

	<p style="text-align: center;"><b>CLEARFIELD COUNTY EMERGENCY MANAGEMENT / 9-1-1</b> Standard Operating Procedures</p>	Initial:  Revised: 5/2006
	SOP #: Fire 7-19	
	Subject: Fire Service Unit Status	

## **FIRE SERVICE UNIT STATUS**

Service (coverage) areas are defined as areas that are covered by fire companies as designated by the governing municipality requirements. The Communications Center will consider a unit available for a call when the unit status is given as available or when they notify the Communications Center that they are "available in their service area" when returning from a fire call. Fire companies should not notify the Communications Center that they are "available" until they are actually in their service area and prepared to handle a fire call when returning from a previous call.
