Order to View given John W. Bell Aug 6 1883.

Report of Viewers filed 19th Sept 1883.

To the Honorable the Judges of the Court of Quarter Sessions of Clearfield County

The undersigned Samuel Hegarty Philip Dotts and D W Moore, the Viewers named in this order of Court hereto attached, met at the place named in said order on Tuesday the 28th day of August A.D. 1883, for the purpose of performing the duties of their appointments having previously given at least five days notice of the time and place of such meeting by partly printed and partly written hand bills posted at Convenient public places and having all been duly affirmed, and after Viewing the location and considering the wants of the community and the travelling public, are of the Opinion that the building of a Bridge across the West Branch of the Susquehanna River at or near the place known as John W Bell's Fording being where the public road crosses the said river below John W Bells, in Greenwood township, is necessary for the accommodation of many of the citizens of the said township of Greenwood and the adjoining townships as well as for the travelling public, affording as it will a connection of the Old State road from Curwensville to the Cherry tree with the roads leading from John W Bell's to Chest Creek, and also that leading to Marlow, Ansonville, etc and that the erection of said Bridge would be attended with greater expense than it is reasonable the said township of Greenwood should bear, And the said Viewers are of Opinion that the proper Site for said Bridge is at the Bend of the river (or point of land) a short distance below the site of the Old Saw Mill dam (and being a short distance above, but as near as practicable to the point where the public road Crosses the River the low banks and greater width of the river just at the fording rendering the Erection of a Bridge impracticable). The site of the abutment on the East Side of the river to be between a large Chestnut and a Maple (or Sugar) tree on line of public Road leading to Marrow &c and the other abutment at the high bank on the West Side of the River on the line of the Curwensville and Cherry Tree road designated by marks and Stakes, requiring a Span of One hundred and twenty five (125) or one hundred and thirty (130) feet in length a plot or draft of which is hereto Annexed — Witness our hands this 14th day of September A.D. 1883.

Public Bridge No 2 / Across Susquehanna River at McCrackens Dead Water in Greenwod Twp

Petition filed 16 June 1883 of Jadues Frampton et al representing that a bridge is much wanted over the Susquehanna river at or near McCrackens Dead Water in the ~~Township of Greenwood~~ the fording there being rendered frequently impassable by reason of high water &c that the expense of erecting said bridge would be ~~more~~ too heavy and burthensom upon the inhabitants of said Township Your petitioners therefore pray Your Honors to appoint proper persons to view the premises and to take such order on the Subject as is required and directed by the Act of Assembly in such case made and provided

And now 16 June 1883 Petition read & Considered & Samuel Hagerty Philip Dotts & D.W. Moore to View the river from Bells Dam to McCrackens dead water & Make selection for the best Site for said bridge having respect to the convenience of the public & the permanancy of the Abutments By the Court

Report of Viewers filed 19 Sept 1883.

To the Honorable the Judges of the Court of Quarter Sessions of Cleavfield County –

The Undersigned Samuel Hegarty, Philip Dotts & D.W. Moore the Viewers Named in the order of Court hereto attached meet at the place named on Wednesday the 29th day of August A.D. 1883, for the purpose of performing the duties of their Appointment having previously given at least five days notice of the time and place of meeting by Printed and partly written hand bills posted at Convenient public places, and were all duly affirmed, and after Viewing the location, and Considering the wants of the Community and the travelling Public are of opinion, in View of the fact that the aforesaid Viewers to wit – Samuel Hegarty, Philip Dotts & D.W. Moore in Compliance with an order of Your Honorable body – have chosen as a Site for a Bridge across the West Branch of the Susquehanna River a point a short distance below the Old Saw-Mill dam in the said township of Greenwood, where in their opinion, a Bridge Can be erected across said River at considerably less cost to the County, and which will to a large extent accommodate the same Citizens and be of greater advantage to the travelling public – than would be afforded by a Bridge at any other point between McCrackens Dead Water and John Bells dam, and they therefore respectfully report that a Bridge across said River at or near McCrackens dead Water or at any other point between McCrackens dead Water and John Bells fording is impracticable and unnecessary for the present – Witness our hands this 14th day of Sept AD 1883

"Decree setting aside Report of Viewers" Filed 24 July 1885.

Upon Examination of the Report of the Commissioners appointed in the above Stated Proceedings, we think they are defective in that they do not distinctly and explicitly Report that they have as required by the Order of View inquired into the propriety of granting the Division — This is their first duty the Order requires it and the decision of the Supreme Court enforces it — In Re Harrison Twp, 5 Barr 450, It is not sufficient for them to make return that they are of the opinion that the new township should be erected, How they arrived at that Opinion we do not Know, We might infer that they did make inquiry, but matters such as this may not be decided upon doubtful inferences, In Re Limestone Twp, 1 Jones 271, Under these decisions and for these reasons we are compelled to sustain the exceptions and set the proceedings aside, which is accordingly done

To the Hon- the Judges of the Court of Quarter Sessions of Clearfield County Pa-

We the Subscribers appointed by the Within order of Court to View a Site for the Bridge therein mentioned— Respectfully report— That after good and legal notice of the time and place of meeting for the purpose of performing the duties of our appointment having been given did meet, went upon the premises and after all being severally Sworn or affirmed according to law, Viewed the same and find in our opinion that a Bridge across Chest Creek- where the road leading from five points to New Washington Crosses said Creek in the Township of Chest- is necessary and would be attended with much greater expense than is reasonable that the said Township of Chest Should bear- And we would recommend that a Bridge of Not less than a 90 foot Span be Erected and that the Abutments be built Not less than thirteen feet above low Water Mark— A Plot or draft of the Site of said Bridge Showing what in our opinion is the proper place and position of same is hereto attached—

Burnside Twp

Petition Filed May 28th 1884

To R Patrick et al

Citizens of Burnside Boro. and township respectfully represent, that a road has been long since laid out from the Susquehanna River at Burnside, leading to Indiana a part of which road, from a point beyond the Cemetery in Burnside Boro. to the Indiana County line near McCullough's about (1/2 Miles), your petitioners believe has now become useless, inconvenient and burdensome by reason of the Steepness of the grade of the hills being at three different places about 12 degrees — Your petitioners therefore pray that the said part of road may be Vacated and Supplied by the appointment of proper persons to View and lay out a road from a point on the Main road leading from Burnside to Indiana near H B Darr's to the County line of Clearfield and Indiana Counties near Corner of Porter Wright land, (about 1/2 Mile) which can be so located as to save half the grade, and more than half the distance in Clearfield Co.

Your petitioners would further represent that Citizens of adjoining parts of Indiana are also petitioning their Court to Appoint Viewers to View and locate a road in Indiana Co to connect with the road Your petitioners ask for, at the line of the Counties — that Your petitioners labor under great inconvenience for want of said road and they will ever pray &c.

And now May 28th 1884 the within petition read and Considered and W J. Nugent, James Dobler & Geo Patchin are hereby appointed Viewers to View & Report to Sept Ss. 1884

To the Hon. the Judges within named — We the undersigned appointed by the by the annexed order do report — That in pursuance thereof after having been severally duly Sworn according to law — all the Viewers appointed by said order viewed the ground proposed for the within mentioned Road, and we do agree that there is occasion for a road as desired by the petitioners — and that the same is necessary for a Public road — and having had respect to the Shortest distance and the best Ground for such road — we have laid out in such manner as shall in our opinion do the least injury to private property, and as far as practicable agreeably to the desire of the petitioners, and do return for Public use the following described road to wit — Beginning at a point in the Public road leading from DuBois Borough, to the Turnpike — and Known as the Bottom road — thence East on the line between lands of J J Overdorff et al — 65 perches to a post, thence South on the line between lands of Andrew Smith et al 14½ perches to a pine — thence east, on the line between lands of Saml Soliday et al to high Pine Stubb, thence through improved land of said Samuel Solady S. 34½ E. 26 prs to post, thence S 23½° E. 52 prs to post, thence S 34° E. 10 4/10 to post, thence S. 41½° E. 8 prs to post, thence East on the line between said Saml Soladay et al 40½ perches to post in the public road leading from Du Bois to New Salem, and Known as the hill road — We further report that there are no damages resulting to any one of the owners of the land through which said road passed by reason of the opening of the same, except as to G. J. Woodford — and therefore having taken into Consideration the advantages to be derived to the said G. J. Woodford as well as the disadvantages from the road passing along the line on the North side of his land, we have assessed the damages sustained by the said G J. Woodford at $ 15.00 as hereto annexed — And Also that before the said View public Notice of the time and place of Meeting of the Viewers was given by advertisements put at three of the most public places in the Vicinity and that notice was given to all the owners of lands through which said road passes and we annex a plot or draft of said road laid out, stating the Courses and distances and noticing briefly the improvements through which the same passes

Report of Viewers filed 8 May 1886

To the Hon — the Judges of the Court of Quarter Sessions of the Peace in & for Clearfield Co. Pa — We the undersigned appointed by the annexed order, do Report:- That having given due public notice of the time and place of the meeting of the Viewers by printed hand bills and by personal notice to property owners on the line of the Street to be extended — that having met on the premises in accordance with said notices, after having been Severally Sworn or affirmed, we Viewed the ground proposed for the within mentioned extended Street, and do agree that there is occasion and great necessity for a Street as prayed for by the petitioners, and we do therefore return for public use the following described extension of Gertrude Street in said Borough of Chester Hill, Beginning at a point in Gertrude Street 340 feet from Walton Street in Said Borough and Corner of land of J N Schoonover, thence through said Schoonovers land North 36° and 30 Min West 480 feet to post, thence through lands of said Schoonover 255, Mrs Foster 953 feet and the property of the B.C.&S.W.R.R. 130 feet, also land of C.A. Faulkner and Irwin & Hoffer, North 61° and 15 Min East 1343 feet to the South bank of the Moshannon at a point opposite Prequesile Street of the Borough of Philipsburg, and that we did extend and lay out said Street in accordance therewith. A draft of said Street being hereto attached — We do further Report that we have assessed no damages to the parties through whose land the said extended Street passed as we are of the opinion that the advantages derived from the opening of the said Street will fully compensate the owners of the property for that portion occupied by the Street, nor did we lay contributions upon any of the owners of the property along the line of said Street

Woodward Decatur & Boggs Tp's

Report of Commissioners filed 13 Sept 1886

To the Honorable the Judges of the Court of Quarter Session of Clearfield County Pa—

The undersigned Commissioners appointed by your Honors to inquire into the propriety of erecting a new township out of parts of Boggs, Decatur and Woodward townships in said County as set forth in the annexed Order of Court. Respectfully report, that having given notice of the time and place of their meeting as in such order directed (viz:- by printed Notices posted in the most conspicuous places in the above named townships for twenty days preceding thereto and also by publication in the Clearfield Republican, Copies of said Notice being thereto annexed, they met at the time and place named in said Notice, and having been first severally Sworn or Affirmed to discharge their duties with impartiality and fidelity, they proceeded to inquire into the propriety of granting the prayer of the Petitioners in said Order mentioned, and after having made such inquiries into the propriety of erecting said New township as to them seemed right and proper, it is the opinion of the said Commissioners that the Convenience of the inhabitants of the territory within the lines of said proposed new township would not be promoted to such an extent as to warrant the granting of the prayer of the said petitioners, and they the said Commissioners do further report that they are unanimously of the opinion that the proposed New township should not be erected

Exceptions to Report

After Consideration of the exceptions to this Report we are of the opinion that they are not well taken, We think the testimony shows and indeed it is not denied but that all the viewers appointed were on the Ground, It is true they were not all there at the same time, but at different times, two were there and subsequently One of those two and the one who had not been there, were on the Ground at a subsequent date— We think that this having occurred before the Report was made out and signed— The Report is unanimously against the propriety or Necessity for a new Township. The reasons are set out this much of the Report is Surplusage We Law does not require them to set out their reasons for reporting as they do, but it does not invalidate the Report. We therefore Overrule the exceptions to the Report & Confirm the same and at the same time we desire to say that we are opposed to the Erection of any more new townships by Carving up two or more now formed unless the propriety and Necessity for so doing is made very Clear

Report of Viewers filed as follows: To wit:

To the Honorable the Judges of the Court of Quarter Sessions of Clearfield County Pa.

We the subscribers persons appointed by the Court to View the place proposed for the bridge in the within order mentioned, respectfully report:

That having all been present together, at the place proposed for the bridge within named and having all been first severally affirmed according to law in pursuance of said order, the have viewed the premises aforesaid and are of the opinion that a bridge over the West branch of the Susquehanna River at or near the place where the public highway leading from Central Point in Covington Township to Kylertown in Cooper Township crosses said river is necessary, and that the erection of such a bridge would be attended with more expense than is reasonable the said Townships of Cooper & Covington should bear, We are further of the opinion that a bridge of two spans of One hundred and sixty feet in length each, at an elevation of not less than 20 feet above low water mark, would be the proper kind of bridge to erect. And we also further report to the Court, That after proper examination, We are of the opinion that a Change in the best and route of the road would be all improved and a saving of expense in the erection of the aforesaid bridge as well as adding largely to the safety of the same after its erection and therefore report,

That the route of said road should be changed in the following manner to wit:- Beginning on said road at the approach to the Rolling Stone Fording in Covington Township, thence up along the said river about 300 feet to the point located for said bridge a plot or draft of which is hereto annexed.

Petition for a Bridge across Cleafield Creek

20 Writ

The Townships of Boggs & Lawrence

Petition Filed 4 Oct 1886 of Jacob M Haney et al inhabitants of the townships of Boggs & Lawrence in Cleafield County — Respectfully Showeth that a bridge is much wanted over Cleafield Creek at the place the Old Erie turnpike formerly Crossed said Creek, said pike having long since been taken and made a township road said Cleafield Creek being the line between Boggs and Lawrence townships, and that the expense of erecting such Bridge would be too expensive and burdensome to said two townships or to the inhabitants thereof —

Your petitioners therefor pray your honors to appoint proper persons to View the premises and take such order ow the Subject as is required and directed by law

and they will ever pray —

And now 4 Oct 1886 H. F. Bigler, E. Read & Harry Bridge are appointed Viewers to View the the bridge within petitioned for and to make Report to December Sessions Next —

The Clearfield Bituminous Coal Co and others respectfully representing that the existing line between the said two Townships runs directly through the Village of Gazzam placing part of the Village in one Township and part in another and dividing many of the town lots in the same way thus causing much confusion and inconvenience in assessments for purposes and in questions relating to Schools the proposed line would remove this dificulty and would moreover be an improvement to the Township line in other respects.

Your petitioners therfore pray that the line of division between the Townships of Ferguson and Jordon may be changed so as to Conform to the following description.

Beginning at a point (in the present division line between the said Townships) at the northerly corner of lands of David Michaels adjoining lands of Wm Thurston and Charles Lewis thence North 53 deg East along lands of David Michaels 130 rods to his northerly Corner thence south thence South 37 deg E 25 rods to the westerly Corner of lands of R Johnson thence north 53 deg E 128 rods to the Centre of Little Clearfield Creek to the mouth of McNeels Run to a point in the present division line between said Jordon and Ferguson Twps 42 rods north 52 deg East of northerly Corner of lands of Joseph Thompson

The Location of the proposed line and the lands to be affected by the Change are fully shown in the map accompanying this petition

Now September Sessions 1887 The within report having been presented and no cause being shown to the Contrary the report is hereby Confirmed By the Court David L. Krebs P J

Report of Viewers filed 28 June 1888

To the Honorable David L Reed Judge of the Court of Quarter Ses-sions of Clearfield County - We the undersigned persons Appointed by the within Order of Court to View Vacate & Supply the Road mentioned in the within Order Respectfully Report - that having given due notice of said Road View as required by law and the Rules of the Court and meeting as per Notice on 6 June A D 1888, and all the Viewers being present were first Severally Sworn or affirmed and then proceeded to view the route of the proposed Road, after Carefully looking over the Ground measuring the respective distances of the two routes Comparing the Grades and the Nature of the Soil as to Swamps Etc - and the amount of Woods which the respective routes passes, we find that the present Road is forty three perches Shorter than the proposed over that in but two places the grade of the present Road exceeds the Grade of the proposed one, and that the present Road passes through nearly all Cultivated land a gravelly Soil that could hardly be surpassed as a Road bed while the proposed passes nearly all the way through dense woods and Swampy Ground, and that in Case the proposed Road will be built nearly one half of the present road must be Kept open by the township. Considering these things and the fact that the expenditure of one twentieth part of the Cost of building the pro-posed road would make the grade of the present Road as good as the other we are Unanimously of the opinion that there is no Cause for a Road as proposed in the within order of Court and we therefore report against Vacating the present Road and Laying out an other as prayed for by the petitioners - Witness our hands this Sixth day of June A D 1888

To the Honorable the Judge of the Court of Quarter Sessions of Clearfield Co. Pa.

We the undersigned two of the viewers appointed by the annexed Order of Court to view the road therein mentioned - Respectfully Report that after giving Notice of the time and place of meeting aforesaid we met in pursuance of said Notice and being first Soocally Sworn according to law we viewed the premises within named and are of the opinion that a public Road between the points within named is necessary, we find that a public Road was laid out by Order of Court long since but only a short portion of the Road as laid out was opened and that a good Road was laid out and built by the Clearfield Bit-Coal Co between the points within named, but we are of the opinion that by Opening a "Short Cross Cut" Road of 72 Rods that about one Mile of the proposed Road as laid out will be unnecessary and we have vacated that portion of said Road beginning at a point on the same at the intersection of Bridge & Locust Avenue in the Village of Peale, thence extending along the line of said View the several Courses thereof 301 9/10 Rods to a post at the East Side of Little Moravion Run which said portion of Road is not made & not made & we are of the opinion would be be expensive, burdensome & unnecessary, we have adopted and do now return for public use the Road as laid out by the Clfd Bit Coal Co. - Beginning at the post above mentioned East of the little Moravion Run, being also the terminus of Prospect Avenue in the aforesaid Village of Peale & Extending along said Ave - to Dept St, to Park Avenue, thence S, about 45° E, 72 Rods through land of the Clearfield Bit Coal Co, to Date Street, thence along same & Bridge Ave - to the point on Road laid out by Order of Court & being to wit where we began to Vacate - There being no damages to any land Owners as plot or draft of which is hereto attached - Witness our hands this 5 day of May AD 1888.

To the Honorable the Judge of the Court of Quarter Sessions of Cleanfield Co. Pa.-

We the undersigned two of the viewers named in the annexed order of Court.- Respectfully report: That after giving notice of the time and place of meeting for said view according to law, met- in pursuance of said notice and after each having been affirmed according to law, we have viewed the premises and have made enquiry into the propriety of changing the location of said road, We are of the opinion that under existing circumstances the road as at- present used by the public is necessary and that- a new road as asked for by the petitioners is unnecessary.

The present- road between the points mutually named is one and one fourth miles in length and at- points thereon the grade is very heavy, but- the new or proposed route would be two miles in length and would cost- about- Twenty four hundred dollars, which amt. would be a great burden to the tax payers that the present- road with its steep grades now is, and if one fourth of the cost of a new road, were carefully expended upon the present- road it- will be made more satisfactory to the public than the new one if built- and be adequate for many years to come.-

To the Honorable the Judges of the Court of Quarter Sessions of Clearfield County Pa -

We the undersigned viewers appointed by the annexed order of Court to view and vacate the road therein named, respectfully report:- That in pursuance of the annexed order of Court and after having given good and sufficient notice of the time and place of meeting for said view, we met at the time and place appointed and all being present and each being severally sworn or affirmed according to law, we proceeded to view the premises within named. We are of the opinion that there is a necessity for a road between the barn of R. J. Conklin and a point on the public road leading from the residence of Mrs. Mullen and extending into the District line between Nabi Lands, but the present road from the barn of R. J. Conklin to the residence of F. S. Watson is in places so steep that it is unsafe, the grade reaching an angle of 9¼° from a horizontal at the different points: On the proposed route for the new road the best grade that could be obtained is 6° unless by changing its alignment; which would do great injury to private property. We do not therefore return any road, but recommend that an improvement be made in the grades of the present road which we are of the opinion can be done with less expense than the opening of an entire new road would put upon the township.

To the Honorable the Judges within named:-

We the undersigned appointed by the annexed order do report: That in pursuance thereof after having been severally sworn according to law, all the viewers appointed by said order being present, viewed the ground proposed for the within mentioned road, do agree that-there is occasion for a road as desired by the petitioners and that the same is necessary for a public road. And having regard to the shortest distance and best ground for said road, we have laid out in such manner as shall, in our opinion, do the least injury to private property, and as far as practicable agreeably to the desire of the petitioners and do return for public use the following described road, to wit:- Beginning at a White oak stump in the line between Jefferson and Clearfield counties at the intersection of a public road leading from Rathmel in Jefferson Co. Pa. to said county line, thence through land of Wm. St. Prescott S 76½° E. forty per to a Post;- thence S. 84½ E. twenty eight per to a Post;- thence S. 75 E. thirty eight per to a birch stump,- thence N. 74½ E. twenty eight per to a Post;- thence N. 64° E. forty per to a birch stump,- thence N. 77½ E. forty per to a Post;- thence N. 69 E. forty four per to a Sugar;- thence N. 81° E fourteen & 8/10 per to a Hemlock,- thence N. 53° E twenty eight per to a Post;- thence S. 72 E sixteen per to a Post;- thence S. 46° E. eight and 8/10 per to a Chestnut;- thence S. 75 E. forty seven and 8/10 per to a Post in the road leading from Dubois to West Liberty.- We further report that there are no damages arising to Wm. St. Prescott, the owner or reputed owner of the land through which said road passes; that before said view public notice of the time and place of the meeting of the viewers was given by advertisements put up in the vicinity.- And we annex a plot & draft of said road laid out, stating the courses and distances and noting briefly the improvements through which the same passes.

Petition 11th June 1888

The inhabitants of DuBois Borough in said County Respectfully represents. That a bridge is much wanted over Sandy Creek at the place where the public road leading to N.V. Railroad Station cross said Creek in the said Borough aforesaid the bridge at said point now being rotten down and unsafe for travel and also a bridge on said highway across Beaver run in said Borough is much wanted as the Bridge across said run is rotten down and unsafe for travel and that the Expense of Erecting said bridges would be too heavy and burthensome on the inhabitants of said Borough. Your petitioners therefore pray your Honor to appoint proper persons to View the premises and to take such order on the subject as is required and directed by the act of General Assembly in such case made and provided viz: act Approved 16th April AD 1870 PL 1870 p 1204 ——

Report of Viewers filed

To the Honorable D.L. Krebs Pres. Judge of the Court of Quarter Sessions of Clearfield County — We the undersigned viewers appointed by the foregoing order of Court, to view the Site for a bridge across Sandy Lick Creek and a Bridge across Beaver Run, where the Plank Road crosses said Streams in DuBois Borough, do Report — That first having given due and legal notice of the time and place of meeting, we all met and being duly affirmed we viewed the bridges across said Streams and in our opinion two new Bridges are absolutely necessary to vent the Waters flowing through to the Valley of the Sandy Lick Viz:— One to be built across Sandy Lick Creek with a Span of One Hundred feet and to be twenty feet wide with a foot bridge on one side at least six feet wide And one across Beaver Run with a Span Eighty feet long and a drive way twenty feet wide, and a foot Walk on one side at least six feet wide. That in our Opinion the expense of the Construction of said bridges would too great to be borne to the Citizens of DuBois Borough and we think and it is our Judgment that the County should assist them in building the same as exhibited in a draft which we hereto annex — All of which we respectfully Submit In witness whereof we have hereunto set our hands and seals this 1st day August 1888

We the undersigned viewers appointed by the within order of Court to view the bridge within mentioned, respectfully report; That having given due notice of said view as required by law and the Rules of the Court, and having met as per notice on the twenty sixth day of June A.D. 1888, and all the viewers being present; we were first severally sworn or affirmed, and then proceed to view said bridge.

In our opinion it is necessary that there be a substantial bridge erected there, and that the County contribute not more than one hundred dollars toward building the same. - We would recommend that the abutments be built about eight feet higher than the water mark; that the span be twenty feet in the clear; that the bridge be placed in the middle of the street and parallel with its boundaries and that the abutment on the east west the Baptist Church be placed about five feet further into the stream than the old abutment is located. - A plot or draft of said bridge and its surroundings is here annexed showing the course of the stream, location of the road etc. -

Petition filed 10th Sept 1888 of the Inhabitants of the Borough of Curwensville in said County Respectfully represents that there exists a necessity for a bridge across Anderson creek at the place where the public road leading from Curwensville to Pennfield & other points crosses said creek in said Borough. That the Expense of Erecting said bridge would be too heavy and burdensome upon the Inhabitants of said Borough and therefore pray your Honor to appoint proper persons to Veid the premises and to make such order in the case as is required and directed by the act of assembly of 1870 in such case made & provided

And now 10th Sept 1888 the petition presented and read & thereupon Robert Owens C. A. Wood and Harry Byers are appointed Viewers to Veid and report upon the propriety of the County Commissioners making an appropriation under the act of 1870 to and in the Erection of said Bridge at the next term of Court — By the Court

To the Honorable David L Krebs President Judge of Quarter Sessions of Clearfield County Pa — We the Undersigned Viewers appointed by the within Order of Court to View and lay out the Road therein mentioned having filed our Report to May Sessions 1890 and the Report having been Refered back to us for Reconsideration of damages assessed We now Respectfully Report that we gave the parties interested written notice of time and place of Meeting for said Reconsideration & having been first severally Sworn or affirmed we Reconsidered the damage Assessed to James Irvin and G.C. Davis and are of the opinion that the amount of damages Assessed to G.C. Davis Should be Changed from One hundred and fifty dollars to Eighty dollars because in our estimate of damages in our first Report we did not take into Consideration the fact that they had a Road in Constant use up to the time of our first Report for upwards of twenty One Years through the land of G.C. Davis, to the Public Road leading from Kylertown to Philipsburg which Eighty dollars damages assessed is to pay for fencing Road we laid out Witness our hands this 19th May 1890. —

Report of Viewers Filed

To The Honorable. the Judges within named. We the undersigned appointed by the annexed order do report; That in pursuance thereof, after having been sworn duly sworn according to law, viewed the ground proposed for the within mentioned road and we do agree that there is occasion for a road as asked by the petitioners, and that the same is necessary for a public road. And having had respect to the shortest distance and the best ground for such road. We have laid out in such manner as shall, in our opinion, do the least injury to be made property and as far as practicable agreeably to the desire of the petitioners, and do claim for public use the following described road to wit: Beginning at a post in the public road near the crossing of the A V. Railroad east of the shingle shed; Thence S. 82° E through improved lands of J E DuBois, thirty-two (32) pers. to a post, Thence N. 72° E Nineteen and 4/10 (19.4) pers. to a post. Thence N. 65° 30' E. twenty six and 8/10 (26.8) pers to a post in Rockton Road. Thence N 73° 45' E. thirty four and 4/10 (34.4) pers to a post. Report of Viewers Filed

To The Honorable, the Judge of said Common Court. The undersigned, appointed by the annexed order do report, That in pursuance thereof, after having been sworn according to law, we the viewers appointed by said order, viewed the ground proposed for the said public road, and are agreed that the same is necessary for a public road. And having respect to the shortest distance and the best ground for such road, we have laid out the same in such manner as we do in our opinion, do the least injury to private property, and do as far as practicable, agreeably to the desire of the petitioners, and do return for public use the following described road, to wit:- Beginning at a post in the Erie Turnpike, near the tenth (10th) Milestone, thence through unimproved lands of A. M. & P. W. Dracticks, N 5° W. one hundred and five (105) perches to post in land of Alex Melchhuns land, thence through unimproved land of said Alex Melchhuns N 7° 30' W. Thirty four perches to post in public road near Union Township line. We further report that there are no damages resulting to any one through whose lands said road passes, and that we have enquired and ascertained the following described public road to wit:- Beginning at post at intersection of above described road near Union Township line, thence S. 72° W. Thirty two perches to post in Township line; thence S. 66° 30' W. twenty-one and 4/10 perches to post, thence S 74° W forty two and 8/10 perches to post, thence south thirty-three 6/10 perches to post in Erie Turnpike, which by reason of the laying out of the first mentioned road has become useless, and we annex a plat or draft of said road laid out stating the courses and distances, and noticing briefly the improvements through which the same passes and also a description and draft of the road vacated. We the subscribers appointed to view the place proposed for a bridge in the within case mentioned, after being severally sworn or affirmed as the law directs, report, That- in our opinion a bridge over Clearfield Creek, at the place where the public highway from Blairs City to Rose Bud crosses the said Creek, is necessary, and that- the erecting of such a bridge would be attended with more expense than it is reasonable the said Township should bear.-

And we further report that- after examination we are of the opinion that- a change or variation in the bed and route of the road would be an improvement- and saving of expense in the erection of said bridge and therefore report, That- the route of the road be changed in the following manner, Beginning at- a point- on South- Street- opposite property of Daniel Dugan in Blairs City,- thence North 73½° West- three hundred and seven feet- to a point- on Hill Street- in Rose Bud, the distance across said Creek being one hundred and seven feet; and the height of the abutments on the West- side of said Creek being eighteen feet- from low water mark.- We annex a draft-.

To the Hon the Judge of Quarter Sessions of Clearfield County

We the undersigned persons appointed by the within order of Court to examine and report upon the propriety of Widening the bridge across Bear Run in Bell township — respectfully report, — That having all been present at said Bridge and having first been duly qualified according to law have examined said bridge and are of the opinion that the inconveniences heretofore experienced will be materially lessened in the future from the Continuation of Rail Road up the River decreasing the hauling of heavy freight over said Bridge — But we find that one of the Abutments of the Bridge is so much injured by the high Water that it is at present supported by timber props and Must be repaired for the public Safety,

Under a View of the present heavy indebtedness of the County we beg leave to respectfully recommend that the County be at the Expense of Repairing said abutment, and Report that in our Opinion under all the Circumstances the Widening of said Bridge is not a necessity at the present time —

At Bridgeport

Clk Bloom By Co $3,000

Petition filed 4 Feby 1890 of F.S. Bloom Val Citizens of Pike Township Clearfield Co. Pa, Respectfully Represents. That the township of Pike has recently been put to the expenditure of a large sum of money for the erection of a Bridge at Bridgeport in Said township — That the erection of this Bridge was in pursuance of Certain proceedings legally had in your Court whereby an Appropriation from the County was recommended

That owning to the extraordinary expenditures necessarily made by the County in 1889. the Officials of Pike Twp. asked for only the Sum of $1000.00 at that time under an arrangement with the County Comrs. by which they might present their application at this time for an additional Sum

That the Sum of $1000.00 was appropriated by the County and applied to the Erection the Bridge, the total Cost of erecting and fitting for travel of Said bridge being $3000.00

They therefore pray that Such additional appropriation be now made as your Honorable Court Shall deem just and proper—

To the Hon—Judge of the Court of Quarter Sessions in & for Clearfield County

We the undersigned inspectors appointed by the Court to examine and report upon the New Bridges lately erected for Clearfield County & having been duly Sworn or Affirmed, Respectfully Report that. First the Leonard Bridge across Clearfield Creek has been erected by the Pittsburgh Bridge Co, in accordance with the Contract and Specifications approved by Samuel Brugger County Engineer— Second, That the Litz Bridge across Clearfield Creek has been Constructed by the Berlin Bridge Co, in accordance with the Contract and Specifications Approved by Engineer Brugger, and we desire to say in reference to this Bridge that the iron work is in many instances heavier than required by the Specifications. Third. That the Superstructure of the Madera Bridge across Clearfield Creek, has been erected in accordance with the Contract and Specifications Approved by Mr. Brugger, by the Berlin Bridge Co. but the Stone work in this Bridge is in Some respects defective— They also observed that a substantial Side Walk has been added to this Bridge, but it does not appear to be part of the Contract as it is not mentioned therein— Fourth, That the Blain City Bridge, across Clearfield Creek, has been Constructed by the Pittsburgh Bridge Co, in accordance with the Contract and Specifications Approved by County Engineer Brugger and we desire to commend the appearance of the Masonry of this Bridge. Witness our hands this 16. day of December A.D. 1889.

To the Honorable the Court within named, we the undersigned appointed to view the road herein mentioned, Report that in pursuance of said order having been Severally Sworn as herein directed, We have viewed the Old road and in our opinion the Same Should be Vacated as it is so situated as to be useless a part of the year by reason of its being near the head of the Water in Clearfield Creek, which Causes it to be overflowed and frequently Covered with ice, logs and timber. After Viewing the different practicable routes we are unanimously of the opinion that Course as laid down upon the accompanying draft will afford the best road between the points named and the one most easily Kept in repair as well as the most Convenient We have assessed damages to property Owners as by the previous page which Sums include the moving of all Stables, fences, and outbuildings of whatever character, We therefore recommend the Supplying of a road as indicated

To the Honorable Judge of the Court of Quarter Sessions of Clearfield Co. Pa.

The Undersigned petitioners would respectfully represent. That a certain road has been laid out and ordered to be opened for public use to lead from a point near the mouth of Rattling Run in New Bury Borough to a point on the Public Road leading from New Bury to Mahaffeys near to Wm S. Mahaffeys in Chest and Bell Townships. That said Road was Confirmed Absolute Feby Sess. 1891 and an opening order was issued on the day of 18 That said Road has not yet been opened either in whole or in part that your petitioners are a majority of the persons originally petitioning for said resident within Clearfield County; that your petitioners now pray for the Vacation of said road. for the following reasons.

First. The Construction and building of said road would be too expensive and burdensome upon the taxpayers of Bell and Chest Townships. and would not be any special advantage to said taxpayers or the traveling public.

2d The part of the Township through which said road passes is not settled to any extent and it is not likely to be so the Country is swampy and rough

3d The road now to be Vacated runs almost parallel with the Public road already in use from Snyder Run to La Jose and the new road is unnecessary for the accommodation of the Public

Public Bridge

No. 12 in

Sandy Township

Petition filed 10 Sept 1890

E. F. Hand, et al

Citizens of Sandy township in Clearfield County, respectfully represents — That the Bridge across Falls Creek at Falls Creek Station on the road leading from DuBois to Beech Woods is old and out of repair and must be rebuilt. That the same is a large and expensive Structure and too costly for the township to build

Your petitioners therefore pray your Honor to appoint proper persons to view the premises and make report of the facts that such proceedings may be had as provided by law for the County to build said Bridge or assist in so doing — And they will ever pray &c —

And now 10 Sept 1890, Thomas M Moore, Johnson Hamilton and Joseph P Taylor, appointed to View and Report as to the necessity for said Bridge and whether or not it should be made a County Bridge or the location be aided by the County and Report &c

By the Court D L Krebs P J

Order to View Given A K Cole 11 Oct 1890

Report filed 30 Oct. 1890,

To the Honorable Judge of the Court of Quarter Sessions of Clearfield County.

We the undersigned viewers appointed by the foregoing rule of Court for the purpose therein set forth, do Report:- That after having given due notice of the time and place of meeting, we all met and having been duly sworn and affirmed according to law we have examined the location of said bridge which crosses Falls Creek near the A.D. Rail Road and find that it is in a very unsafe condition and must be immediately rebuilt and that it is on a well traveled public road leading from DuBois to the Beechwoods and Reynoldsville. And further that we are of the opinion that the expense of rebuilding said Bridge would be greater than said Township of Sandy could reasonably bear and would recommend that said Township should build the necessary abutments and approaches for the same and that the County furnish the Iron & make an appropriation equivalent thereto. The length of span required would be 80 or 90 feet. — All of which we respectfully submit. —

In Witness Whereof we have hereunto set our hands this 21 day of October 1890

Viewers. — J. W. Moore

J. P. Taylor

In the matter of the appropriation for a bridge across Falls Creek in Sandy Township. —

To the Hon. D. L. Krebs President Judge of the Quarter Sessions of Clearfield County.

The Grand Jury after having heard and investigated the above application do concur with the viewers and heartily recommend that the County of Clearfield build said bridge and put on the usual superstructure for said bridge. Dec 3 1890

Jesse L. Hall, Foreman

And now 4 Dec 1890 I concur in the report of the viewers and the Report of the Grand Jury that the bridge is necessary and that it is for the interest of Sandy to build above. —

Report of Viewers filed 9 April 1891.

To the Hon- the Court of Clearfield County State of Penna-

In accordance with the direction of the Court We the Undersigned the Viewers Appointed to View, Vacate and Supply the Road herein described did on this 14th day of February AD. 1891, Meet and View the Said Road and premises and we hereby Report as follows- to Wit- We find upon Examination of the Ground and upon enquiry of Reliable persons that the Road to be Viewed is of little travelled for the reason that there is but one House along the same, and that it is so Situated throughout its entire Course as to be Kept in proper Condition only at greater Expense than we think justified by the travel now upon or likely to be upon it. We further find that the Northern End of the Road is in Close proximity to the Railroad and to Construct a new Road at a less Exposed place would be fraught with much Expense to the tax payers of the Township without any proper return- It is therefore the Opinion of the Viewers and we recommend to the Court the Vacation of a part of the Road between Madera and Janesville, beginning at or near the barn of Wm Dickinson and Extending to a point where said Road Crosses the line of Bigler and Gulich townships, and we further recommend that the Road to be Supplied be along Big Muddy Run to some point near the Crossing of said Run by the Janesville and Glen Hope turnpike as shall be decided by the Viewers upon the petition for said Road, which petition we are informed will be presented to the Court at its next Session

Witness our hands and Seals this 14th February AD 1891.

Petition filed 7th April 1891, of Inhabitants of Beccaria and Bigler Townships, Respectfully represent; That a road hath been laid out by order of Court from Smoke Run station in Bigler Township to a point at or near the forks of the Big & Little Muddy runs in Beccaria Township on road leading from W.R. Dickinson to Hegarty's Cross Roads (as surveyed by the County) which road will be very injurious to your petitioners and on account of having three bridges on it and passing through low and swampy ground it will be not only inconvenient and burthensome, but will be impassable and positively dangerous during the usual high waters in the Spring and fall; That besides the three bridges in said road as laid out, it will cross the Railroad three, when it is not necessary to cross any railroad to reach the points named in the original petition.- Your petitioners therefore pray your Honors to appoint proper persons to review the said road and part adjacent and make report re.-

Petition filed 21st May 1891 of Inhabitants of Chest Township Clearfield County Pennsa Respectfully Represents. That the wooden Bridge which Spans Chest Creek where the public road Crosses said stream at the Village of Westover in said Township is worn out and has been ustfo for travel to go upon and that the Erection of a new Bridge at the Point will require more Expense than it is reasonable the said township of Chest should bear and would be burdensome to the Citizens of said Township. Your Petitioners therefore pray the Court to appoint three disinterested persons to View said Bridge and inquire whether a new Bridge is needed at said point and whether the Costs of same would be too Expensive for said township of Chest to bear and report their proceedings to the next Term of Court and they will Ever pray &c

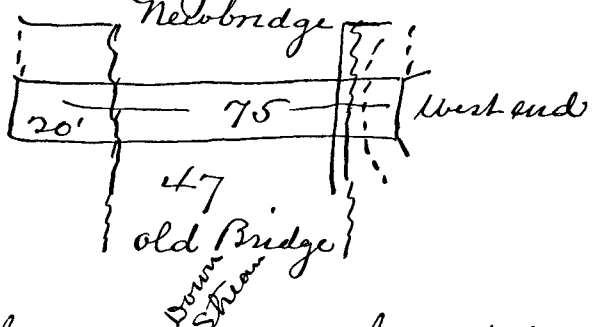
Report of Viewers filed 16 June 1891

To the Honorable Judge of the Court of Quarter Sessions of Clearfield County We the undersigned Viewers Appointed by the within order of Court to view the Site for a public bridge across Chest Creek in the township of Chest and the Village of Westover - Respectfully Report that having given Notice of the time and place of Meeting according to the Act of Assembly and being all present at the View of the Site proposed, and being all Sworn or affirmed in pursuance of said Order of Court that we have performed the duties of our Appointment, and find that in our opinion a public bridge is Necessary at that point the bridge in place at present being very unsafe, causing danger to life and Property, We also consider that it will require a Single Span of about Seventy five Feet (75 Feet) and a floor line two feet above that of the present bridge, which is 47 feet between abutments and Also Advise that the position of a new bridge should be according to the following Sketch



And further we are of the opinion that the Expense of Erecting said bridge will be too great for the said township of Chest to bear

Petition filed 7 Dec 1891.

The petition of the undersigned respectfully represents that a public township road to No. 6 Sept Sess, 1890, was viewed laid out and confirmed Ni Si. Beginning at a point on the public road in Woodward township which said road crosses the Opening of Eureka No. 3, Colliery, to a point in public road in Gulich township at the house of E. Stanley, that the said road as said will be of little or no benefit to the travelling public that the location is over swampy or bet Ground and runs dangerously near the Rail road, that the same is laid out under and across the trestling of Eureka No 3, Colliery and that the trestling is so low that it will be impossible for a team with top load to pass underneath the said trestle and that it would only be an accommodation to those persons living along the direct line of the road, that a much better road can be laid out on higher ground and built away from the line of the Rail road and more cheaply constructed—

Your petitioners therefore pray your Honorable Court to appoint viewers to view and lay out a road between the aforesaid points, And they will ever pray.

We the undersigned viewers appointed by the within order of Court to view and Vacate the road therein mentioned respectfully report having given notice of the time and place of meeting according to the act of Assembly and being all present at the view of said laid out road, and being all sworn or affirmed in pursuance of the said order of Court.
We have viewed the ground as formerly laid out and we find it to be very unsuitable. the ground upon which it is laid being very swampy a great deal of it, and very expensive to make it being necessary to build at least five Bridges across Snyder Run, beside a number of Smaller Bridges. there is also a long hill on said road that is very steep, and we are of opinion that the said road is not necessary for public use, and we declare it vacant. as follows, to wit; Beginning at a rock by the Public Road leading from Newburg to Mahaffey. Seven and six tenth perches East from where said Road crosses Rathing Run in the Boro of Newburg. Thence through lands of Rachel Hurd North 42½° East 10 perches to a post. To the Honorable the Judges of the Court of Quarter Sessions of Clearfield County Pa

The petition of the Undersigned respectfully represent that a road has lately been laid out from a point on a public road running to Munson Station at or near Winburne or Merrett & Cos. Mill and intersect public road leading from Kylertown to Philipsburg on line of land of James Irvin and Faulds & Co.

That said road as laid out is not properly located as intended by the petitioners and to open the same would incurr a useless expense on the tax payers of the township and would not accommodate the persons living in said Vicinity. Your petitioners further represent that said road has not yet been opened and that they are a Majority of the Signers to the original petition for said road, They therefore pray the Court that the said road be Vacated Agreeably to the act of the General Assembly in Such Case Made and provided - And they will ever pray &c

We the undersigned Viewers, appointed by the within Order of Court, to view the site for a Bridge across Moshannon Creek, in Morris Twp. as therein mentioned, Respectfully report,

That having given notice of the time and place of meeting, according to the Act of Assembly, and being all present; at the view of the site proposed for the said Bridge, and being all sworn (or affirmed, in pursuance of the said Order of Court, We have viewed the said site, and find that in our opinion, a bridge at that point is absolutely necessary for public use, and we are of opinion that the expense of erecting said Bridge will be too great for the Township of Morris to bear, or even one half of said expense; and we therefore recommend that the County be at the expense of building one abutment and one half the expense of putting on the Bridge, said Moshannon Creek being the line between the Counties of Clearfield and Centre. said Bridge we are of opinion should be eighty (80) feet in length, and Twelve feet high from low water mark.

We the Grand Jury recommend that in case that Morris Township put in Abutments and fill in the same that the County Commissioners do put up the Iron structure of said Bridge at Troy near Philipsburg in Morris Township, providing that Centre County puts up and builds half of this Bridge over Moshannon Creek.

In Re Division of the Township of Decatur

No. 2.

Petition filed 4th April 1892 of inhabitants of the Township of Decatur Setting forth that-the said Township by reason of its size, being about nine miles by five miles in extent; is inconvenient-to the inhabitants thereof; that-there is in said Township at the present-time about seven hundred electors; that-said Township is so large that-the Tax Collector of said Township is unable to collect-his Tax in the space of a year; that-said Township is so large that-the Supervisors of said Township cannot make and repair roads of said Township at-the time of the year when they should be repaired; that-said Township is so large that-it-is inconvenient-for the voters of the same; that-the convenience of said inhabitants would be greatly promoted by dividing the same into two Townships by a line running from the mouth of Big Run in said Township and bounding line dividing Bloomfield from Centre County and running to a point at-or near S.H. Woolheaters on Township line dividing Decatur Township from Boggs Township.

And now 4th. April 1892 Harry Byers, Samuel D Bruce and W. J. Hoffer three impartial men are appointed Commissioners to inquire into the propriety of granting the division of the Township of Decatur according to the line of division prayed for, and report-to next-term 1892

By the Court-

DSK. P.J.

Order issued to S.V. Wilson 5 April 1892

Report of Commissioners filed 4th. May A.D. 1892

And Now 6th June 1892 It appearing that the Commissioners appointed to inquire into the Expediency of granting the prayer of petition by dividing the Township of Decatur by a line Commencing at the mouth of Big Run and running to Jacob Gearharts near S.H. Woolheaters have filed their report favorable to the division of said Township by the division line prayed for-in said petition. Commencing at the mouth of Big Run thence up said Run by its Meanderings to line of land of Andrew Kalander: thence South 86 degrees 29 perches to a post thence North 3¾ degrees East 45 perches to a post. thence North 86¼ degrees West 136 perches to a post: thence North 3 degrees East 103 perches to a black Oak: thence North 85-¾ degrees West 117 perches to a post: thence North 4½ degrees East 786 perches to a post and land of Jacob Gearhart near S.H. Woolheaters. It is ordered and decreed that a Vote shall be taken by the qualified Voters of said Township on the question of the division of said Township of Decatur by the division line aforesaid. And it is further ordered and decreed that the Election Officers of said Township of Decatur shall hold an Election for-that purpose at the place fixed by law for holding Township Elections in said Township of Decatur on the Sixteenth "16" day of July between the hours of 7 o'clock AM & 7 o'clock PM next. And said Election shall be governed in the holding of the same by the general laws of this Commonwealth relating to Township Elections. It is further ordered and decreed that the Constables of said Township of Decatur shall give at least fifteen days notice of the time and place of holding of said Election as aforesaid by posting not-less than six Written or Printed Hand bills in the most public places in said Township of Decatur The ballots to be deposited by the qualified Electors of Decatur Township shall have Written or printed on the Outside thereof the Word "division" and on the inside the Words "for-division" or "against division". It is further ordered and decreed that the Officers of said Election after the polls shall have been closed agreeably to law to all count the ballots & certify within five days thereafter the number of Votes for-or against said division to the Clerk of the Court of Quarter Sessions of Clinton who shall file the same in his Office and lay the same before the Court of Quarter Sessions at the next Session thereafter

We the undersigned viewers do respectfully report:- That on the 29th day of August A.D. 1892 at 9 oclock A.M. which being the time appointed for said view, did meet on the ground at the above described place, and after all having been duly affirmed according to law, proceeded to fulfill the duties named in said order, and do respectfully report, that in our opinion a bridge at said point is absolutely necessary, and that the present Wooden Bridge is both unfit and unsafe for use at this point and also do consider that the Cost of erection of a bridge such as would be suitable at this place would be burdensome upon the inhabitants of said Township of Cooper. This Bridge as it would cross the line dividing Clearfield County from Centre County, should be built at the expense of said Counties. We also consider that a span of about one hundred feet, and the floor of the bridge set at a height of from 16 to 18 feet above low water mark will be necessary, and that the site for its erection should be about 200 feet below the present wooden Structure. We the undersigned viewers appointed by the within order of Court to view and report on the ~~road~~ bridge therein mentioned, respectfully report: That we gave good and lawful notice of said bridge view and meet all present at view and having been severally sworn or affirmed we have viewed grounds for the proposed bridge and are of opinion that it is necessary for public use and that the erection thereof would be attended with greater expense than it is reasonable the two townships should bear, and we therefore recommend that the County build the super-structure, (the respective townships building the abutments).

We further recommend that the bridge be placed below present structure as shown on plan and township road be made to lead to it, as it would then be avoiding two turns in road. That it be sixty five foot span in the clear, one foot higher than the present structure is at West end and that it be sixteen foot roadway.
