportation
Office of Chief Counsel
Third Floor, Riverfront Office Center
Harrisburg, PA 17104

You still must send in your license before the effective date of recall unless you appear in person before a judge and receive an order permitting you to continue driving.

If you have any questions or need further information, please contact the Medical Unit, P.O. Box 68682, Harrisburg, PA 17106-8682 or call (717) 787-9662 between the hours of 8:00 a.m. and 4:30 p.m.

Sincerely,

A handwritten signature in cursive script, reading "Janet L. Dolan".

Janet L. Dolan, Director
Bureau of Driver Licensing

CIVIL ACTION

FRANK T. SAUPP, :
Petitioner: No. 06 - - CD
vs. :
COMMONWEALTH OF PENNSYLVANIA :
DEPARTMENT OF TRANSPORTATION, :
Respondent:

PETITION FOR HEARING ON SUPERSEDEAS

1. Petitioner is Frank T. Saupp having a mailing address of 1062 West Clara Street, Houtzdale, Pennsylvania 16651.

2. Petitioner was notified by the Commonwealth of Pennsylvania, Department of Transportation, by letter dated December 6, 2006, that his driving privileges are being suspended as of December 27, 2006.

3. The Commonwealth cited that medical information had been received which indicated that Petitioner has a cognitive impairment condition which prevents him from safely operating a motor vehicle.

4. Petitioner has filed an Appeal on this date, and has alleged that he has not been diagnosed with a cognitive impairment condition and has never seen any medical documentation that sets forth any such condition.

5. Further, Petitioner alleged that he has been treated by Dr. Philip A. Pilgram of Geisinger Medical Group, for a routine medical exam and had complained of dizzy spells but was not diagnosed with a cognitive impairment condition. In addition,

Petitioner was treated by Dr. Schaefer in October of 2006 but was not made aware that he was being diagnosed with a cognitive impairment condition.

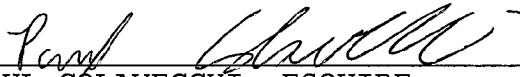

6. Petitioner is in the process of setting up an examination by a neurologist to receive a definite diagnosis about the allegation that he suffers from a cognitive impairment condition.

7. Petitioner requests at this time that a supersedeas be entered so that he may operate his motor vehicle pending a hearing on the Appeal of his Driver's License Suspension.

8. Petitioner files this Petition for a hearing pursuant to Section 1550 of the Pennsylvania Motor Vehicle Code which sets for that an Appeal shall not act as a supersedeas if the suspension is based on reasons set forth in Section 1519.

9. Section 1550 sets forth that the Appeal shall not act as a supersedeas unless Ordered by the Court after hearing attended by Petitioner.

10. Petitioner requests that the Court conduct a hearing and determine whether a supersedeas can be entered so that Petitioner can operate a motor vehicle pending the Appeal.

FRANK T. SAUPP, :
Petitioner: No. 06 - - CD
vs. :
COMMONWEALTH OF PENNSYLVANIA :
DEPARTMENT OF TRANSPORTATION, :
Respondent:

**AMENDED PETITION FOR
HEARING ON SUPERSEDEAS**

1. Petitioner is Frank T. Saupp having a mailing address of 1062 West Clara Street, Houtzdale, Pennsylvania 16651.

2. Petitioner was notified by the Commonwealth of Pennsylvania, Department of Transportation, by letter dated December 6, 2006, that his driving privileges are being suspended as of December 27, 2006.

3. The Commonwealth cited that medical information had been received which indicated that Petitioner has a cognitive impairment condition which prevents him from safely operating a motor vehicle.

4. Petitioner has filed an Amended Appeal on this date, and has alleged that he has not been diagnosed with a cognitive impairment condition and has never been diagnosed with any such condition.

5. According to the medical records, Dr. Schaefer set forth that she would like his driving retested because she was concerned given his score on MMSC that he may not be a good driver. Further, the record set forth that the Plaintiff did discuss his driving

with Dr. Schaefer. The record set forth that Mr. Saupp stated he hadn't had any difficulty with driving or getting lost and that he is able to drive both day and night. Copies of the records are attached hereto and marked Exhibit "A".

6. Further, Petitioner alleged that he has been treated by Dr. Philip A. Pilgram of Geisinger Medical Group, for a routine medical exam and had complained of dizzy spells but was not diagnosed with a cognitive impairment condition. In addition, Petitioner was treated by Dr. Schaefer in October of 2006 but was not made aware that he was being diagnosed with a cognitive impairment condition.

7. Petitioner is in the process of setting up an examination by a neurologist to receive a definite diagnosis about the allegation that he suffers from a cognitive impairment condition.

8. Petitioner requests at this time that a supersedeas be entered so that he may operate his motor vehicle pending a hearing on the Appeal of his Driver's License Suspension.

9. Petitioner files this Petition for a hearing pursuant to Section 1550 of the Pennsylvania Motor Vehicle Code which sets for that an Appeal shall not act as a supersedeas if the suspension is based on reasons set forth in Section 1519.

10. Section 1550 sets forth that the Appeal shall not act as a supersedeas unless Ordered by the Court after hearing attended by Petitioner.

11. Petitioner requests that the Court conduct a hearing and determine whether a supersedeas can be entered so that Petitioner can operate a motor vehicle pending the Appeal.

Blood pressure 130/62, pulse 68, weight 135 lbs (61.2 kg).

SUBJECTIVE:

Mr. Saupp comes today in F/U of Alzheimer's dementia. He's on Aricept 10, Namenda 10 bid. He's noncommittal about whether or not his memory is worse.

On MMSE he scores a 20 out of 30 which is down. He does have impaired visual/spacial relationships.

EXAMINATION:

Blood pressure 130/62, pulse 68, weight 135 lbs (61.2 kg).

IMPRESSION/PLAN:

Alzheimer's dementia.

I've advised the pt that I would like his driving retested. I am concerned given his score on MMSE that he may not be a good driver. I informed him that I will send a letter to PennDot re the above. Return in 6 mos.

Kathleen A. Schaefer, MD

SUBJECTIVE:

Mr. Saupp comes today in follow up of cognitive dysfunction and some gait dysfunction. He is on Aricept 10 and has added Namenda Dosepak 10 bid. He is tolerating this well and feels he is doing better.

OBJECTIVE:

Blood pressure 130/70, pulse 60, weight 135 lbs (61.2 kg). Weight has fluctuated somewhat. On MMSE his score is up to 22/30. Strength is full in the lower extremities. Gait is mildly on block.

EXHIBIT
"A"

ASSESSMENT & PLAN:

1. Gait dysfunction with query mild parkinsonism. Will follow.
2. Cognitive dysfunction. Continue Namenda and Aricept. Monitor weight. Call if significant weight loss.

Return in 8 weeks.

Progress Notes

SUBJECTIVE:

Mr. Saupp comes today in follow up of cognitive dysfunction. He is taking and tolerating Aricept 10 hs well and his weight has picked up. He doesn't think his memory is any better although no worse. We discussed driving. He hasn't had any difficulty with driving or getting lost. He is able to drive both day and night. The patient feels he is walking better as well without any other clear interventions.

OBJECTIVE:

Blood pressure 136/80, pulse 64, weight 138 lbs (62.6 kg). On mini-mental he scores a 20/30. Vibration is present at the ankles. Ankle jerks are trace. Gait is a little bit steppage but I had not previously noted that and his strength feels full in the tibialis anterior.

ASSESSMENT & PLAN:

1. Gait dysfunction, query mild parkinsonism. Will not change anything at this point or add any Parkinson's meds.
2. Cognitive dysfunction of unclear etiology. Add Namenda Dosepak followed by Namenda 10 bid. Not to be taken with Dextromethorphan.

Return in 8 weeks.

Progress Notes Note dictated
11/16/2005
Kathleen A. Schaefer, MD

SUBJECTIVE:

Mr. Saupp comes today in follow up of mild parkinsonism and chronic unsteadiness. Sinemet wasn't helpful and discontinuing it has made him no worse. His wife notes for the last year gradual onset gradually progressive memory loss primarily with short term memory, difficulty with subtraction. No difficulty otherwise with praxis or naming. No difficulty with disorientation, abnormal visual spacial relations. His driving has been normal.

OBJECTIVE:

Weight 139 lbs (63.1 kg). On mini-mental he scores a 21/30 having difficulty in multiple realms. Spontaneous speech is non-aphasic. There is facial masking, a stooped gait with increased steps per turn. No resting tremor is noted.

ASSESSMENT & PLAN:

1. Parkinsonism, which is likely the etiology of his gait dysfunction, which is mild. No specific therapy at this time but once he acclimates to medication for dementia, will consider the addition of a Dopamine Agonist; such as, Mirapex or Requip.
2. Dementia associated with #1. He may have a dementia associated with

parkinsonism or vascular dementia. He doesn't seem to have a typical Alzheimer's dementia. Check for treatable causes, then if they are unremarkable, begin Aricept 5 hs for a month, then 10 hs. Common side effects discussed including weight loss.

Return in 6 weeks.

Kathleen A. Schaefer, MD

SUBJECTIVE:

Mr. Saupp comes today in follow up of chronic dizziness. His EMG showed a right peripheral etiology and a central etiology as well. MRI was reviewed and showed chronic ischemic changes bilaterally, mostly supratentorial. There is a question of some tiny area of ischemia in the left mid brain/pons. Good flow void is seen through the basilar artery. Dr. Pilgram decreased the dose of his antihypertensive without any improvement of his symptoms.

OBJECTIVE:

Reveals no nystagmus, normal finger-to-nose, normal heel-to-shin. Gait is slightly shuffling.

ASSESSMENT & PLAN:

Multifactorial gait imbalance. Peripheral vertigo. Query central, age related changes in balance. Vestibular therapy. Mild parkinsonism without signs of Parkinson's disease. Will follow.

Return in 8 weeks.

IN THE COURT OF COMMON PLEAS OF CLEARFIELD COUNTY, PENNSYLVANIA
CIVIL ACTION

FRANK T. SAUPP, :
Petitioner: No. 06 - 2077 - CD :
vs. :
COMMONWEALTH OF PENNSYLVANIA :
DEPARTMENT OF TRANSPORTATION, :
Respondent:

**AMENDED PETITION TO APPEAL SUSPENSION
OF DRIVER'S LICENSE**

NOW COMES, Petitioner, Frank T. Saupp, by and through his Attorney, Paul Colavecchi, Esquire, files this Petition to Appeal Suspension of Driver's License and respectfully avers as follows:

1. Petitioner, Frank T. Saupp, by letter dated December 6, 2006, received notice that his privilege to operate a motor vehicle is being suspended as of December 27, 2006, a copy of said letter being attached hereto marked Exhibit "A".

2. The reason given for the suspension of driving privileges is that the Commonwealth of Pennsylvania, Department of Transportation, had received medical information indicating that Petitioner had a cognitive impairment condition which prevents him from safely operating a motor vehicle.

3. Pursuant to said letter, Petitioner's driving privileges have been recalled indefinitely as mandated by Section 1519(c) of

the Pennsylvania Vehicle Code, said Section titled, Termination of Competency.

4. Petitioner contends that he was examined by Dr. Philip A. Pilgram of the Geisinger Medical Group on or about October 11, 2006. Petitioner had gone to Dr. Pilgram for a routine medical checkup and complained that he was having some dizzy spells at the time. Thereafter, Petitioner was referred to Dr. Schaefer of the Geisinger Medical Group. Petitioner contends that he was given a very routine examination, around October 2006, in which he walked back and forth in a room and answered some basic questions. Petitioner was never notified that he was diagnosed with a cognitive impairment condition as a result of that medical examination by Dr. Schaefer.

5. According to the medical records, Dr. Schaefer set forth that she would like his driving retested because she was concerned given his score on MMSC that he may not be a good driver. Further, the record set forth that the Plaintiff did discuss his driving with Dr. Schaefer. The record set forth that Mr. Saupp stated he hadn't had any difficulty with driving or getting lost and that he is able to drive both day and night. Copies of the records are attached hereto and marked Exhibit "B".

6. Petitioner is aggrieved at this time by the suspension of his driving privileges because his wife is crippled and their only means of transportation relies on Petitioner having a valid

driver's license. Further, his wife has to go for medical examines every three months for her diabetes condition and Petitioner is the only means of getting his wife to her doctor's appointments as well as their only means of going grocery shopping.

7. Petitioner contends that the Commonwealth has not met its burden of proof in making a determination of incompetence so that his driving privilege should be suspended indefinitely.

WHEREFORE, Petitioner prays that your Honorable Court grant this Appeal and after a hearing on the merits and reverse said suspension.

PAUL COLAVECCHI, ESQUIRE
Attorney for FRANK T. SAUPP

DEC 27 last day

**COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF TRANSPORTATION**

**Bureau of Driver Licensing
Mail Date: December 6, 2006**

FRANK SAUPP
1062 W CLARA ST
HOUTZDALE PA 16651

Dear Mr. FRANK SAUPP:

We have received medical information indicating that you have a Cognitive Impairment condition which prevents you from safely operating a motor vehicle.

As of 12/27/2006, you may no longer drive. Your driving privilege is hereby recalled indefinitely as mandated by Section 1519(c) of the Vehicle Code.

This decision has been made by comparing your medical condition with the standards recommended by our Medical Advisory Board and adopted by this Department. This action will remain in effect until we receive medical information that your condition has improved and you are able to safely operate a motor vehicle.

In order to comply with this action, you must return all current Pennsylvania driver's licenses, learner's permits, temporary driver's licenses (camera cards) in your possession on or before the effective date listed above. If you cannot comply with the requirements stated above, a sworn affidavit stating that you are aware of the sanction against your driving privilege must be submitted. When the Department receives your license or affidavit, we will send you a receipt.

If you do not return all current driver license products, we must refer this matter to the Pennsylvania State Police for prosecution under SECTION 1571 (a) (4) of the Pennsylvania Vehicle Code.

YOU MAY NOT RETAIN YOUR DRIVER'S LICENSE FOR IDENTIFICATION PURPOSES. However, you may apply for and obtain a photo identification card at any Driver License Center.

You have the right to appeal to the Court of Common Pleas (Civil Division) within thirty (30) days of the mail date of this notice. If you file an appeal in the County Court, the Court will give you a time-stamped certified copy of the appeal. In order for your appeal to be valid, you must send this time-stamped copy of the appeal by certified mail to:

Pennsylvania Department of Transportation
Office of Chief Counsel
Third Floor, Riverfront Office Center
Harrisburg, PA 17104

You still must send in your license before the effective date of recall unless you appear in person before a judge and receive an order permitting you to continue driving.

If you have any questions or need further information, please contact the Medical Unit, P.O. Box 68682, Harrisburg, PA 17106-8682 or call (717) 787-9662 between the hours of 8:00 a.m. and 4:30 p.m.

Sincerely,

Janet L. Dolan, Director
Bureau of Driver Licensing

10/9/2006
Kathleen A. Schaefer, MD

Blood pressure 130/62, pulse 68, weight 135 lbs (61.2 kg).

SUBJECTIVE:

Mr. Saupp comes today in F/U of Alzheimer's dementia. He's on Aricept 10, Namenda 10 bid. He's noncommittal about whether or not his memory is worse.

On MMSE he scores a 20 out of 30 which is down. He does have impaired visual/spacial relationships.

EXAMINATION:

Blood pressure 130/62, pulse 68, weight 135 lbs (61.2 kg).

IMPRESSION/PLAN:

Alzheimer's dementia.

I've advised the pt that I would like his driving retested. I am concerned given his score on MMSE that he may not be a good driver. I informed him that I will send a letter to PennDot re the above. Return in 6 mos.

Kathleen A. Schaefer, MD

SUBJECTIVE:

Mr. Saupp comes today in follow up of cognitive dysfunction and some gait dysfunction. He is on Aricept 10 and has added Namenda Dosepak 10 bid. He is tolerating this well and feels he is doing better.

OBJECTIVE:

Blood pressure 130/70, pulse 60, weight 135 lbs (61.2 kg). Weight has fluctuated somewhat. On MMSE his score is up to 22/30. Strength is full in the lower extremities. Gait is mildly on block.

EXHIBIT
"B"

ASSESSMENT & PLAN:

1. Gait dysfunction with query mild parkinsonism. Will follow.
2. Cognitive dysfunction. Continue Namenda and Aricept. Monitor weight. Call if significant weight loss.

Return in 8 weeks.

Progress Notes

SUBJECTIVE:

Mr. Saupp comes today in follow up of cognitive dysfunction. He is taking and tolerating Aricept 10 hs well and his weight has picked up. He doesn't think his memory is any better although no worse. We discussed driving. He hasn't had any difficulty with driving or getting lost. He is able to drive both day and night. The patient feels he is walking better as well without any other clear interventions.

OBJECTIVE:

Blood pressure 136/80, pulse 64, weight 138 lbs (62.6 kg). On mini-mental he scores a 20/30. Vibration is present at the ankles. Ankle jerks are trace. Gait is a little bit steppage but I had not previously noted that and his strength feels full in the tibialis anterior.

ASSESSMENT & PLAN:

1. Gait dysfunction, query mild parkinsonism. Will not change anything at this point or add any Parkinson's meds.
2. Cognitive dysfunction of unclear etiology. Add Namenda Dosepak followed by Namenda 10 bid. Not to be taken with Dextromethorphan.

Return in 8 weeks.

Progress Notes SUBJECTIVE: Frank comes today in f/up of mild Parkinsonism and dementia. He is on Aricept 10 mg. His mini mental has gone up from 21 to 24 out of 30 and he feels it has done him some good. He hasn't had any falls. He has lost 6 lbs since he was here last, but says he is eating well.

EXAMINATION: BP 120/70 | Pulse 64 | Wt 134 lbs (60.782kg)

IMPRESSION/PLAN: Parkinsonism with dementia.
We discussed possibly stopping the Aricept. What he elects to do at this point is continue it and weigh himself weekly. If he continues to lose weight, he will lower the Aricept to 5 mg hs and continue monitor weight. I will see him back in 4 wks and make a decision. If he loses weight, we will try Namenda.

Progress Notes Note dictated
11/16/2005
Kathleen A. Schaefer, MD

SUBJECTIVE:

Mr. Saupp comes today in follow up of mild parkinsonism and chronic unsteadiness. Sinemet wasn't helpful and discontinuing it has made him no worse. His wife notes for the last year gradual onset gradually progressive memory loss primarily with short term memory, difficulty with subtraction. No difficulty otherwise with praxis or naming. No difficulty with disorientation, abnormal visual spacial relations. His driving has been normal.

OBJECTIVE:

Weight 139 lbs (63.1 kg). On mini-mental he scores a 21/30 having difficulty in multiple realms. Spontaneous speech is non-aphasic. There is facial masking, a stooped gait with increased steps per turn. No resting tremor is noted.

ASSESSMENT & PLAN:

1. Parkinsonism, which is likely the etiology of his gait dysfunction, which is mild. No specific therapy at this time but once he acclimates to medication for dementia, will consider the addition of a Dopamine Agonist; such as, Mirapex or Requip.
2. Dementia associated with #1. He may have a dementia associated with

parkinsonism or vascular dementia. He doesn't seem to have a typical Alzheimer's dementia. Check for treatable causes, then if they are unremarkable, begin Aricept 5 hs for a month, then 10 hs. Common side effects discussed including weight loss.

Return in 6 weeks.

CIVIL DIVISION

COMMONWEALTH OF PENNSYLVANIA :

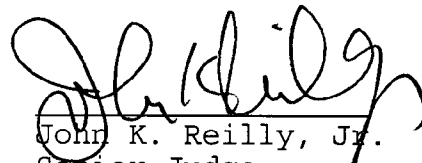

VS. : NO. 06-2077-CD

FRANK T. SAUPP : License Suspension Appeal

O R D E R

NOW, this 30th day of January, 2007, this being the day and date set for hearing into the above-captioned Motion for Supersedeas from License Suspension; the Commonwealth having failed to appear, it is the ORDER of this Court that, upon presentation of medical documentation verifying that the Defendant is competent to operate a motor vehicle, said Motion shall be sustained. Failure to provide such adequate medical documentation within thirty (30) days shall result in said Motion being dismissed and the action of the Department of Transportation affirmed.
