	SOP #: Fire 7 26b	
	Subject: Fire Police Radio Procedures	

### **Clearfield County Fire Police Radio Traffic Policy**

Fire Police - Fire Police officers shall not respond on fire dispatch, unless the call is specifically for fire police. (Ex. Traffic control or an on scene request from the OIC) Fire Company vehicles designated for fire police transport will be treated as units. They will respond on Fire Dispatch and then switch to the assigned Fire ground Channel. Fire Police Officers can check up on the fire ground to alert the OIC that they are enroute, and receive an assignment, as per company policy. There is no need for every fire police to radio responding or radio on scene at incidents. This will be the responsibility of the Fire Police OIC.
