To the Honorable Judges of the Court of
 Common Pleas in Clarfild County Pennsylvania
 we your humble petitioner, citizens of Chest Town-
 ship set forth in the interests of the public the
 necessity of a review and a just of the Road being
 granted by your honors from Reading to a point
 on the Turnpike between Cornwall and Simsbury
 that part from the Bridge across Wilson Run on
 the Township Road near Reading to a point on
 the Road near at B. Barnett that we would be
 benefited by the proper location of said Road
 from the following considerations it would it
 unite the necessity of another Road to accommodate
 citizens in the vicinity the construction of
 the Road we believe would be at less cost and
 while the distance would be no greater it would
 be favored with the least rise being on the
 South side of the hill and no part subject to
 confusion of the water which is the case where it has
 been located by the review for these and other im-
 portant considerations we hereby pray your
 Honors to grant the above mentioned Review
