1854 was made, does not appear on file in the proper  
 office and cannot now be found. That it would now  
 appear that a part of said original report or view  
 was not opened, but was actually supplied by  
 an other road, whereupon a regular view had  
 only being opened by the Supervisors, without need  
 more perhaps, cannot say, but your petition  
 is, to aver that obstructing that part not  
 opened, so originally view would be exceedingly  
 burdensome unless, and yet, expensive, to  
 your petitioners, the payers of said township and  
 not at all needed for the accommodation of  
 the travelling public in or out of the township.  
 Your petitioners therefore pray that the order to  
 open said part of said original report, be stayed and  
 adjourned, and each further order made as justice  
 in this behalf may require, your petitioners pray  
 that you will be so good as to grant the same.  
 Resolved, that the same be granted.
